Fate Keeps on Happening Anita Loos, 1984 Networks of Modernism Wesley Beal, 2015-10-15 Networks of Modernism offers a new understanding of American modernist aesthetics and introduces the idea that networks were central to how American moderns thought about their culture in their dramatically changing milieu While conventional wisdom holds that the network rose to prominence in the 1980s and 1990s in the context of information technologies digitization is only the most recent manifestation of networks in intellectual history Crucial developments in modern America provide another archive of network discourses well before the advent of the digital age The rise of the railroad recast the American landscape as an assortment of interconnected hubs The advent of broadcast radio created a decentralized audience that was at once the medium's strength and its weakness. The steady and intertwined advances of urbanization and immigration demanded the reconceptualization of community and ethnic identity to replace the failing melting pot metaphor for the nation Indeed the signal developments of the modern era eroded social stratification and reorganized American society in a nodal decentralized and interpenetrating form what today we would label a distributed network that is fully flattened and holds no clustered centers of power In this ferment of social upheaval and technological change the moderns found what we would today term the network though they did not have the vocabulary for it that we do now to be a versatile model for their aesthetic experiments in representing social space and social relations Whether they used the figuration of the network as a kind of formal experiment to negotiate the tensions between dispersal and unity fragment and totality or took the network as a subject in itself as seen when dealing with crowds or public spaces the network was a way for writers and artists to conceptualize and explore their rapidly changing society Through readings of the works of Randolph Bourne Jean Toomer Anita Loos John Dos Passos and Nathanael West Networks of Modernism positions the network as the defining figure of American modernist aesthetics and explores its use as a conceptual tool used to think through the rapid changes in American **Fate Keeps on Happening** Anita Loos, 1985 society Women, Celebrity, and Literary Culture between the Wars Faye Hammill,2009-12-03 As mass media burgeoned in the years between the first and second world wars so did another phenomenon celebrity Beginning in Hollywood with the studio orchestrated transformation of uncredited actors into brand name stars celebrity also spread to writers whose personal appearances and private lives came to fascinate readers as much as their work Women Celebrity and Literary Culture between the Wars profiles seven American Canadian and British women writers Dorothy Parker Anita Loos Mae West L M Montgomery Margaret Kennedy Stella Gibbons and E M Delafield who achieved literary celebrity in the 1920s and 1930s and whose work remains popular even today Faye Hammill investigates how the fame and commercial success of these writers as well as their gender affected the literary reception of their work She explores how women writers sought to fashion their own celebrity images through various kinds of public performance and how the media appropriated these writers for particular cultural discourses She also reassesses the relationship between

celebrity culture and literary culture demonstrating how the commercial success of these writers caused literary elites to denigrate their writing as middlebrow despite the fact that their work often challenged middle class ideals of marriage home and family and complicated class categories and lines of social discrimination The first comparative study of North American and British literary celebrity Women Celebrity and Literary Culture between the Wars offers a nuanced appreciation of the middlebrow in relation to modernism and popular culture **The Problem with Pleasure** Laura Frost, 2013-07-09 Aldous Huxley decried the horrors of modern pleasure or the proliferation of mass produced widely accessible entertainment that could degrade or dull the mind He and his contemporaries including James Joyce T S Eliot Gertrude Stein D H Lawrence and Jean Rhys sought to radically redefine pleasure constructing arduous and indirect paths to delight through their notoriously daunting work Laura Frost follows these experiments in the art of unpleasure connecting modernism's signature characteristics such as irony allusiveness and obscurity to an ambitious attempt to reconfigure bliss In The Problem with Pleasure Frost draws upon a wide variety of materials linking interwar amusements such as the talkies romance novels the Parisian fragrance Chanel no 5 and the exotic confection Turkish Delight to the artistic play of Joyce Lawrence Stein Rhys and others She considers pop cultural phenomena and the rise of celebrities such as Rudolph Valentino and Gypsy Rose Lee against contemporary sociological scientific and philosophical writings on leisure and desire Throughout her study Frost incorporates recent scholarship on material and visual culture and vernacular modernism recasting the period s high low elite popular divides and formal strategies as efforts to regulate sensual and cerebral experience Capturing the challenging tensions between these artists commitment to innovation and the stimulating amusements they denounced yet deployed in their writing Frost calls attention to the central role of pleasure in shaping interwar culture **Before Fanfiction** Alexandra Edwards, 2023-10-18 Fan studies has a literary history problem From the discipline's seminal works of the early 1990s to its recent media attention garnering popular scholarship fan studies has repeated one creation myth time and again Fandom this myth tells us might have gained popularity in the 1960s as female audiences mimeographed and mailed each other Star Trek fanzines but it owes its creation to the male dominated world of the 1930s science fiction pulps But this history neglects the full picture of U S fan cultures in the early twentieth century and it erases the many women writers and readers who transformed American culture by their participation in early forms of fandom Before Fanfiction serves as an intervention It examines the work of popular women writers working in middlebrow modernist and regional forms and the fan responses to such work in order to present a counter history of fan cultures one that returns women to center stage while arguing for a more complex less hierarchical understanding of authorship genre and the American literary marketplace in early twentieth century This book is the first to approach early twentieth century fan culture from a literary historical perspective It will appeal to both literature and fan studies scholars who will find in it not only research and analysis but also a model for future work examining the many connections between literature and fan culture American Literature Krishna

Sharma, This book provides the knowledge of American literature from American Renaissance to post modern era I'm No **Angel** Ellen Tremper, 2006 Have you ever wondered why there are so many dumb blonde jokes always about women Or how Ivanhoe's childhood love theflaxen Saxon Rowena morphed into Marilyn Monroe Between that season in 1847 when readers encountered Becky Sharp playing the vengeful Clytemnestra about to plunge a dagger into Agamemnon and the sunny moment in 1932 when moviegoers watched Clark Gable plunge Jean Harlow's platinum tressed head into a rain barrel the playing field for women and men had leveled considerably But how did the fairy tale blonde that placid pliant girl become the tomato upstair as Monroe styled herself in The Seven Year Itch In I m No Angel The Blonde in Fiction and Film Ellen Tremper shows how at its roots the image of the blonde was remodeled by women writers in the nineteenth century and actors in the twentieth to keep pace with the changes in real women s lives As she demonstrates through these novels and performances fair hair and its traditional attributes patience pliancy endurance and innocence suffered a deliberate alienation which both reflected and enhanced women s personal and social freedoms essential to the evolution of modernity From fiction to film the active desiring and sometimes difficult women who disobeyed manipulated and thwarted their fellow characters mimicked and furthered women's growing power in the world. The author concludes with an overview of the various roles of the blonde in film from the 1960s to the present and speculates about the possible end of blond dominance An engaging and lively read I m No Angel will appeal to a general audience interested in literary and cinematic representations of the blonde as well as to scholars in Victorian women's and film studies World Literature: A Non-British Approach Krishna Sharma, This book has been designed to help the students who prepare for competitive exams like UGC NET SET SLET PGT Assistant Professor Exams etc Every important writer across the world has been covered in this book The Caribbean African Canadian Australian German French Russian Italian Greek Roman New Zealandia and several other writers have been given in the book Women Adapting Bethany Wood, 2019-05-29 When most of us hear the title Gentlemen Prefer Blondes we think of Marilyn Monroe and Jane Russell's iconic film performance Few however are aware that the movie was based on Anita Loos s 1925 comic novel by the same name What does it mean Women Adapting asks to translate a Jazz Age blockbuster from book to film or stage What adjustments are necessary and what if anything is lost Bethany Wood examines three well known stories that debuted as women s magazine serials Gentlemen Prefer Blondes Edith Wharton's The Age of Innocence and Edna Ferber's Show Boat and traces how each of these beloved narratives traveled across publishing theatre and film through adaptation She documents the formation of adaptation systems and how they involved women s voices and labor in modern entertainment in ways that have been previously underappreciated What emerges is a picture of a unique window of time in the early decades of the twentieth century when women in entertainment held influential positions in production and management These days when filmic adaptations seem endless and perhaps even unoriginal Women Adapting challenges us to rethink the popular platitude The book is always better than the movie
