gay lesbian or bisexual person went for therapy the accepted approach to treatment was to seek a cure for the client's homosexual psychopathology. Today although the vast majority of psychologists are considerably more compassionate, accepting and the understanding of their gay lesbian and bisexual clients, they lack a comprehensive source of information regarding this population.

**Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People** Gerald P. Mallon, 2009-06-02

A new more comprehensive edition of the classic Social Work text. Although the vast majority of LGBT persons are healthy, resilient and hardy individuals who do not seek social work intervention, some have been or will be clients in social work agencies. *Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People* is the updated classic text that has expanded its scope to include new content on practice with bisexual and transgender populations and incorporated this content throughout. This informative book provides a knowledge base of practice that will better prepare students and practitioners for working sensitively, competently and effectively with LGBT individuals. The text now covers content on LGBT populations as articulated by the National Association of Social Workers (NASW) and the Council on Social Work Education (CSWE). Comprehensive and practical, this unique text discusses the pragmatic aspects of social work with lesbian, gay, bisexual and transgender people. It will improve and reinforce competent practice with LGBT persons and their families in multiple settings. Chapters focus on important topics such as the profession's core values and ethical principles; identifying, analyzing and resolving ethically challenging practice problems; LGBT persons of color, heterosexism, racism and sexism; applying the life model and the stress coping process; the root of conflicts in allegiances and pressures for unity; via homogeneity; practice with bisexual, transgender and gender non-conforming persons; sexual conversion therapy; traditional psychoanalytic notions of lesbian couples; the impact of sexual abuse on lesbian couples; internalized homophobia; heterocentrism and gay identity; group work practice with the LGBTQ community; clinical assessment for families where sexual orientation is an issue; LGBT parenting; the role of health care and many more. Complete with a highly detailed appendix of symbols, definitions and terms, *Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People* is an invaluable resource for social workers and mental health professionals as well as for students and educators at all levels of experience.
