Geneva Accord And Other Strategies For Healing The Israelipalestinian Conflict:

The Geneva Accord Michael Lerner, 2004 The Geneva Accord Establishes the Basis for a Fair Legal ethical and militarily secure agreement between two semicontiguous states Israel and Palestine each acknowledging the other s history and cultural narratives and respecting the rights of minority populations It defines Palestine as consisting of most of the West Bank and Gaza joined by a corridor with its security guaranteed not by its own army but chiefly a multinational force The Accord also provides a final status for both Jewish settlers and Palestinian refugees compensating each individual or state for losses of territory Part of the compensation from Israel will take into account the value of Israeli settlements transferred to the State of Palestine This document developed by representatives of the Israeli and Palestinian peoples and incorporating the key elements and points of agreement from the Oslo Accords and Camp David Summit is the only present legitimate instrument seeking a resolution to the dispute between Israel and Palestine Better than a road map without a destination it is inevitable outcome more or less of all reasonable negotiation Book jacket

The Encyclopedia of the Arab-Israeli Conflict Spencer C. Tucker, Priscilla Roberts, 2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military political social cultural and religious origins of the Arab Israeli conflict The Encyclopedia of the Arab Israeli Conflict A Political Social and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab Israeli relationship from biblical times to the present with an emphasis on the era beginning with World War I The Encyclopedia of the Arab Israeli Conflict goes beyond simply recapping military engagements In four volumes with more than 750 alphabetically organized entries plus a separate documents volume it provides a wide ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews exploring all aspects of the conflict The objective analysis will help readers understand the dramatic events that have impacted the entire world from the founding of modern Israel to the building of the Suez Canal from the Six Day War to the Camp David Accords from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat the 2006 Palestinian elections and the Israeli Hezbollah War in Lebanon

Middle East Conflicts from Ancient Egypt to the 21st Century Spencer C. Tucker, 2019-08-27 With more than 1 100 cross referenced entries covering every aspect of conflict in the Middle East this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world This authoritative and comprehensive encyclopedia covers all the key wars insurgencies and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty first century It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present In addition to the hundreds of entries on major conflicts military engagements and diplomatic developments the book also features entries on key military political and religious leaders Essays on the major empires and nations of the region are included as are overview essays on the major periods under consideration The book additionally covers such non military

subjects as diplomacy national and international politics religion and sectarian conflict cultural phenomena genocide international peacekeeping missions social movements and the rise to prominence of international terrorism The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco Persian Wars the Crusades and the Arab Israeli Wars **Resolving the Israeli-Palestinian Conflict** Moises F. Salinas,Hazza Abu Rabia,2009 Collection of papers and keynote presentations that were delivered at a conference called Pathways to Peace which was held in March of 2008 Conflicted are the Peacemakers Eric N. Budd,2012-12-20 The 1993 Oslo Accords were a key attempt to resolve the Palestinian Israeli conflict whose failure was largely attributed to extremists on both sides The book challenges this conventional wisdom by examining the role of Israeli and Palestinian peacemakers themselves in derailing the peace process Looking at the role of moderates before and after Oslo the different agreements and peace proposals they negotiated and their rhetoric the book shows that these peacemakers retained an inherent ambivalence toward the peace process and one another This prevented them and their constituents from committing to the process and achieving a lasting peace This unique survey shows how the people who drive the peace process can not only undermine it but also prevent its successful conclusion By dealing with such an important aspect of negotiation the book will foster a better understanding of the role of moderates and why peace processes may falter It will fill a gap in the literature and be a valuable research tool for anyone studying conflict processes the Arab Israeli conflict and Middle East politics

Conflict in the Holy Land Robert C. DiPrizio,2020-02-07 With more than 250 cross referenced entries covering every aspect of conflict in the Holy Land this illuminating book will help students understand the volatile history of Palestine and Israel and its impact on the rest of the world Palestine is considered a sacred land by Christians Jews and Muslims This has contributed to the violence that has ravaged the Holy Land throughout its long history This A Z reference work which defines the Holy Land as historic Palestine the combined territories of Israel the West Bank and the Gaza Strip covers such ancient conflicts as Egypt s rule over Canaan the reign of King David and the Jewish Revolts against the Roman Empire In addition the title includes detailed entries on medieval conflicts such as the Crusades and contemporary conflicts such as the Arab Israeli wars The introduction provides readers with the necessary context to understand the region s bloody history and a comprehensive chronology that will help students construct a more complete picture of conflict in the Holy Land Then come hundreds of key entries on the events individuals groups places and ideologies that have played an important role The title concludes with an expansive bibliography that will aid students looking to do more research on the topic and a thorough index **Israeli Statecraft** Yehezkel Dror,2011-05-10 This book offers a systematic examination analysis and evaluation of Israeli national security statecraft in terms of challenges and responses Providing an in depth analysis of Israeli statecraft challenges and responses this interdisciplinary book integrates social science and security studies with public policy approaches within a long term historical perspective on the Arab Israeli conflict These scholarly approaches are synthesized

with extensive personal knowledge of the author based on involvement in Israeli political security policy making This book makes use of conceptualizations of statecraft such as fuzzy gambling and interventions with critical mass in ultra dynamic historical processes to help clarify Israel s main statecraft successes and failures alongside the wider theoretical apparatuses these concepts represent While focused on Israel these theoretical frameworks have important implications for the academic study of statecraft and statecraft praxis worldwide This book will be of much interest to both statecraft practitioners and to students of Israeli politics and security the Middle Eastern conflict strategic studies and IR security studies in general

Christians and a Land Called Holy Charles P. Lutz, Robert Ora Smith, Fair minded and sympathetic to Jewish Muslim and Christian concerns Lutz and Smith provide a clear account of the Israeli Palestinian situation and a compelling plea for Christian involvement in the area Carefully sorting out the tangled historical and religious roots of the problems they reveal the strong forces at work in the conflict and lay out the driving biblical notions of election and covenant the historical causes of the bitter and divisive clashes of the last 50 years the complex demographic and political issues today how Palestinians particularly Christians have been affected by the turmoil and how finally Christians must engage the future of justice and peace Includes maps and twelve black and white photos

Conflict Management and Resolution Ho-Won Jeong, 2009-12-04 Conflict Management and Resolution provides students with an overview of the main theories of conflict management and conflict resolution and will equip them to respond to the complex phenomena of international conflict The book covers these four key concepts in detail negotiation mediation facilitation reconciliation It examines how to prevent manage and eventually resolve various types of conflict that originate from inter state and inter group competition and expands the existing scope of conflict management and resolution theories by examining emerging theories on the identity power and structural dimensions of adversarial relationships The volume is designed to enhance our understanding of effective response strategies to conflict in multiple social settings as well as violent struggles and utilizes numerous case studies both past and current These include the Iranian and North Korean nuclear weapons programmes the war in Lebanon the Arab Israeli conflict civil wars in Africa and ethnic conflicts in Europe and Asia This book will be essential reading for all students of conflict management and resolution mediation peacekeeping peace and conflict studies and International Relations in general Ho Won Jeong is Professor of Conflict Analysis and Resolution George Mason University USA He has published nine books in the field of international relations peace and conflict studies He is also a senior editor of the International Journal of Peace Studies

Fratricide in the Holy Land Avner Falk, 2005-02-17 This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of

peace and prosperity rather than perennial bloodshed and misery Falk suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict He examines large group psychology nationalism group narcissism psychogeography the Arab and Israeli minds and suicidal terrorism and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat two key players in this tragic conflict today Science Sold Out Rebecca Culshaw,2007 A former HIV researcher tells the story of her disillusionment with the HIV AIDS hypothesis and exposes not only its numerous flaws but also problems with the scientific research establishment that enabled this hypothesis to take such a strong hypnotic hold on the world at large Provided by publisher **What Does Al Qaeda Want?**,2004-11-23 In the aftermath of the September 11th attacks al Qaeda has become the most infamous terrorist organization in history While their actions are deplorable it remains a populist and idealist movement and one that continues to spread Despite heavy media coverage most people are unaware of the group s ultimate goals Sampling from actual al Qaeda texts this is al Qaeda in its own words rather than another interpretation which often emphasizes the inflammatory religious rhetoric offered by the Bush administration and other factions of the Western world Introductions and commentary provide the historical context necessary to understand fully the interconnection between the religious social and political issues that led to the emergence of Osama bin Laden and his jihad against the West These primary sources enable readers to discern the fundamental convictions underlying the group s demands and help answer the question What does al Qaeda want Abu Ghraib ,2004-11-23 Abu Ghraib unveiled a lengthy list of disastrous actions and cover ups by the Bush administration and the American military Abu Ghraib examines the problem from many different perspectives gathering together timely essays on the prison scandal from prominent progressive writers Barbara Ehrenreich looks at the story through the lens of feminism noting that the most infamous photos involve female soldiers John Gray argues that Iraq is worse than Vietnam Looking to future ramifications Meron Benvenisti reflects on the powerless rage of an occupied culture David Matlin deconstructs President Bush s declaration that the Abu Ghraib images do not represent America Giving voice to those directly impacted Mark Danner reports on the anger and humiliation experienced by the victims and their families This book provides a broader understanding of the issue and its repercussions *Sociology and Empire* George Steinmetz,2013-06-19 The contributors to this comprehensive anthology critique sociology s disciplinary engagement with colonialism in varied settings while also highlighting the field s significant contributions to the theory and history of imperialism **Empire 2.0** Régis Debray,2004 Written by fictional character Xavier de C as a plea to an American president Empire 2 0 is a scorching satire of totalitarianism In it the hero a Frenchman renounces his citizenship to become an American This breezy book argues that resistance to America s overwhelming power is futile and that to survive Europe must allow itself to be annexed by the U S Debray s insights into the growing European resentment of American unilateralism could not be more timely *Tikkun* ,2005 **American Book Publishing Record** ,2003 *Bibliographie Mensuelle* United Nations Library (Geneva,

Switzerland),2005
