Writing and Victorianism J.B. Bullen,2014-06-06 Writing and Victorianism asks the fundamental question what is Victorianism and offers a number of answers taken from methods and approaches which have been developed over the last ten years This collection of essays written by both new and established scholars from Britain and the U S A develops many of the themes of nineteenth century studies which have lately come to the fore touching upon issues such as drugs class power and gender Some essays reflect the interaction of word and image in the nineteenth century and the notion of the city as spectacle others look at Victorian science finding a connection between writing and the growth of psychology and psychiatry on the one hand and with the power of scientific materialism on the other As well as key figures such as Dickens Tennyson

and Wilde a host of new names are introduced including working class writers attempting to define themselves and writers in the Periodical press who once anonymous exercised a great influence over Victorian politics taste and social ideals From these observations there emerges a need for self definition in Victorian writing History ancestry and the past all play their part in figuring the present in the nineteenth century and many of these studies foreground the problem of literary social and psychological identity

The Review of Reviews William Thomas Stead,1900 **The Unlikely Futurist** James Rann,2020-07-07 In the early twentieth century a group of writers banded together in Moscow to create purely original modes of expression These avant garde artists known as the Futurists distinguished themselves by mastering the art of the scandal and making shocking denunciations of beloved icons With publications such as A Slap in the Face of Public Taste they suggested that Aleksandr Pushkin the founder of Russian literature be tossed off the side of their steamship of modernity Through systematic and detailed readings of Futurist texts James Rann offers the first book length study of the tensions between the outspoken literary group and the great national poet He observes how those in the movement engaged with and invented a new Pushkin who by turns became a founding father to rebel against a source of inspiration to draw from a prophet foreseeing the future and a monument to revive Rann s analysis contributes to the understanding of both the Futurists and Pushkin s complex legacy The Unlikely Futurist will appeal broadly to scholars of Slavic studies especially those interested in literature and modernism

Journal of the Fine Arts and Musical World ,1852 **The British Cyclopaedia of the Arts, Sciences, History, Geography, Literature, Natural History, and Biography ...** ,1838 **The Round Table** ,1866 **Reading Writers Reading** Danielle Schaub,2006 I am a writer because I was a reader first Alison Gordon Nobody has ever written who never read Mavis Gallant Reading is a connection at once a way and a goal a liberating destiny Robert Kroetsch Over 160 Canadian writers in English and French write about their experiences of reading With striking photographs of each writer Reading Writers Reading offers a sublime voyage into the heart of literary creation Foreword by Russell Morton Brown
