Guardians Of Letters Literacy Power And The Transmitters Of Early Christian Literature:

Guardians of Letters Kim Haines-Eitzen, 2000-12-07 Who were the scribes that copied early Christian literature during the second and third centuries What roles did they play in the reproduction and dissemination of these writings To answer these questions this study utilizes evidence from early Christian literature and the earliest Christian papyri including their form physical features and textual characteristics *The Cambridge History of Early Christian Literature* Frances Young, Lewis Ayres, Andrew Louth, 2004-04 Publisher Description [New Testament Manuscripts](#) Thomas J Kraus, Tobias Nicklas, 2006-05-01 New Testament Manuscripts Their Texts and Their World comprises twelve essays dealing with manuscripts of the New Testament and or what we can learn from them today Starting from different angles the contributors distinguished scholars of international reputation focus on the fascinating and thrilling stories manuscripts tell for instance about the times they were produced in or the people who handled them The multitude of manuscripts used for establishing the critical text of the New Testament is often only perceived as abbreviations in form of single letters or numerals and today's biblical scholars may hardly ever take notice of the specific features of an original manuscript above all those not mentioned in a critical edition Therefore three sets of contributions deals with the conditions under which manuscripts from the early days of Christianity were produced and transmitted specific individual manuscripts and then special features observed in and with the help of various manuscripts In a final essay the usual method of how to organize and categorize New Testament manuscripts is challenged and an alternative method proposed The essays are linked with each other so that readers may get a feeling of how astounding an occupation with the original manuscripts of the New Testament and the days of the early Christians can be *Lettered Christians* Lincoln Blumell, 2012-03-02 With the discovery of the Oxyrhynchus Papyri just over a century ago a number of important texts directly relating to ancient Christianity have come to light While certain literary texts have received considerable attention in scholarship by comparison the documentary evidence relating to Christianity has received far less attention and remains rather obscure To help redress this imbalance and to lend some context to the Christian literary materials this book examines the extant Christian epistolary remains from Oxyrhynchus between the third and seventh centuries CE Drawing upon this unique corpus of evidence which until this point has never been collectively nor systematically treated this book breaks new ground as it employs the letters to consider various questions relating to Christianity in the Oxyrhynchite Not only does this lucid study fill a void in scholarship it also gives a number of insights that have larger implications on Christianity in late antiquity *Across the Corrupting Sea* Cavan Conannon, Lindsey A. Mazurek, 2016-03-17 Across the Corrupting Sea Post Braudelian Approaches to the Ancient Eastern Mediterranean reframes current discussions of the Mediterranean world by rereading the past with new methodological approaches The work asks readers to consider how future studies might write histories of the Mediterranean moving from the larger pan Mediterranean approaches of The Corrupting Sea towards locally oriented case studies Spanning from the

Archaic period to the early Middle Ages contributors engage the pioneering studies of the Mediterranean by Fernand Braudel through the use of critical theory GIS network analysis and postcolonial cultural inquiries Scholars from several time periods and disciplines rethink the Mediterranean as a geographic and cultural space shaped by human connectivity and follow the flow of ideas ships trade goods and pilgrims along the roads and seascapes that connected the Mediterranean across time and space The volume thus interrogates key concepts like cabotage seascapes deep time social networks and connectivity in the light of contemporary archaeological and theoretical advances in order to create new ways of writing more diverse histories of the ancient world that bring together local contexts literary materials and archaeological analysis

The Question of Canon Michael J Kruger, 2020-05-21 For many years now the topic of the New Testament canon has been the main focus of my research and writing It is an exciting field of study that probes into questions that have long fascinated both scholars and laymen alike namely when and how these 27 books came to be regarded as a new scriptural deposit But the story of the New Testament canon is bigger than just the when and the how It is also and perhaps most fundamentally about the why Why did Christians have a canon at all Does the canon exist because of some later decision or action of the second or third century church Or did it arise more naturally from within the early Christian faith itself Was the canon an extrinsic phenomenon or an intrinsic one These are the questions this book is designed to address And these are not micro questions but macro ones They address foundational and paradigmatic issues about the way we view the canon They force us to consider the larger framework through which we conduct our research whether we realized we had such a framework or not Of course we are not the first to ask such questions about why we have a canon Indeed for many scholars this question has already been settled The dominant view today as we shall see below is that the New Testament is an extrinsic phenomenon a later ecclesiastical development imposed on books originally written for another purpose This is the framework through which much of modern scholarship operates And it is the goal of this volume to ask whether it is a compelling one To be sure it is no easy task challenging the status quo in any academic field But we should not be afraid to ask tough questions Likewise the consensus position should not be afraid for them to be asked Pesher and Hypomnema: A Comparison of Two Commentary Traditions from the Hellenistic-Roman Period Pieter B. Hartog, 2017-11-06 In *Pesher and Hypomnema* Pieter B Hartog compares ancient Jewish commentaries on the Hebrew Bible with papyrus commentaries on the Iliad Hartog shows that members of the Qumran movement adopted classical commentary writing and adapted it to their own needs *The Collected Biblical Writings of T.C. Skeat* Theodore Cressy Skeat, 2004-01-01 This volume consists of a collection of papyrologist T C Skeat's articles related to the production of New Testament manuscripts and to textual criticism J K Elliott introduces the essays and assesses Skeat's importance in these fields **The Collected Biblical Writings of T.C. Skeat** Keith Elliott, 2004-08-01 A high proportion of the many articles published by the papyrologist T C Skeat 1907-2003 a former Keeper of Manuscripts at the British Museum concerns the New Testament This present collection

gathers together papers on Biblical and related matters contributed by Skeat for over sixty years to various publications The book divides these into three sections ancient book production studies on particular Biblical manuscripts and textual criticism In his Introduction J K Elliott assesses the importance of Skeat's work and he incorporates from personal correspondence some of Skeat's later thinking on these topics A full Bibliography of Skeat's writings is included

Klingshirn, 2018-10-08 Sortilege the making of decisions by casting lots was widely practiced in the Mediterranean world during the period known as late antiquity between the third and eighth centuries CE In *My Lots are in Thy Hands Sortilege and its Practitioners in Late Antiquity* AnneMarie Luijendijk and William Klingshirn have collected fourteen essays that examine late antique lot divination especially but not exclusively through texts preserved in Greek Latin Coptic and Syriac Employing the overlapping perspectives of religious studies classics anthropology economics and history contributors study a variety of topics including the hermeneutics and operations of divinatory texts the importance of diviners and their instruments and the place of faith and doubt in the search for hidden order in a seemingly random world

Oral-Scribal Dimensions of Scripture, Piety, and Practice Werner H. Kelber, Paula A. Sanders, 2016-09-30 In April 2008 a conference was convened at Rice University that brought together experts in the three monotheistic religions of Judaism Christianity and Islam The papers discussed at the conference are presented here revised and updated The thirteen contributions comprise the keynote address by John Miles Foley three essays on Judaism and the Hebrew Bible three on the New Testament three on the Qur'an and two summarizing pieces by the Africanist Ruth Finnegan and the Islamicist William Graham respectively The central thesis of the book states that sacred Scripture was experienced by the three faiths less as a text contained between two covers and a literary genre and far more as an oral phenomenon In developing the performative recitative aspects of the three religions the authors directly or by implication challenge their distinctly textual identities Instead of viewing the three faiths as quintessential religions of the book these writers argue that the religions have been and continue to be appropriated not only as written but also very much as oral authorities with the two media interpenetrating and mutually influencing each other in myriad ways

From Scrolls to Scrolling Bradford A. Anderson, 2020-06-22 Throughout history the study of sacred texts has focused almost exclusively on the content and meaning of these writings Such a focus obscures the fact that sacred texts are always embodied in particular material forms from ancient scrolls to contemporary electronic devices Using the digital turn as a starting point this volume highlights material dimensions of the sacred texts of Judaism Christianity and Islam The essays in this collection investigate how material aspects have shaped the production and use of these texts within and between the traditions of Judaism Christianity and Islam from antiquity to the present day Contributors also reflect on the implications of transitions between varied material forms and media cultures

Taken together the essays suggests that materiality is significant for the academic study of sacred texts as well as for reflection on developments within and between these religious traditions This volume offers insightful analysis on key issues related to the materiality of sacred texts in the traditions of Judaism Christianity and Islam while also highlighting the significance of transitions between various material forms including the current shift to digital culture [Snapshots of Evolving Traditions](#) Liv Ingeborg Lied,Hugo Lundhaug,2017-01-23 Scholars of early Christian and Jewish literature have for many years focused on interpreting texts in their hypothetical original forms and contexts while largely overlooking important aspects of the surviving manuscript evidence and the culture that produced it This volume of essays seeks to remedy this situation by focusing on the material aspects of the manuscripts themselves and the fluidity of textual transmission in a manuscript culture With an emphasis on method and looking at texts as they have been used and transmitted in manuscripts this book discusses how we may deal with textual evidence that can often be described as mere snapshots of fluid textual traditions that have been intentionally adapted to fit ever shifting contexts The emphasis of the book is on the contexts and interests of users and producers of texts as they appear in our surviving manuscripts rather than on original authors and their intentions and the essays provide both important correctives to former textual interpretations as well as new insights into the societies and individuals that copied and read the texts in the manuscripts that have actually been preserved to us

Thecla's Devotion JD McLarty,2018-08-30 Second century apocryphal Christian texts are Christian fiction they draw on the motifs of contemporary pagan stories of romance travel and adventure to entertain their readers but also to explore what it means to be Christian The Thecla episode in the Apocryphal Acts of Paul recounts the conversion of a young pagan woman her rejection of marriage her narrow escapes from martyrdom and the end of her story as an independent ascetic evangelist In Thecla's Devotion J D McLarty reads the Thecla episode against a paradigm pagan romance Callirhoe for both texts the passions are key to the unfolding of the plot how are unruly emotions to be managed and controlled The pagan would answer through reason This study uses the portrayal of emotion within character and plot to explore the response of the Thecla episode to this key question for Christian identity formation **T&T Clark**

Writing on the Tablet of the Heart Origins of Scripture and Literature David M. Carr, 2005-03-10 This book explores a new model for the production revision and reception of Biblical texts as Scripture Building on recent studies of the oral written interface in medieval Greco Roman and ancient Near Eastern contexts David Carr argues that in ancient Israel Biblical texts and other texts emerged as a support for an educational process in which written and oral dimensions were integrally intertwined The point was not incising and reading texts on parchment or papyrus The point was to enculturate ancient Israelites particularly Israelite elites by training them to memorize and recite a wide range of traditional literature that was seen as the cultural bedrock of the people narrative prophecy prayer and wisdom

Rhetoric and Tradition Hagit Amirav, 2003 In addition to the classical literary corpus Chrysostom like many other educated Christians relied upon the Scriptures as an equally important source Focusing on the use which writers made of the Scriptures in order to convey their moral social and theological ideas this study is unique in that it offers a detailed analysis of patristic rhetoric against the background of the scriptural corpus A close examination of a wide range of Greek exegetical and homiletic writings in particular the newly available edition of the Greek Catena reveals that the Fathers wrote and preached in accordance with well established literary conventions Chrysostom his Antiochene colleagues and his Alexandrian rivals approached the biblical text with a full appreciation of the methods formulated by their predecessors The evidence of the exegetes meticulous and calculated use of the biblical text contradicts the present scholarly tendency to describe the homiletic literary output as spontaneous and free flowing For the first time Chrysostom is examined not in an isolated way but in the wider context of Antiochene and Alexandrian exegesis and their respective theological ideologies When studying the wider aspects of the Fathers methods of interpretation it becomes clear that the study of ideas cannot be separated from the study of their modes of expression

The ^AGendered Palimpsest Kim Haines-Eitzen, 2011-11-11 The book provides a

Hill, Michael J. Kruger, 2012-06-14 The Early Text of the New Testament aims to examine and assess from our earliest extant sources the most primitive state of the New Testament text now known What sort of changes did scribes make to the text What is the quality of the text now at our disposal What can we learn about the nature of textual transmission in the earliest centuries In addition to exploring the textual and scribal culture of early Christianity this volume explores the textual evidence for all the sections of the New Testament It also examines the evidence from the earliest translations of New Testament writings and the citations or allusions to New Testament texts in other early Christian writers
