Fixing America Breaking The Stranglehold Of Corporate Rule Big Media And The Religious Right:

Fixing America John Buchanan, 2005-10-01 An award winning investigative reporter provides a clear honest diagnosis of the country's chronic diseases corporate rule big media and the religious right in this damning analysis Exposing the darker side of capitalism this critique raises alarms about the security of democracy in today's society including the rise of the corporate state the insidious role of professional lobbyists the emergence of religion and theocracy as a right wing political tactic the failure of the mass media and the sinister presence of an Orwellian neo fascism Drawing on historic voices that include John Adams Mahatma Gandhi Thomas Jefferson Robert F Kennedy James Madison Thomas Paine and Mark Twain this treatise articulates a fresh vision for 21st century America that deserves the attention of every patriot *Jaded Tasks* Wayne Madsen, 2006 This investigative account details how America's economic and intelligence associations with Saudi Arabia and Pakistan led to the devastating September 11 attacks and illustrates the role that private military companies are playing in George W Bush's new world order Based on personal interviews never before published classified documents and extensive research this examination details the criminal forces thought to rule the world today the Bush cartel Russian Ukrainian Israeli mafia and Wahhabist Saudi terror financiers revealing links between these groups and disastrous terrorist events **A**

Certain Arrogance George Michael Evica, 2011-02-01 Providing the first global cultural context for the assassination of John F Kennedy this investigation into how United States intelligence agencies and other entities manipulated liberal religious groups and educational institutions for ideological political and economic gain during the Cold War exposes numerous previously misunderstood political operations Including assassinations these projects include those facilitated by Allen Dulles John Foster Dulles the U S State Department the Office of Strategic Services and its successor the CIA and other individuals and groups Focusing on the manipulations of key individuals in the American Unitarian Association the Unitarian Service Committee and the Unitarian supported Albert Schweitzer College by covert American interests during the Cold War this expos asserts that an unwitting Lee Harvey Oswald an asset and pawn of American intelligence was the ideal scapegoat in a tragically successful conspiracy to murder President Kennedy **A Memoir of Injustice** Jerry Ray, Tamara

Carter, 2011-02-19 Including previously undisclosed information on one of the most significant and mysterious events in modern American history this account debunks the myth that James Earl Ray was a racist and documents his actual location on one of the critical days leading up to the assassination of Martin Luther King Jr The memoir also reveals photographs of James Earl Ray when he was ill in prison and gives the key to a code used by the brothers in planning a prison break Presenting a mesmerizing perspective on the manipulation of the media in reporting on race relations the working middle class and the U S criminal justice system this account broadcasts an urgent call to action to correct some of the many injustices that surround these events such as the U S government's refusal to rigorously test the alleged murder weapon and encourages support for new federal legislation *Libri scomparsi nel nulla... e altri scompariranno presto* Simone

Berni,2007 **Christianity and the Mass Media in America** Quentin J. Schultze,2005-11-09 The mass media and religious groups in America regularly argue about news bias sex and violence on television movie censorship advertiser boycotts broadcast and film content rating systems government regulation of the media the role of mass evangelism in a democracy and many other issues In the United States the major disputes between religion and the media usually have involved Christian churches or parachurch ministries on the one hand and the so called secular media on the other Often the Christian Right locks horns with supposedly liberal Eastern media elite and Hollywood entertainment companies When a major Protestant denomination calls for an economic boycott of Disney the resulting news reports suggest business as usual in the tensions between faith groups and media empires Schultze demonstrates how religion and the media in America have borrowed each other s rhetoric In the process they have also helped to keep each other honest pointing out respective foibles and pretensions Christian media have offered the public as well as religious tribes some of the best media criticism better than most of the media criticism produced by mainstream media themselves Meanwhile mainstream media have rightly taken particular churches to task for misdeeds as well as offered some surprisingly good depictions of religious life The tension between Christian groups and the media in America ultimately is a good thing that can serve the interest of democratic life As Alexis de Tocqueville discovered in the 1830s American Christianity can foster the habits of the heart that ward off the antisocial acids of radical individualism And as John Dewey argued a century later the media offer some of our best hopes for maintaining a public life in the face of the religious tribalism that can erode democracy from within Mainstream media and Christianity will always be at odds in a democracy That is exactly the way it should be for the good of each one *America's Right Turn* Richard A. Viguerie,David Franke,2004 Liberal media activists beware Richard A Viguerie venture capitalist of the conservative movement described as funding father of the right and David Franke a founder of the conservative movement detail how conservatives shut out by the liberal mass media of the 1950s and 60s came to power by utilizing new and alternative media and then created their own mass media **Hijacking America** Susan George,2008-06-23 George Bush leaves the White House in January 2009 and the United States goes back to normal right Wrong argues Susan George in this fascinating thorough and often chilling account of the decades long transformation of American society and political culture Using the four Ms money media marketing management but above all with a keen sense of mission the American secular and religious right has made its long march through the institutions and changed the way Americans think As the left went about its business in blissful ignorance convinced that its policies programmes and projects spoke for themselves and would always prevail the right s well oiled machine of foundations lobbies think tanks publications political cadres lawyers and activist organisations slowly and strategically took over A broad alliance of neo liberals neo conservatives and the religious right successfully manufactured a new common sense assaulted Enlightenment values and targeted the top of society where culture is created and legitimized because they knew that ideas have consequences and not just in the United

States Hijacking America is that rarity of a book a thoroughly researched page turner Clearly and gracefully written it will enthrall the general reader while providing plenty of factual nourishment for the student of politics culture religion or international relations And for all those who hope for a different America in the future the first step is to hold the present one up to the light and understand how it got that way

Losing Our Religion S. E. Cupp, 2010-04-27 The press has become a tool of oppression politicized self aware self motivated and power hungry In short these people can no longer be trusted From S E Cupp s *Losing Our Religion* It s time to wake up and smell the bias The go to commentator for such programs as Fox News s Hannity and CNN s Larry King Live and Reliable Sources S E Cupp is just that a reliable source for the latest news trends and forecasts in young bright conservative America Savvy and outspoken when shattering left leaning assumptions as she did in *Why You re Wrong About the Right* Cupp now takes on the most pressing threat to the values and beliefs held and practiced by the majority of Americans the marginalizing of Christianity by the flagrantly biased liberal media From her galvanizing introduction you know where S E Cupp stands She s an atheist A non believer Which makes her the perfect impartial reporter from the trenches of a culture war dividing America and eroding the Judeo Christian values on which this country was founded Starting at the top she exposes the unwitting courtship of President Obama and the liberal press which consistently misreports or downplays Obama s clear discomfort with or blatant disregard for religious America from covering up religious imagery in the backdrop of his Georgetown University speech to his absence from events surrounding the National Day of Prayer to identifying America in his inaugural address as among other things a nation of non believers She likens the calculated attacks of the liberal media to a class war a revolution with a singular purpose to overthrow God and silence Christian America for good And she sends out an urgent call for all Americans to push back the leftist propaganda blitz striking on the Internet radio television in films publishing and print journalism or invite the tyrannies of a mainstream media set on mocking our beliefs controlling our decisions and extinguishing our freedoms Now discover the truth behind the war against Christmas and how political correctness keeps the faithful under wraps the one sided analyses of Prop 8 and the gay marriage debate the media pot shots at Sarah Palin s personal faith the politicization of entertainment mainstays such as American Idol and the Miss USA Pageant and much more Also included are her penetrating interviews with Dinesh D Souza Martha Zoller James T Harris Newt Gingrich Kevin Madden and Kevin Williamson of National Review delivering must read analyses of the latest stunning lowlights from the liberal media

Fighting Back the Right David Niose, 2014-12-16 The political scene is changing rapidly in America The religious right is on the defensive acceptance of gay rights is at an all time high social conservatives are struggling for relevance and more Americans than ever identify as nonreligious What does this mean for the country and the future With these demographic shifts can truly progressive reason based public policy finally gain traction Or will America continue to carry a reputation as anti intellectual and plutocratic eager to cater to large corporate interests but reluctant to provide universal health care to all its citizens *Fighting Back the*
