A must have treat for the legions of dedicated Flashman fans and a delightful introduction for those lucky enough to be encountering him for the first time.

Flashman on the March George MacDonald Fraser, 2006-11-14. It's 1868 and Sir Harry Flashman, VC, arch cad, amorist, cold-headed soldier and reluctant hero is back. Fleeing a chain of vengeful pursuers that includes Mexican bandits, the French Foreign Legion and the relatives of an infatuated Austrian beauty, Flashy is desperate for somewhere to take cover. So desperate in fact that he embarks on a perilous secret intelligence gathering mission to help free a group of Britons being held captive by a tyrannical Abyssinian king. Along the way, of course, are nightmare castles, brigands, massacres, rebellions, orgies and the loveliest and most lethal women in Africa, all of which will test the limits of the great boulder's talents for knavery, amorous intrigue and survival. Flashman on the March, the twelfth book in George MacDonald Fraser's ever beloved, always scandalous Flashman Papers series, is Flashman and Fraser at their best. **Flashman's Lady** George MacDonald Fraser, 2013-05-07. What is Flashy doing in the drawing room of a great English mansion with the red-hot blooded mistress of a violently jealous blue blood in between a pair of Chinese beauties who are willing to do anything and everything to close the gap between East and West in the hold of a warship under fire with a Malay maiden as explosive as the shells bursting above in the forced service of an African queen who lets a lover stay alive only as long as his power to please holds up. This unblushing cad, this lustful libertine, this infamous and irresistible antihero is clearing, doing better than ever in a round the world adventure that would make Queen Victoria pale with shock and swingers of today green with envy. **Men At War: What Fiction Tells us About Conflict, From The Iliad to Catch-22** Christopher Coker, 2014-05-01. Since Achilles first stormed into our imagination, literature has introduced its readers to truly unforgettable martial characters. In *Men at War*, Christopher Coker discusses some of the most famous of these fictional creations and their impact on our understanding of war and masculinity. Grouped into five archetypes: warriors, heroes, villains, survivors and victims, these characters range across 3000 years of history through epic poems, the modern novel and one of the twentieth century's most famous film scripts. Great authors like Homer and Tolstoy show us aspects of reality invisible except through a literary lens, while fictional characters such as Achilles and Falstaff, Robert Jordan and Jack Aubrey are not just larger than life, they are life's largeness, and this is why we seek them out. Although the Greeks knew that the lovers, wives and mothers of soldiers are the chief victims of battle for the combatants, war is a masculine pursuit. Each of Coker's chapters explores what fiction tells us about war's appeal to young men and the way it makes and breaks them. The existential appeal of war too is perhaps best conveyed in fictional accounts and these too are scrutinized by the author. *Puffin Good Reading Guide for Children* Ruskin Bond, 2006-05. Representations of China in British Children's Fiction, 1851-1911 Shih-Wen Chen,2016-04-08 In her extensively researched exploration of China in British children's literature Shih Wen Chen provides a sustained critique of the reductive dichotomies that have limited insight into the cultural and educative role these fictions played in disseminating ideas and knowledge about China Chen considers a range of different genres and types of publication travelogue storybooks historical novels adventure stories and periodicals to demonstrate the diversity of images of China in the Victorian and Edwardian imagination Turning a critical eye on popular and prolific writers such as Anne Bowman William Dalton Edwin Harcourt Burrage Bessie Marchant G A Henty and Charles Gilson Chen shows how Sino British relations were influential in the representation of China in children's literature challenges the notion that nineteenth century children's literature simply parroted the dominant ideologies of the age and offers insights into how attitudes towards children's relationship with knowledge changed over the course of the

century Her book provides a fresh context for understanding how China was constructed in the period from 1851 to 1911 and sheds light on British cultural history and the history and uses of children's literature **Scotland and China**, 2025-02-20

This volume written by young and established scholars surveys the role of China in Scottish literature and the translation and reception of Scottish literature in China Part 1 considers how the image of China has been constructed by Scottish writers Topics include the translation of classical and contemporary Chinese literature into both Scots and English and orientalist tropes in Scottish fiction Part 2 discusses how Chinese translators over a turbulent century have rendered into Chinese the work of writers from Robert Burns to David Greig It also shows how commercial success in today's China can shape a writer's career **Borrowed Gods and Foreign Bodies** Eric Reinders, 2004-11-15 Borrowed Gods and Foreign Bodies explores the Western imagination of the Chinese body in Protestant missionary encounters with Chinese religion 1807-1937

Britain and the Narration of Travel in the Nineteenth Century Kate Hill, 2017-05-15 Interrogating the multiple ways in which travel was narrated and mediated by and in response to nineteenth century British travelers this interdisciplinary collection examines to what extent these accounts drew on and developed existing tropes of travel The three sections take up personal and intimate narratives that were not necessarily designed for public consumption tales intended for a popular audience and accounts that were more clearly linked with discourses and institutions of power such as imperial processes of conquest and governance Some narratives focus on the things the travelers carried such as souvenirs from the battlefields of Britain's imperial wars while others show the complexity of Victorian dreams of the exotic Still others offer a disapproving glimpse of Victorian mores through the eyes of indigenous peoples in contrast to the imperialist vision of British explorers Swiss hotel registers guest books and guidebooks offer insights into the history of tourism while new photographic technologies the development of the telegraph system and train travel transformed the visual and even the conjugal experience of travel The contributors attend to issues of gender and ethnicity in essays on women travelers South African travel narratives and accounts of China during the Opium Wars and analyze the influence of fictional travel narratives Taken together these essays show how these multiple narratives circulated cross-fertilised and reacted to one another to produce new narratives new objects and new modes of travel **Buddhist and Christian Responses to the Kowtow Problem in China** Eric Reinders, 2015-03-12 The most common Buddhist practice in Asia is bowing yet Buddhist and Christian Responses to the Kowtow Problem is the first study of Buddhist obeisance in China In Confucian ritual everyone is supposed to kowtow or bow to the Chinese emperor But Buddhists claimed exemption from bowing to any layperson even to their own parents or the emperor This tension erupted in an imperial debate in 662 This study first asks how and why Buddhists should bow to the Buddha and to monks and then explores the arguments over their refusing to bow to the emperor These arguments take us into the core ideas of Buddhism and imperial power How can one achieve nirvana by bowing What is a Buddha image Who is it that bows Is there any ritual that can exempt a subject of the emperor What are the limits of the state's power over human

bodies Centuries later Christians had a new set of problems with bowing in China to the emperor and to idols Buddhist and Christian Responses to the Kowtow problem compares these cases of refusing to bow discusses modern theories of obeisance and finally moves to examine some contemporary analogies such as refusing to salute the American flag Contributing greatly to the study of the body and power ritual religion and material culture this volume is of interest to scholars and students of religious studies Buddhism Chinese history and material culture The India-China Opium Trade in the Nineteenth Century Hunt Janin,1999-01-01 From 1823 to 1860 a fleet of small fast brigs and schooners carried chests of opium from India to China often facing the challenges of pirates and typhoons along the way This shadowy trade conducted by American British and Indian firms thrived despite its moral and legal consequences Drawing largely on primary sources the story of the opium trade comes through in the voices of those who saw it firsthand Appendices describe a favorite shipboard recipe two of the ships involved in the trade and their crews excerpts from accounts of the Opium War and language equivalents for proper and place names A bibliography is included and maps and photographs help illumine this important and unusual period of history **Sequels** Janet G.
