Guatemalan Military Project A Violence Called Democracy:

The Guatemalan Military Project Jennifer G. Schirmer, 1998 Successfully combining military political and cultural analysis with a serious treatment of legal and human rights considerations this book will appeal to anyone interested in the conversion from war to peace in Latin America and around the world

Quiet Genocide Etelle Higonnet, 2017-09-08 Quiet Genocide reviews the legal and historical case that genocide occurred in Guatemala in 1981-1983. It includes the full text of the genocide section of a United Nations sponsored Commission on Historical Clarification in Guatemala (CEH) brokered by the UN. In its final report the CEH's rigorously reviewed abuses throughout the whole country. However the memory of the Guatemalan dirty war which predated the genocide and continued for over a decade of the heightened killing has rapidly faded from international awareness. The book renders a historical picture of the 1948 Genocide Convention and its unique status in international law. It reminds readers of the difficulty of preventing and punishing genocide as illustrated by the ongoing tragedy of Darfur and discusses the evolution of international and hybrid tribunals to prosecute genocide along with war crimes and crimes against humanity. Then it sketches a brief history of Guatemala with a focus on genocide. It explores how internal and global politics were an expression of structural violence designed to ensure cheap abundant and quiescent Indian labor for coffee planters. The volume provides the commission's general considerations, legal definitions, methodology, period of analysis and victim groups and finds that genocide had been perpetrated against five indigenous Guatemalan groups. By translating the genocide argument of the CEH into English and framing it in a lively accessible way this volume recovers the past, sets the record straight and promotes accountability. This exploratory effort provides insight into the world of transitional justice and truth commissions and valuable insights about how to engage with the question of genocide in the future. These findings shed light on a crucial and dark chapter of trans American Cold War history and will thus be of interest not only to scholars focused on Guatemala but also on Central America and even more broadly on the Cold War.

Modern Genocide Paul R. Bartrop, Steven Leonard Jacobs, 2014-12-17 This massive four volume work provides students with a close examination of 10 modern genocides enhanced by documents and introductions that provide additional historical and contemporary context for learning about and understanding these tragic events. Modern Genocide: The Definitive Resource and Document Collection spans nearly 1,700 pages presented in four volumes and includes more than 120 primary source documents making it ideal for high school and beginning college students studying modern genocide as part of a larger world history curriculum. The coverage for each modern genocide from Herero to Darfur begins with an introductory essay that helps students conceptualize the conflict within an international context and enables them to better understand the complex role genocide has played in the modern world. There are hundreds of entries on atrocities, organizations, individuals and other aspects of genocide each written to serve as a springboard to meaningful discussion and further research. The coverage of each genocide includes an introductory overview, an explanation of the causes, consequences, perpetrators, victims and

bystanders the international reaction a timeline of events an Analyze section that poses tough questions for readers to consider and provides scholarly pro and con responses to these historical conundrums and reference entries This integrated examination of genocides occurring in the modern era not only presents an unprecedented research tool on the subject but also challenges the readers to go back and examine other events historically and consequently consider important questions about human society in the present and the future

Indigenous Movements and Their Critics Kay B.

Warren,2021-02-09 In this first book length treatment of Maya intellectuals in national and community affairs in Guatemala Kay Warren presents an ethnographic account of Pan Maya cultural activism through the voices writings and actions of its participants Challenging the belief that indigenous movements emerge as isolated politically unified fronts she shows that Pan Mayanism reflects diverse local national and international influences She explores the movement s attempts to interweave these varied strands into political programs to promote human and cultural rights for Guatemala s indigenous majority and also examines the movement s many domestic and foreign critics The book focuses on the years of Guatemala s peace process 1987 1996 After the previous ten years of national war and state repression the Maya movement reemerged into public view to press for institutional reform in the schools and courts and for the officialization of a multicultural ethnically plural and multilingual national culture In particular Warren examines a group of well known Mayanist antiracism activists among them Demetrio Cojt Mart n Chacach Enrique Sam Colop Victor Montejo members of Oxlajuuj Keej Maya Ajtz iib and grassroots intellectuals in the community of San Andr s to show what is at stake for them personally and how they have worked to promote the revitalization of Maya language and culture Pan Mayanism s critics question its tactics see it as threatening their own achievements or even as dangerously polarizing national society This book highlights the crucial role that Mayanist intellectuals have come to play in charting paths to multicultural democracy in Guatemala and in creating a new parallel middle class

Spontaneous Shrines and the Public Memorialization of Death J. Santino,2016-04-30 This is an edited volume of approximately 17 essays that deal with various types of spontaneous shrines and other related public memorializations of death The articles address events such as New York after 9 11 roadside crosses and the use of Day of the Dead altars to bring attention to deceased undocumented immigrants

Genocide of Indigenous Peoples Robert

Hitchcock,2017-09-08 An estimated 350 to 600 million indigenous people reside across the globe Numerous governments fail to recognize its indigenous peoples living within their borders It was not until the latter part of the twentieth century that the genocide of indigenous peoples became a major focus of human rights activists non governmental organizations international development and finance institutions such as the United Nations and the World Bank and indigenous and other community based organizations Scholars and activists began paying greater attention to the struggles between Fourth World peoples and First Second and Third World states because of illegal actions of nation states against indigenous peoples indigenous groups passive and active resistance to top down development and concerns about the impacts of transnational forces

including what is now known as globalization This volume offers a clear message for genocide scholars and others concerned with crimes against humanity and genocide much greater attention must be paid to the plight of all peoples indigenous and otherwise no matter how small in scale how little known how invisible or hidden from view **Our Time is Now** Julie Gibbings,2020-06-18 An illustration of how indigenous and non indigenous actors deployed concepts of time in their conflicts over race and modernity in postcolonial Guatemala Guerrillas Dirk Kruijt,2013-04-04 Three parallel wars were fought in the latter half of the twentieth century in El Salvador Guatemala and Nicaragua These wars were long and brutal dividing international opinion sharply between US support for dictatorial regimes and the USSR s sponsorship of guerrilla fighters This fascinating study of the guerrilla generation is based on in depth interviews with both guerrilla comandantes and political and military leaders of the time Dirk Kruijt analyses the dreams and achievements the successes and failures the utopias and dystopias of an entire Central American generation and its leaders Guerrillas ranges widely from the guerrilla movement s origins in poverty oppression and exclusion its tactics in warfare the ill fated experiment with Sandinista government in Nicaragua to the subsequent normalization of guerrilla movements within democratic societies The story told here is vital for understanding contemporary social movements in Latin America **Maya Intellectual Renaissance** Victor D. Montejo,2010-01-01 When Mayan leaders protested the celebration of the Quincentenary of the discovery of America and joined with other indigenous groups in the Americas to proclaim an alternate celebration of 500 years of resistance they rose to national prominence in Guatemala This was possible in part because of the cultural political economic and religious revitalization that occurred in Mayan communities in the later half of the twentieth century Another result of the revitalization was Mayan students enrollment in graduate programs in order to reclaim the intellectual history of the brilliant Mayan past Victor Montejo was one of those students This is the first book to be published outside of Guatemala where a Mayan writer other than Rigoberta Menchu discusses the history and problems of the country It collects essays Montejo has written over the past ten years that address three critical issues facing Mayan peoples today identity representation and Mayan leadership Montejo is deeply invested in furthering the discussion of the effectiveness of Mayan leadership because he believes that self evaluation is necessary for the movement to advance He also criticizes the racist treatment that Mayans experience and advocates for the construction of a more pluralistic Guatemala that recognizes cultural diversity and abandons assimilation This volume maps a new political alternative for the future of the movement that promotes inter ethnic collaboration alongside a reverence for Mayan culture **Cold War** Spencer C. Tucker,Priscilla Roberts,2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to

day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century

Peace Operations and Organized Crime James Cockayne, Adam Lupel, 2011-05-10 Peace operations are increasingly on the front line in the international community's fight against organized crime this book explores how in some cases peace operations and organized crime are clear enemies while in others they may become tacit allies The threat posed by organized crime to international and human security has become a matter of considerable strategic concern for national and international decision makers so it is somewhat surprising how little thought has been devoted to addressing the complex relationship between organized crime and peace operations This volume addresses this gap questioning the emerging orthodoxy that portrays organized crime as an external threat to the liberal peace championed by western and allied states and delivered through peace operations Based upon a series of case studies it concludes that organized crime is both a potential enemy and a potential ally of peace operations and it argues for the need to distinguish between strategies to contain organized crime and strategies to transform the political economies in which it flourishes The editors argue for the development of intelligent transnational and transitional law enforcement that can make the most of organized crime as a potential ally for transforming political economies while at the same time containing the threat it presents as an enemy to building effective and responsible states The book will be of great interest to students of peacebuilding peace and conflict studies organised crime Security Studies and IR in general

Political (In)Justice Anthony W. Pereira, 2005-10-23 Why do attempts by authoritarian regimes to legalize their political repression differ so dramatically Why do some dispense with the law altogether while others scrupulously modify constitutions pass new laws and organize political trials Political In Justice answers these questions by comparing the legal aspects of political repression in three recent military regimes Brazil 1964 1985 Chile 1973 1990 and Argentina 1976 1983 By focusing on political trials as a reflection of each regime's overall approach to the law Anthony Pereira argues that the practice of each regime can be explained by examining the long term relationship between the judiciary and the military Brazil was marked by a high degree of judicial military integration and cooperation Chile's military essentially usurped judicial authority and in Argentina the military negated the judiciary altogether Pereira extends the judicial military framework to other authoritarian regimes Salazar's Portugal Hitler's Germany and Franco's Spain and a democracy the United States to illuminate historical and contemporary aspects of state coercion and the rule of law

Disciplinary Spaces Andrea Fischer-Tahir, Sophie

Wagenhofer,2017-04-15 This volume looks at territories such as reservations model villages and collective towns as the spatial materialization of forced assimilation and progress These disciplinary spaces were created in order to disempower and alter radically the behavior of people who were perceived as ill suited to fit into hegemonic imaginations of the nation since the 19th century Comparing examples from the Americas Australia North and East Africa Central Europe as well as West and Central Asia the book not only considers the acts and legitimizing narrations of ruling actors but highlights the agency of the subaltern who are often misrepresented as passive victims of violent assimilation strategies Understanding Central America John A. Booth,Christine J. Wade,Thomas W Walker,2018-09-03 Understanding Central America explains how domestic global political and economic forces have shaped rebellion and regime change in Costa Rica Nicaragua El Salvador Guatemala and Honduras throughout their histories during the often turbulent 1970s and since The text provides students a comprehensive coverage of Central America political science and international relations The authors explain the origins and development of the region s political conflicts their resolution and ongoing political change This Sixth Edition provides the most up to date information on the recent political changes in each of the five countries presented **Civil-military Relations After the Nation-state** Glen Segell,2000 *Terror in the Land of the Holy Spirit* Virginia Garrard-Burnett,2010-01-15 Between 1982 and 1983 the military government of Guatemala waged a scorched earth campaign of terror against largely Mayan rural communities Drawing on newly available primary sources including guerrilla documents evangelical pamphlets speech transcripts and declassified US government records Virginia Garrard Burnett provides a fine grained picture of what happened during the rule of Guatemalan president by coup Efra n R os Montt She suggests that three decades of war engendered an ideology of violence that cut not only vertically but also horizontally across class cultures communities religions and even families *Rigoberta Menchu And The Story Of All Poor Guatemalans* David Stoll,2018-05-04 Rigoberta Mench is a living legend a young woman who said that her odyssey from a Mayan Indian village to revolutionary exile was the story of all poor Guatemalans By turning herself into an everywoman she became a powerful symbol for 500 years of indigenous resistance to colonialism Her testimony I Rigoberta Mench denounced atrocities by the Guatemalan army and propelled her to the 1992 Nobel Peace Prize But her story was not the eyewitness account that she claimed In this hotly debated book key points of which have been corroborated by the New York Times David Stoll compares a cult text with local testimony from Rigoberta Mench s hometown His reconstruction of her story goes to the heart of debates over political correctness and identity politics and provides a dramatic illustration of the rebirth of the sacred in the postmodern academy This expanded edition includes a new foreword from Elizabeth Burgos the editor of I Rigoberta Mench as well as a new afterword from Stoll who discusses Rigoberta Mench s recent bid for the Guatemalan presidency and addresses the many controversies and debates that have arisen since the book was first published **Rethinking the Liberal Peace** Shahrbanou Tadjbakhsh,2011-03-08 This book presents a critical analysis of the liberal peace project and

offers possible alternatives and models In the past decade the model used for reconstructing societies after conflicts has been based on liberal assumptions about the pacifying effects of open markets and open societies Yet despite the vast resources invested in helping establish the precepts of this liberal peace outcomes have left much to be desired The book argues that failures in the liberal peace project are not only due to efficiency problems related to its adaptation in adverse local environments but mostly due to problems of legitimacy of turning an ideal into a doctrine for action The aim of the book is to scrutinize assumptions about the value of democratization and marketization and realities on the ground by combining theoretical discussions with empirical evidence from key post conflict settings such as Iraq and Afghanistan These show the disparities that exist between the ideals and the reality of the liberal peace project as seen by external peacebuilders and domestic actors The book then proposes various alternatives and modifications to better accommodate local perspectives values and agency in attempts to forge a new consensus This book will be of great interest to students of peacebuilding peacekeeping statebuilding war and conflict studies international security and IR

Truth and Memory Michael A. Hayes, David Tombs, 2001 *An Anthropology of War* Alisse Waterston, 2009 The contributors reflect on their ethnographic work at the frontlines and recount not only what they have seen and heard in war zones but also what is being read studied analyzed and remembered in such diverse locations as Colombia and Guatemala Israel and Palestine Iraq Afghanistan and Haiti They reflect on the important issue of accountability and offer explanations to discern causes patterns and practices of war

The Captivating Realm of E-book Books: A Thorough Guide Revealing the Benefits of Kindle Books: A World of Ease and Flexibility E-book books, with their inherent portability and simplicity of access, have liberated readers from the limitations of hardcopy books. Gone are the days of lugging cumbersome novels or meticulously searching for specific titles in shops. Kindle devices, stylish and portable, effortlessly store an extensive library of books, allowing readers to indulge in their preferred reads anytime, anywhere. Whether traveling on a busy train, relaxing on a sun-kissed beach, or just cozying up in bed, E-book books provide an unparalleled level of convenience. A Reading Universe Unfolded: Discovering the Vast Array of Kindle Guatemala Military Project A Violence Called Democracy Guatemala Military Project A Violence Called Democracy The E-book Shop, a digital treasure trove of bookish gems, boasts an extensive collection of books spanning diverse genres, catering to every reader's preference and choice. From gripping fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the E-book Shop offers an unparalleled abundance of titles to discover. Guatemalan Military Project A Violence Called Democracy Introduction

In today's digital age, the availability of Guatemalan Military Project A Violence Called Democracy books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Guatemalan Military Project A Violence Called Democracy books and manuals for download, along with some popular platforms that offer these resources. One of the

significant advantages of Guatemalan Military Project A Violence Called Democracy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Guatemalan Military Project A Violence Called Democracy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Guatemalan Military Project A Violence Called Democracy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Guatemalan Military Project A Violence Called Democracy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Guatemalan Military Project A Violence Called Democracy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Guatemalan Military Project A Violence Called Democracy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and

self-improvement. So why not take advantage of the vast world of Guatemalan Military Project A Violence Called Democracy books and manuals for download and embark on your journey of knowledge?

FAQs About Guatemalan Military Project A Violence Called Democracy Books

1. Where can I buy Guatemalan Military Project A Violence Called Democracy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
