Semiotic Representations is an essential work for mathematics educators and mathematics teachers who look for an introduction to Raymond Duval's cognitive theory of semiotic registers of representation making it possible for them to see and teach mathematics with fresh eyes Professor Tania M M Campos PHD **Understanding Philosophy for AS Level** Christopher Hamilton, 2003 This text offers a step by step approach through all the requirements of the AQA AS level specification Using examples taken from history literature and everyday life the author links philosophical theories and debates with issues that are both relevant and familiar to students *Seeing the Mind* Stanislas Dehaene, 2024-04-30 A lavishly illustrated and accessibly explained deep dive into the major new findings from cognitive neuroscience Who are we To this age old question contemporary neuroscience gives a simple answer we are exquisite neuronal machines Each of our dreams thoughts and feelings arises from a pattern of activity in our brain In Stanislas Dehaene's *Seeing the Mind* we learn not only that the mind maps onto the brain but that it is just a complex electrical motif on the tapestry of our neurons In this richly illustrated and highly accessible book Dehaene uses the power of brain images to tell the story of centuries old efforts to understand who we are and how it is possible that our thoughts emerge from just three pounds of flesh *Seeing the Mind* is divided into one hundred topics each described by a spectacular full page color image and on the facing page a brief text that explains what this image means and why it matters By weaving together images and text the book brings readers into the intimacy of their own brains As Dehaene explains All the gorgeous biological processes that you are about to discover are taking place right now inside your own brain A modern cabinet of curiosities *Seeing the Mind* is an intriguing and memorable read that will astonish readers with a direct face to face meeting with themselves and with the material stuff of their thoughts and dreams
