Mercenaries in Asymmetric Conflicts Scott Fitzsimmons, 2013 Fitzsimmons argues that small mercenary groups must maintain a superior culture to successfully engage and defeat larger and better equipped opponents *Parameters*, 1995 [The Cuban Intervention in Angola, 1965-1991](#) Edward George, 2004-11-23 A new examination of why Cuba a Caribbean country sent half a million of its citizens to fight in Angola in Africa and how a short term intervention escalated into a lengthy war of intervention It clearly details how in January 1965 Cuba formed an alliance with the Angolan MPLA which evolved into the flagship of its global internationalist mission spawning the military intervention of November 1975 culminating in Cuba's spurious victory at Cuito Cuanavale and Cuba's fifteen year occupation of Angola Drawing on interviews with leading protagonists first hand accounts and archive material from Cuba Angola and South Africa this new book dispels the myths of the Cuban intervention revealing that Havana's decision to intervene was not so much an heroic gesture of solidarity but rather a last ditch gamble to avert disaster By examining Cuba's role in the Angolan War in a global context this book demonstrates how the interaction between the many players in Angola shaped and affected Cuba's intervention as it headed towards its controversial conclusion
