**Politics** Lucie Pagé, 2018-09-19 Josephine's life takes a new turn when her husband Robert Bobby among close friends is elected minister of finance. She soon realizes that the questionable relationships he has are becoming more frequent and that his values and principles are losing ground. To add to that, Josephine makes a discovery that scandalizes her: her youngest son smokes pot. First shocked, she then tries it herself and gets great pleasure out of it. Seeing that her marriage is going downhill since her husband is minister, this gives her an idea. With the complicity of her best friend Lilly and her domestic workers Mamadou and Ping, she prepares a special meal that her husband will host in honor of several influential public personalities. If she wanted to spice up her everyday life, Josephine will have reached her goal. But the discoveries she will make will change her life and that of the planet.

**First Ladies of the United States** National Portrait Gallery, 2020-12-01 A gorgeous publication that reveals the historical importance of first ladies through portraiture. Each first lady has brought her own priorities and flair to the position that has never been officially defined. They have served as hostesses, trendsetters, activists, and political players. First Ladies of the United States features 84 portraits of the nation's first ladies as varied in style and representation as the individual women they depict. From watercolors and oil paintings to engravings and photographs, this book celebrates the legacy of first ladies throughout history. First ladies are some of the most scrutinized public figures in the country, praised or criticized on everything from their fashion to their level of political involvement. There's no better way to explore their visibility and lasting impact than with First Ladies of the United States, which places remarkable portraits alongside an insightful essay and lively entries that illuminate the history of the women who have shaped the White House.

*First Ladies* Susan Swain, C-SPAN, 2015-04-14. A look inside the personal life of every first lady in American history based on original interviews with major historians. C-SPAN's yearlong history series *First Ladies: Influence and Image* featured interviews with more than fifty preeminent historians and biographers. In this informative book, these experts paint intimate portraits of all forty-five first ladies, their lives, ambitions, and unique partnerships with their presidential spouses. Susan Swain and the C-SPAN team elicit the details that made these women who they were: how Martha Washington intentionally set the standards followed by first ladies for the next century; how Edith Wilson was complicit in the cover-up when President Wilson became incapacitated after a stroke; and how Mamie Eisenhower used the new medium of television to reinforce her and her husband's positive public images. This book provides an up-close historical look at these fascinating women who survived the scrutiny of the White House, sometimes at great personal cost, while supporting their families and famous husbands and sometimes changing history. Complete with illustrations and essential biographical details, it is an illuminating, entertaining, and ultimately inspiring read.
