**King** Les Jensen,2015-06-30 Before you were born your soul had a vision of what your life could be To honor that vision can bring a deep sense of satisfaction and fulfillment into your life producing feelings of joy happiness and gratitude To engage that vision of your life and trust yourself is to turn on the creative expression of your own potential When you walk authentically as yourself all possibilities come within your reach The vision of your dreams comes into focus You may not know every detail though you trust in the story of your heart and soul as they feed you a vision of what is possible It is intentional creation itself Your own potential has no limits and to create a flow of its expression brings an ever unfolding story of genuine satisfaction and gratitude as you honor your purpose here on Earth To have big dreams and take bold actions creates a most exciting and adventurous life fulfilling the vision of your soul Will you embrace the bold ideas of your

heart and soul and trust that there is a way for them to manifest Can you do this from a place of personal forgiveness and compassion When you master that you start to purify your own heart the source of your authentic power When you put action to your inspiration you give your soul influence in your life Your soul becomes free to express as it intends This is soul level living Your ego's role shifts to fulfilling your inspiration with action It is you acting as a Citizen King The path to living an exceptional life in your own authentic kingdom affords you a genuine sense of fulfillment and joy It is the new age of what personal power looks like It is our human potential fulfilled     Have a New You! Mojalefa Rapao (MJ),2014-10-17 Things can change and you can create your future now Most likely you have tried a few things along the way to become a new you You have tried and failed This time its going to be different You will become a new you But its a little scary right After all being in a rut is sometimes a lot more comfortable To make any change you have to decide you want to make that change and be willing to do the work required to get there Why be less when you can be more You are not your past just as you are not your future If you dwell on the past you tend to rely on past experiences too much to make your decisions Remember you are capable of more than you achieved in the past The moment you change your thoughts you change your world Change is a knowledge thing Just do it What you really want in your life now may have changed dramatically from old goals If you neglect to question yourself about this you can easily end up following old patterns Remember the actions you take in here and now create the many possible futures that can exist for you Choosing to stand still means that in fact you can go backward because the world changes around you And when your world changes even in small ways you eventually get dragged along sometimes kicking and screaming because not everyone embraces change Just recognizing that change is inevitable can be a relief Putting yourself in charge of the changes you experience make the journey a lot more enjoyable Accept the truth about yourself Boost your confidence by identifying the lies you are telling yourself and putting them to the rest for good Change your life by concentrating on becoming who you really want to be in life     *Embracing Soul Care* Stephen W.
