**Modern Warfare, Intelligence and Deterrence** The Economist, 2014-02-25 The Panzerfaust 3 a German shoulder fired heat seeking antitank missile can punch through a metre of solid steel far more than any armoured vehicle could carry The MPR 500 an Israeli precision bomb can hammer through several storeys of a building and explode on a chosen floor These and myriad other military and intelligence technologies are changing the world This Economist book describes these emerging technologies and places them in the larger context of today's politics diplomacy business and social issues It shows how efforts to win wars or keep the peace are driving enormous and multifold technological advances Broadly speaking defense technologies will continue to provide enormous advantages to advanced Western armed forces The book is organized into five parts land and sea air and space the computer factor intelligence and spycraft and the road ahead which examines the coming challenges for western armies such as new wars against insurgents operating out of civilian areas Comprising a selection of the best writing on the subject from the Economist each part has an introduction linking the technological developments to political diplomatic business and other civilian matters For anyone who wants to know just how smart the global war defense and intelligence machine is this will be revealing and fascinating reading

*Managing Talent* Marion Devine, Michel Syrett, The Economist, 2014-03-04 Survey after survey confirms how the success of a business has become increasingly dependent on the ability and skills of its staff And because talented people are in short supply the hunt for people of unusual ability will continue in earnest Hiring such people is the relatively easy part keeping them engaged so that they don't move on and getting the best out of them while they are with you is the greater challenge one that more than ever requires a good understanding of what people want from both work and life outside work as well as flexibility and imagination in seeking to accommodate their aspirations Drawing on original research including interviews with senior executives recruitment specialists and people considered to be talented within their organizations Managing Talent outlines how companies such as Google Apple Santander Mars Unilever PepsiCo Nokia Olam International Tata Chemicals and Bank of America are facing the challenge of recruiting and developing the talent they need Full of useful insights and practical help for those who are responsible for the success of their organization it also provides invaluable guidance to those in search of career satisfaction

*Corporate Culture* Naomi Stanford, 2011-09-20 How corporate culture affects a company's long term success Today more and more managers are learning that an organization's culture matters and are therefore putting greater emphasis improving their company culture The Economist's Organization Culture Getting It Right can help In Organization Culture Naomi Stanford provides a road map for managers who want to understand the power corporate culture has on a company's success understand define position and measure their organization's culture avoid the common and costly mistakes of culture change programmes and keep

their culture dynamic responsive and resourceful The book Provides case studies on the business culture of companies like Google IKEA eBay Wal Mart Microsoft and Lehman Brothers Describes cultural patterns within organizations and offers useful exercises on shaping a positive corporate culture Other titles by Stanford Guide to Organization Design Creating High Performing and Adaptable Enterprises Organization Culture addresses all facets of company culture offering managers commonsense practical realistic and pragmatic approaches that will help them improve all aspects of how they do business regardless of the type of business they re in

**Analysing Emotional Labor in the Service Industries: Consumer and Business Perspectives** Jungkun Park, Weon Sang Yoo, Ki-Joon Back, 2019-12-24

Successful Strategy Execution Michel Syrett, 2007-12-01 Companies rarely track their performance against long term plans and results often fail to meet projections When companies do track performance it seldom matches the prior year s projection and a great deal of value is lost in translation This new title in The Economist series shows how businesses can overcome such failings and implement strategy effectively using facts and anecdotal evidence from the real experiences of firms

*Brands and Branding* Rita Clifton, 2009-04-01 With contributions from leading brand experts around the world this valuable resource delineates the case for brands financial value social value etc and looks at what makes certain brands great It covers best practices in branding and also looks at the future of brands in the age of globalization Although the balance sheet may not even put a value on it a company s brand or its portfolio of brands is its most valuable asset For well known companies it has been calculated that the brand can account for as much as 80 percent of their market value This book argues that because of this and because of the power of not for profit brands like the Red Cross or Oxfam all organisations should make the brand their central organising principle guiding every decision and every action As well as making the case for brands and examining the argument of the anti globalisation movement that brands are bullies which do harm this second edition of Brands and Branding provides an expert review of best practice in branding covering everything from brand positioning to brand protection visual and verbal identity and brand communications Lastly the third part of the book looks at trends in branding branding in Asia especially in China and India brands in a digital world and the future for brands Written by 19 experts in the field Brands and Branding sets out to provide a better understanding of the role and importance of brands as well as a wealth of insights into how one builds and sustains a successful brand

*Marketing for Growth* The Economist, Iain Ellwood, 2014-01-28 The Economist Marketing for Growth is a guide to how marketing can and should become a business s most important driver of growth Marketers play a crucial role in generating revenue and they can play an equally important role in how revenues translate into profit They can help a company achieve growth by being smarter or more efficient than its competitors and do so in a sustainable way Marketers have their ear to the ground and therefore are often the first to pick up on changing customer needs and behavior and the forces at play in markets This informs the development and improvement of products processes and standard of service The book explores how to identify the most valuable customers

the most effective ways to drive revenue growth and the best ways to improve profitability It combines insight and practical guidance and is supported by a wealth of hard data and anecdotal evidence from a wide range of business in Britain America Europe and Asia including Amazon China Mobile Dove Goldman Sachs Haier ING Direct Lenovo Mini Procter Gamble Red Bull Target Twitter Virgin and Zara      **Managing Uncertainty** Michel Syrett, Marion Devine, The Economist, 2014-02-25

Managing uncertainty has become a new business imperative Technological discontinuities regulatory upheavals geopolitical shocks abrupt shifts in consumer tastes or behavior and many other factors have emerged or intensified in recent years and together conspire to undermine even the most carefully constructed business strategies Managing Uncertainty Strategies for Surviving and Thriving in Turbulent Times addresses these new challenges assessing the sources of business turbulence how to classify uncertainty and the different ways in which uncertainty can be embraced to allow greater innovation and growth Drawing on examples from around the world the book presents the most recent ideas on what it means to manage uncertainty from practitioners academics and consultants Addresses the challenges of managing uncertainty in business Presents a step by step guide to managing business uncertainty Draws examples from major international companies including Intel Procter Gamble Siemens Boeing Quinetiq Philips China Telecom Ford Apple Shell Glaxo SmithKline and many more Written for business leaders and managers looking for new ways to ensure that their businesses continue to thrive in a world of increasing complexity Managing Uncertainty presents new and innovative ideas about reducing risk by understanding difficult to predict shifts
