**Mad House** Annie Karni, Luke Broadwater, 2025-03-25 NEW YORK TIMES BESTSELLER A vivid juicy Vogue fly on the wall account of the epic dysfunction of the American Congress from the rotating cast of failed Speakers to the MAGA efforts to impeach President Joe Biden to the insanity of the 2024 presidential race by the star congressional reporters at The New York Times Mad House contains cyanide and candy on every page which proves to be a killer combo I loved it Mark Leibovich author of the 1 New York Times bestsellers This Town and Thank You for Your Servitude The United States Congress has always been messy and far from august but as Annie Karni and Luke Broadwater show here in scorching shocking detail it has reached some kind of chaotic bottom The anarchy that reigned over Congress s lower chamber in the wake of the January 6th attack on the Capitol Building the election of serial liar and con man George Santos revenge porn being shown on the floor of the house and the theatrical high jinks of Lauren Boebert all were a sign of decay and dysfunction of the highest order Even the members of the 118th Congress would admit it was a circus but up close the spectacle was more alarming than funny Taking the reader into closed door meetings as House Republicans in thrall to a cult of personality bumble ever deeper into extremism and sniping House Democrats lose faith in their President the authors reveal a level of disorder that we have never seen before Mad House is a searing rollicking and deeply reported portrait of a body at war with itself riven by pettiness egomania and score settling and defined by the truly unbelievable antics of people like Matt Gaetz Marjorie Taylor Greene and Jim Jordan who handed the reins of power attempted to actually govern a country They did the bare minimum but voters in the 2024 elections rewarded them nonetheless giving MAGA Republicans control of the White House the Senate and the House and delivering to President Donald Trump a malleable Congress of loyalists there to serve If you want a peek at what the next four years might look like there s no better place to start than the dysfunction that led us here
