Penenberg, 2016-02-16 During the Golden Age of Aviation in the 1920s and 1930s two great pilots stood above the rest one eyed Oklahoma farm boy Wiley Post shy and awkward on the ground but a daredevil in the sky and Jimmie Mattern a handsome charismatic Hollywood stunt pilot from Texas The whole world followed their exploits through screaming newspaper headlines as they flew in planes made of little more than wood canvas and bailing wire competing to be the first solo flier to circumnavigate the earth Only one would succeed though the other would become more famous than he could have ever imagined And both would change the face of aviation forever **Dispatches from the World** William R. Flying Magazine ,1963-10 **Flying Magazine** ,1931-05 **Women in Space - Following Valentina** Shayler David, Ian A. Moule, 2006-08-29 Space exploration has developed from early unmanned space probes through the pioneering years of the Manned Mercury Gemini and Apollo missions to missions that now include women in the crew as a matter of

course Dave Shayler tells the story of the first woman balloonist in 1784 to their breakthrough as astronauts and cosmonauts in a range of professional roles. He covers the contribution women have made to space exploration and draws on interviews with Shuttle and Mir crew members who were women. These interviews detail the achievements of the first female Shuttle commander and the first female resident crew member of the International Space Station. These and many other events are presented in a detailed and highly readable account that recalls the difficult path to space exploration by women. *The Happy Bottom Riding Club* Lauren Kessler, 2000-05-23 Pancho Barnes was a force of nature, a woman who lived a big, messy, colorful, unconventional life. She ran through three fortunes, four husbands, and countless lovers. She outflew Amelia Earhart, outsmarted Howard Hughes, outdrank the Mexican Army, and outmaneuvered the U.S. government. In *The Happy Bottom Riding Club*, award-winning author Lauren Kessler tells the story of a high-spirited, headstrong woman who was proud of her successes, unabashed by her failures, and the architect of her own legend. Florence Pancho Barnes was a California heiress who inherited a love of flying from her grandfather, a pioneer balloonist in the Civil War. Faced with a future of domesticity and upper-crust pretensions, she ran away from her responsibilities as wife and mother to create her own life. She cruised South America, she trekked through Mexico astride a burro, she hitchhiked halfway across the United States. Then, in the late 1920s, she took to the skies, one of a handful of female pilots. She was a barnstormer, a racer, a cross-country flier, and a Hollywood stunt pilot. She was for a time the fastest woman on earth, flying the fastest civilian airplane in the world. She was an intimate of movie stars, a script doctor for the great director Erich von Stroheim, and later in life, a drinking buddy of the supersonic jet jockey Chuck Yeager. She ran a wild and wildly successful desert watering hole known as the Happy Bottom Riding Club, the raucous bar and grill depicted in *The Right Stuff*. In *The Happy Bottom Riding Club*, Lauren Kessler presents a portrait, both authoritative and affectionate, of a woman who didn't play by women's rules, a woman of large appetites, emotional, financial, and sexual, who called herself the greatest conversation piece that ever existed. **Smithsonian Annals of Flight**, 1971 *FAA Aviation News*, 1990 [Still Missing](#) Susan Ware, 1994 An analysis of Amelia Earhart's life as part of the history of women and American feminism *Now the News* Edward Bliss, Jr., 2010-06-01 Walter Cronkite **Hard News** David H. Hosley, Gayle K. Yamada, 1987-11-03 A major scholarly and readable history of women in broadcast news, covering the broadcast journalistic roles of women from the 1920s through the mid 1980s. Authors Hosley and Yamada, both with extensive professional experience in broadcasting and broadcast news, as well as serving on the faculty of Stanford University's Mass Media Institute, have produced a heavily researched and well-written book which gives attention not only to the more familiar names but also to the many women whose pioneer work in broadcast journalism had led to gradual acceptance of women in what had been considered a male field. Choice There are a lot of names in this book. Some are immediately recognizable; other names are virtually unknown, making this book a valuable reference text for students interested in researching the careers of women broadcasters who have been all but forgotten. The authors, both of whom have

extensive backgrounds in broadcasting have done a commendable job of identifying women who have pioneered in electronic journalism. Indeed, this book is so engrossing one only wishes that it were longer. The authors touch on complex issues such as the impact of the Civil Rights Act of 1964 and the FCC's decision to mandate affirmative action programs to remedy past discrimination that call for more complete treatment in future works. Yet this book is an excellent starting point for serious study of women and broadcast news. It is highly recommended for courses in communications history and broadcasting and women's studies. *Journalism Quarterly*: This is the first book to tell the story of women in broadcast news. It presents a historical overview of how the evolution of women in news has contributed to and reflected changes in our society. It identifies the newswomen who were pioneers in radio and television's developing years and focuses on those whose careers have had the greatest influence on American society through their impact on radio and television. Included are profiles of the major trail blazers in the industry such as Sigrid Schultz, the first female radio foreign correspondent; Helen Sioussat, the first woman network news executive; Dorothy Fuldheim, the first woman to anchor a news program and network correspondent; Pauline Frederick, the dean of women electronic journalists. *The Aviator and the Showman* Laurie Gwen Shapiro, 2025-07-15 CBS Sunday Morning Summer Book Report Pick New York Times Books to Read in July A Town and Country Best Book of July An Amazon Best Book of July A Barnes Noble Best Book of July A BookBub Beach Read Pick Laurie Gwen Shapiro has dug deep into the archives and emerged with an exhilarating tale of the adventurous life of Amelia Earhart and the remarkable relationship that helped to forge her legend. Yet Shapiro goes even further, stripping away the myths and revealing something far more profound and intricate and true. *The Aviator and the Showman* is one terrific book. David Grann, New York Times bestselling author of *The Wager* and *Killers of the Flower Moon*. The riveting and cinematic story of a partnership that would change the world forever. In 1928 a young social worker and hobby pilot named Amelia Earhart arrived in the office of George Putnam, heir to the Putnam Sons throne and hitmaker on the hunt for the right woman for a secret flying mission across the Atlantic. A partnership professional and soon otherwise was born. *The Aviator and the Showman* unveils the untold story of Amelia's decade-long marriage to George Putnam, offering an intimate exploration of their relationship and the pivotal role it played in her enduring legacy. Despite her outwardly modest and humble image, Amelia was fiercely driven and impossibly brave, a lifelong feminist and trailblazer in her personal and professional life. Putnam, the so-called PT Barnum of publishing, was a bookselling visionary but often pushed his authors to extreme lengths in the name of publicity, and no one bore that weight more than Amelia. Their ahead-of-its-time partnership supported her grand ambitions but also pressed her into more and more treacherous stunts to promote her books, influencing a certain recklessness up to and including her final flight. Earhart is a captivating figure to many, but the truth about her life is often overshadowed by myth and legend. In this cinematic new account, Laurie Gwen Shapiro emphasizes Earhart's multifaceted human side, her struggles, and her authentic aspirations, the truths behind her brave pursuits and the compromises she made.

to fit into societal expectations Drawing from a trove of new sources including undiscovered audio interviews *The Aviator* and the Showman is a gripping and passionate tale of adventure colorful characters hubris and a complex and a vivid portrait of a marriage that shaped the trajectory of an iconic life **The National Air Review** ,1949
