Fatal Decision Donner:

Fatal Decision Walter M. Stookey,2011-10-01 **Donner Party Cookbook** Terry del Bene,Terry Alan Del Bene,PH. D. del Bene,2003 The tale of the 1846 1847 Donner Party whose members were snowbound in the Sierra Nevada Mountains Anthropologist Terry Del Bene uncovers the layers of social and cultural belief and action that resulted in the tragedy To lighten the mood the author also includes 19th century recipes that the travelers cooked on the trail before the food ran out

Desperate Passage Ethan Rarick,2008-02-04 Drawing on fresh archaeological evidence recent research on topics ranging from survival rates to snowfall totals and heartbreaking letters and diaries made public by descendants a century and a half after the tragedy Ethan Rarick offers an intimate portrait of the Donner party and their unimaginable ordeal a mother who must divide her family a little girl who shines with courage a devoted wife who refuses to abandon her husband a man who risks his life merely to keep his word But Rarick resists both the gruesomely sensationalist accounts of the Donner party as well as later attempts to turn the survivors into archetypal pioneer heroes The Donner Party Rarick writes is a story of hard decisions that were neither heroic nor villainous Often the emigrants displayed a more realistic and typically human mixture of generosity and selfishness an alloy born of necessity **California** Andrew Rolle,Arthur C. Verge,2014-06-19 The eighth edition of California A History covers the entire scope of the history of the Golden State from before first contact with Europeans through the present an accessible and compelling narrative that comprises the stories of the many diverse peoples who have called and currently do call California home Explores the latest developments relating to California s immigration energy environment and transportation concerns Features concise chapters and a narrative approach along with numerous maps photographs and new graphic features to facilitate student comprehension Offers illuminating insights into the significant events and people that shaped the lengthy and complex history of a state that has become synonymous with the American dream Includes discussion of recent and uniquely Californian social trends connecting Hollywood social media and Silicon Valley and most recently Silicon Beach **An Archaeology of Desperation** Kelly J. Dixon,2014-10-20 The Donner Party is almost inextricably linked with cannibalism In truth we know remarkably little about what actually happened to the starving travelers stranded in the Sierra Nevada in the winter of 1846 47 Combining the approaches of history ethnohistory archaeology bioarchaeology and social anthropology this innovative look at the Donner Party s experience at the Alder Creek Camp offers insights into many long unsolved mysteries Centered on archaeological investigations in the summers of 2003 and 2004 near Truckee California the book includes detailed analyses of artifacts and bones that suggest what life was like in this survival camp Microscopic investigations of tiny bone fragments reveal butchery scars and microstructure that illuminate what the Donner families may have eaten before the final days of desperation how they prepared what served as food and whether they actually butchered and ate their deceased companions The contributors reassess old data with new analytic techniques and by examining both physical evidence and oral testimony from observers

and survivors add new dimensions to the historical narrative The authors integration of a variety of approaches including narratives of the Washoe Indians who observed the Donner Party destroys some myths deconstructs much of the folklore about the stranded party and demonstrates that novel approaches can shed new light on events we thought we understood

Reviving the Tribe Eric Rofes, 2013-12-02 Reviving the Tribe creates a rich and brutally honest portrait of contemporary gay men's lives amidst the seemingly endless AIDS epidemic and offers both autobiographical self examination and a relentless critique of current sexual politics within the gay community Fearlessly confronting the horrors experienced by surviving gay men without giving way to hopelessness denial or blame Reviving the Tribe offers an inspiring blueprint for the gay community which faces a continuing spiral of disaster In Reviving the Tribe Author Eric Rofes argues that a return to the interrupted agenda of gay liberation may provide long term motivation to keep gay men alive and spur rejuvenation of new generations of gay culture By interweaving social history psychology anthropology epidemiology sociology feminist theory and sexology with his own journey through the epidemic Rofes provides a moving and compelling argument for stepping out of the state of emergency and embracing a life beyond disease He boldly offers a plan for community regeneration focused on restoring mental health reclaiming sexuality and mending the social fabric of communal gay life Rofes asks unspoken questions lurking in gay men's minds and suggests answers to these questions hitting such controversial topics as gay men's sex cultures of the 1970s why educated gay men continue to become HIV infected changing forms of gay masculinity the opening of new sex clubs and bathhouses leaving rage activism behind links between the Holocaust and AIDS unacknowledged roots in the feminist movement of gay men's AIDS response mass denial of chronic trauma among gay men The refusal to confront the ever intensifying manifestations of AIDS has seriously endangered the foundation of contemporary gay communities Rofes argues that many gay men suffer from the disaster syndrome a psychologically determined response that defends individuals against being overwhelmed by traumatic experience In Reviving the Tribe he provides a radical critique of contemporary gay political culture and suggests alternatives which offer the opportunity to face history grapple with decimation and regenerate communal life Cautioning that an honest analysis of recent gay history and urban cultures promises neither to stop gay men's suffering nor to end continuing HIV infections Reviving the Tribe provides gay men with a clear lens through which they might scrutinize their lives come to a new understanding of the epidemic's impact on their generation and redirect activism This courageous and inspiring work brings Rofes' commanding intellect and twenty years of grassroots gay activism to bear on the challenging task of reconstructing gay life in the new millennium Reviving the Tribe is filled with insight of special interest to gay men lesbians involved in the mixed lesbian gay movement sociologists public health workers psychologists counselors sex educators religious leaders and AIDS prevention policymakers searching for fresh vision

The Donner Party Chronicles Frank Mullen, 1997 The Donner Party has become a tragic icon of the American march west From Independence Missouri to Sutter's Fort California the party endured almost

unimaginable hardship and suffering Author Frank Mullen Jr gives us a day by day account of their struggle for survival as they journey across the trail west The Reno Gazette Journal and the Nevada Humanities Committee present Frank Mullen s account of the Donner Party accompanied by hundreds of historical illustrations and Marilyn Newton s photographs of the trail today Book Jacket *History of Placer and Nevada Counties California* William B. Lardner,1924 Utah Place Names John W. Van Cott,1990 Utah toponyms or place names Where are they What is their history Their importance Over thousand toponyms are listed alphabetically marking the passages of peoples and cultures from earliest times **California**

Mormons by Sail and Trail Annaleone Davis Patton,1961 The segment of the Mormon migration which came by water to California s shores has been by passed by many writers of history particularly by writers of church history This was a church sponsored but not financed plan to move the Atlantic seaboard members to the Upper California which included the Great Basin where they hoped a new Zion might be established Great Misadventures: Exploration and adventure Betz Des Chenes,1999 Explores over 100 historical political military and social events where human error has led to disaster *California* Andrew F. Rolle,1978 *Bulletin* Nevada County Historical Society,1993 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1952 Includes Part 1A Books and Part 1B Pamphlets Serials and Contributions to Periodicals *Deadly Force* Tom S. Clark,Adam N. Glynn,Michael Leo Owens,2025-06-03 A groundbreaking study of when where and whom police shoot in America s largest cities Police shootings in America spark outrage and protest and raise questions about police use of lethal force Yet despite the attention given to high profile shootings it is extremely difficult to draw wider conclusions about the frequency and outcomes of police gunfire because there is no systematic and centralized source of information on these incidents This pioneering book draws on original data compiled by the authors to examine police shootings both fatal and non fatal in hundreds of American cities It documents racial disparities in shooting incidents and shows that the media spotlight on the most shocking fatal shootings tell only part of the story of police gunfire in our cities The authors find that there are patterns in when where and whom the police shoot and they present strong evidence of unjustifiable disparities It s not just that young unarmed Black men are disproportionately subjected to gunfire during encounters with police officers there is also a disproportionate concentration of shootings in the places where most Black and Hispanic urbanites live even accounting for violent crime rates and other factors As a consequence Black and Hispanic residents of large cities are disproportionately exposed to police gunfire even when they are not themselves the targets of it The authors offer other insights as well exploring the connection between police department funding and rates of shootings and considering the influence of a city s political leadership on police use of gunfire It is only through a deeper understanding of police shootings the authors argue that we can reduce their incidence and make effective reform possible **Decisions** United States. Federal Mine Safety and Health Review Commission,1992 **Court Decisions on Workmen's Compensation Law** New York (State). Department of Labor. Bureau of Statistics and

Information,1925 *Deadly Farce* Robert M. Lichtman,Ronald D. Cohen,2004 The book traces the rise and fall of Harvey Matusow a wise guy professional informer witness of the McCarthy era whose dramatic recantation led to his own imprisonment but hastened the end of the era No issue so possessed the nation in the first half of the 1950s as alleged Communist subversion in the United States Communist Party member an undercover FBI informer inside the Party and then a leading witness for the government during the McCarthy era until he recanted his testimony His story illuminates a disturbing time in American history one with renewed relevance today Matusow was easily the most flamboyant of the professional ex Communists a celebrity informer who considered himself booked by Congressional committees not just to testify but to entertain He testified that Communists fostered loose sex taught politicized Mother Goose rhymes to small children and tried to infiltrate the Boy Scouts He also named more than 200 people as Communists and was a prosecution witness in major criminal cases transcripts personal interviews private papers and other primary sources most never before utilized to describe the unusual role of ex Communist informer witnesses during the McCarthy era The Justice Department kept several dozen political informers on the government s payroll to testify in hundreds of deportation sedition and contempt of Congress cases Some informers achieved celebrity as the result of high profile appearances at criminal trials and before Congressional committees But as the era continued instances of perjury began to appear Harvey Matusow s sensational recantation in 1955 gave him his biggest audience yet It led to the dissolution of the Justice Department s informer stable and ended the public s infatuation with the group Matusow s unrepentant and at times vaudevillian appearances before the Senate red hunting committee investigating his recantation followed by his prosecution for perjury for the recantation not his original testimony and prison sentence mark the climax of *Deadly Farce* McCarran and Elizabeth Bentley among many others offers an inside entertaining and closely documented view of a largely untold part of McCarthy era history The columnist Murray Kempton described Matusow as a truly remarkable witness in the opera bouffe sense demanded by inquisitions of the 1950s **Adult Catalog: Title** Los Angeles County Public Library,1970 **United States Digest: a Digest of Decisions of the Various Courts Within the United States, from the Earliest Period to the Year 1870** ,1879
