Guide To Literary Criticism And Research:

A Guide to Literary Criticism and Research Bonnie Klomp Stevens, Larry L. Stewart, 1996 Like the first two editions of A Guide to Literary Criticism and Research this edition is based both on a recognition of a practical need felt in many literature courses and a view of literary study It attempts to meet the practical need by offering upper level students a condensed but adequate guide to the range of modern criticism and to basic methods of research In addition it is a hope that the book will give students a more comprehensive view of literary study by helping them to recognize criticism and research as two closely linked parts of a single process

Elementary Guide to Literary Criticism F. V. N. (Franklin Verzelius Newton)

Painter,2018-06-26 Elementary Guide to Literary Criticism by F V N Franklin Verzelius Newton Painter 1 Purpose of Literary Study The study or reading of literature ordinarily has a threefold purpose knowledge pleasure and culture This purpose shows us both the character of the literature which should be read and the manner in which it should be read As a rule we should read only books of recognized excellence and read them with sympathetic intelligence Trashy books whatever pleasure they may give add but little to knowledge or culture and immoral books often leave an ineradicable stain upon the soul Fortunately there are good books enough to satisfy every taste and supply every need 2 Necessity of Comprehending A literary work cannot be of much use till it is understood It is useless to read books entirely beyond our grasp In the perusal of an author we should endeavor to enter as fully as possible into his thoughts and feelings Our primary aim should be not to criticise but to comprehend This is sometimes especially for the young student a difficult task It requires patient painstaking labor but in the end it brings a rich reward in profit enjoyment and power In the study of a literary classic we should aim at more than a mere intellectual apprehension of its technique and other external features The soul should rise into sympathy with it and feel its spiritual beauty All literary study that falls short of this high end however scholarly or laborious it may be is essentially defective The externalities of a piece of literature are comprehended in vain unless they lead to a fuller understanding and appreciation of its spirit and life Unfortunately at the present time philology and literary analysis frequently stop short of the realization of the supreme end of literary study What should be only a means is sometimes exalted to an end We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
