

HOW TO USE A CONDOM

Step 1

Check the expiry date. Carefully tear the packet open. Don't use your teeth or scissors!

Step 2

Make sure the penis is erect (hard) before you put the condom on. Check condom is the right way so it unrolls easily.

Step 3

Pinch the air out of the end of the condom. This leaves space for semen / cum.

Step 4

Roll the condom down to the base of the penis near the balls. Wear it the whole time you are having sex.

Step 5

Put some water-based lubricant on the outside of the condom – especially for anal sex to avoid tearing.

Step 6

Time for some fun! If you think the condom has broken or come off during sex pull out and replace the condom.

Step 7

After sex, when you pull out hold the condom near the base of the penis. This is best done when the penis is still hard.

Step 8

Tie a knot in the end of the condom and throw it in the bin (not the toilet!)
