Fdr's Good Neighbor Policy Sixty Years Of Generally Gentle Chaos

Puja Mehta

Fdrs Good Neighbor Policy Sixty Years Of Generally Gentle Chaos:

FDR's Good Neighbor Policy Fredrick B. Pike, 2010-07-22 A study of how and why US Latin American relations changed in the 1930s Brilliant A charming and perceptive work Foreign Affairs During the 1930s the United States began to look more favorably on its southern neighbors Latin America offered expanded markets to an economy crippled by the Great Depression while threats of war abroad nurtured in many Americans isolationist tendencies and a desire for improved hemispheric relations One of these Americans was Franklin Delano Roosevelt the primary author of America s Good Neighbor Policy In this thought provoking book Bolton Prize winner Fredrick Pike takes a wide ranging look at FDR s motives for pursuing the Good Neighbor Policy how he implemented it and how its themes played out up to the mid 1990s Pike s investigation goes far beyond standard studies of foreign and economic policy He explores how FDR s personality and Eleanor Roosevelt s social activism made them uniquely simp tico to Latin Americans He also demonstrates how Latin culture flowed north to influence U S literature film and opera This book is essential reading for everyone interested in hemispheric relations

New Perspectives on the Good Neighbor Policy Ana Maria Mauad, Alexandre Busko Valim, 2023-11-15 The Second World War was a watershed moment in US South American relations Yet the Good Neighbor Policy the driving force behind many of the changes during this time remains underanalyzed especially from a South American perspective Examining topics ranging from literary fashions and trends in the press to science militarism and gender categories New Perspectives on the Good Neighbor Policy sheds light on this crucial period in which the US defined geopolitical relations with South America and solidified its hemispheric hegemony Additionally the contributors evaluate the legacy of the Good Neighbor Policy in the twentieth century and its impact on twenty first century politics

Gunboat Democracy Russell Crandall, 2006-03-30 In this balanced and thought provoking study Russell Crandall examines the American decision to intervene militarily in three key episodes in American foreign policy the Dominican Republic Grenada and Panama Drawing upon previously classified intelligence sources and interviews with policymakers Crandall analyzes the complex deliberations and motives behind each intervention and shows how the decision to intervene was driven by a perceived threat to American national security By bringing together three important cases Gunboat Democracy makes it possible to interpret and compare these examples and study the political systems left in the wake of intervention Particularly salient in today s foreign policy arena this work holds important lessons for questions of regime change and democracy by force

Historical Dictionary of the 1940s James Gilbert Ryan, Leonard C Schlup, 2015-03-26 The only available historical dictionary devoted exclusively to the 1940s this book offers readers a ready reference portrait of one of the twentieth century s most tumultuous decades In nearly 600 concise entries the volume quickly defines a historical figure institution or event and then points readers to three sources that treat the subject in depth In selecting topics for inclusion the editors and authors offer a representative slice of life as contemporaneous Americans saw it with coverage of people movements court cases and economic social cultural

political military and technological changes The book focuses chiefly on the United States but places American lives and events firmly within a global context **Thomas C. Mann** Thomas Tunstall Allcock, 2018-12-07 Lyndon Johnson was often blamed for abandoning Kennedy's vision of development and progress in Latin America in favor of his own domestic concerns anti communism and economic stability Johnson along with his fellow Texan and chief adviser on inter American affairs Thomas C Mann nonetheless offered a vision for American engagement with the developing world even as congressional funding and public enthusiasm for such programs waned and Johnson's presidency collapsed under the weight of the Vietnam War This book explores Lyndon Johnson's Latin American policy from his key advisers to development programs and military interventions to establish a new perspective on the impact of a complex and controversial president on a tumultuous period in the history of the Western Hemisphere Demonstrating that much of the negative coverage of their efforts emerged from disgruntled Kennedy loyalists Tunstall Allcock argues that Johnson and Mann were both New Dealers who possessed a keen desire to operate as good neighbors and support Latin American development and regional integration while dealing with domestic pressure from both right and left Based on extensive primary research in multiple archives this much needed book provides a crucial exploration of how inter American relations transitioned from the enthusiasm and excitement of the Kennedy years to the neglect and frustration of the Nixon presidency **The Rebel Scribe** Christopher Neal, 2022-01-27 Carleton Beals was among America's most distinctive foreign correspondents His colorful combatively critical reporting of U S intervention in Latin America had a fearless energy and authority that won him millions of readers He interviewed the Nicaraguan rebel leader Sandino in the camp from which he fought thousands of U S marines in 1928 covered two revolutions in Cuba 1933 and 1959 and interpreted the Mexican Revolution for American readers Beals's dispatches and features appeared regularly in the Nation New Republic Current History and the Progressive and often in the New York Times Time magazine called him the best informed and the most awkward living writer on Latin America Forty books including chronicles political analysis and novels drawn mostly from his travels and wide ranging contacts in what he called America South made that characterization apt But Beals was also an eyewitness reporter on Mussolini's rise in Italy He wrote on U S topics too such as Louisiana's Huey Long and the environmental damage and rural migration in the 1930s caused by emerging agri business in America's South and West Many of his books were best sellers their evidence based assessments earning at least grudging respect even among those who took issue with his indictments of U S economic and government elites At once biography and analytical history The Rebel Scribe tells the story of a fiercely independent non conformist It probes Beals's interactions with political leaders democrats demagogues populists and revolutionaries and reveals how his ability to immerse himself in their societies gave his accounts a palpable authenticity and time has shown a prescience that is almost prophetic Christopher Neal's layered narrative traces how Beals identified patterns of political behavior and concepts that later became fully fledged schools of thought such as the idea of a Third World dependency theory U S neo imperialism

and aspects of critical theory His story sheds light on the evolution of U S foreign policy and intervention from Mexico and Nicaragua in the 1920s to Cuba and Vietnam in the 1960s It reveals the fraught trail that faced and still faces contrarian journalists who challenge conventional assumptions while also showing how probing journalism drives change **From Colony to Superpower** George C. Herring,2008-10-28 The newest volume in the prestigious Oxford History of the United States From Colony to Superpower provides a sweeping account of United States foreign relations and diplomacy in a magisterial account of America s interaction with other peoples and nations of the world Herring tells a story of stunning successes and sometimes tragic failures captured in a fast paced narrative that illuminates the central importance of foreign relations to the existence and survival of the nation and highlights its ongoing impact on the lives of ordinary citizens And Herring does all this in a story rich in human drama and filled with epic events **Neighboring Adversaries** Michael J. LaRosa, Frank O. Mora,2015-03-19 The history of U S Latin American relations has been characterized by a complex fusion of tensions collaboration misperceptions and intervention Offering a balanced and interdisciplinary interpretation this comprehensive reader traces the often troubled relationship from the beginnings of the nineteenth century to the presidency of Barack Obama Completely revised and updated this third edition includes original essays on critically important issues such as immigration the environment and the Obama administration s policy toward the region In addition to this added policy section another new section explores cultural issues such as tourism soccer and the media The readings are framed by the editors opening chapter on the history of the relationship introductory essays for each of the seven parts and abstracts for each selection Students who use this book will learn that U S Latin American relations have been deeply influenced by dynamic continuously evolving scholarly interpretations in both hemispheres Sixteen years after the first edition was published the editors are more optimistic as the hemisphere unites around trade culture tourism and an evolving mutual appreciation Methodologically interdisciplinary yet comparative and historical in organization and structure this text will benefit all readers interested in the rich historical social and political American relationship **Getty Research Journal No. 2** Thomas W. Gaehtgens, Katja Zelljadt,2010-04-05 The Getty Research Journal showcases the remarkable original research underway at the Getty Articles explore the rich collections of the J Paul Getty Museum and Research Institute as well as the Research Institute s research projects and annual theme of its scholar program Shorter texts highlight new acquisitions and discoveries in the collections and focus on the diverse tools for scholarship being developed at the Research Institute **Handbook Of Research On The International Relations Of Latin America And The Caribbean** G. Pope Atkins,2018-02-12 The study of Latin American and Caribbean international relations has a long evolution both within the development of international relations as a general academic undertaking and in terms of the particular characteristics that distinguish the approaches taken by scholars in the field This handbook provides a thorough multidisciplinary reference guide to the literature on the various elements of the international relations of Latin America and the Caribbean Citing over

1600 sources that date from the nineteenth century to the present with emphasis on recent decades the volume's analytic essays trace the evolution of research in terms of concepts issues and themes The Handbook is a companion volume to Atkins Latin America and the Caribbean in the International System Fourth Edition but also serves as an invaluable stand alone reference volume for students scholars researchers journalists and practitioners both official and private

The Rise and Decline of the American Century William O. Walker III, 2018-10-15 In 1941 the magazine publishing titan Henry R Luce urged the nation's leaders to create an American Century But in the post World War II era proponents of the American Century faced a daunting task Even so Luce had articulated an animating idea that as William O Walker III skillfully shows in *The Rise and Decline of the American Century* would guide United States foreign policy through the years of hot and cold war The American Century was Walker argues the counter balance to defensive war during World War II and the containment of communism during the Cold War American policymakers pursued an aggressive agenda to extend U S influence around the globe through control of economic markets reliance on nation building and where necessary provision of arms to allied forces This positive program for the expansion of American power Walker deftly demonstrates came in for widespread criticism by the late 1950s A changing world epitomized by the nonaligned movement challenged U S leadership and denigrated the market democracy at the heart of the ideal of the American Century Walker analyzes the international crises and monetary troubles that further curtailed the reach of the American Century in the early 1960s and brought it to a halt by the end of that decade By 1968 it seemed that all the United States had to offer to allies and non hostile nations was convenient military might nuclear deterrence and the uncertainty of détente Once the dust had fallen on Lyndon B Johnson's presidency and Richard M Nixon had taken office what remained was *The Rise and Decline of the American Century* shows an adulterated strategically based version of Luce's American Century

Reagan and the World Bradley Lynn Coleman, 2017-06-23 Essays on a presidency during a pivotal period in international affairs informed by newly declassified documents Throughout his presidency Ronald Reagan sought peace through strength during an era of historic change In the decades since pundits and scholars have argued over the president's legacy Some consider Reagan a charismatic and consummate leader who renewed American strength and defeated communism to others he was an ambitious and dangerous warmonger whose presidency was plagued with mismanagement misconduct and foreign policy failures The recent declassification of Reagan administration records and the availability of new Soviet documents has created an opportunity for more nuanced complex and compelling analyses of this pivotal period in international affairs In *Reagan and the World* leading scholars and national security professionals offer fresh interpretations of the fortieth president's influence on American foreign policy This collection addresses Reagan's management of the US national security establishment as well as the influence of Secretary of Defense Caspar Weinberger and others in the administration and Congress The contributors present in depth explorations of US Soviet relations and American policy toward Asia Latin America Europe and the Middle

East This balanced and sophisticated examination reveals the complexity of Reagan's foreign policy clarifies the importance of other international actors of the period and provides new perspectives on the final decade of the Cold War Filled with lessons for current and future leaders help us understand how the past shapes the world today including the intricate US relationship with Russia Admiral James G Stavridis U S Navy ret former Supreme Allied Commander NATO **Brazil, the United States, and the Good Neighbor Policy** Alexandre Busko Valim,2019-10-11 In Brazil the United States and the Good Neighbor Policy The Triumph of Persuasion during World War II Alexandre Busko Valim studies the use of cinema in Brazil as an instrument of political persuasion by the United States during the period of the so called Good Neighbor policy during World War II by examining extensive documentation found in the National Archives in College Park Maryland In doing so Valim demonstrates the modus operandi of media imperialism its mapping strategies and control of the market its actions and its objectives of domination When thinking about the place of images as a means of convincing and imposing an ideological project the author notes the methods necessary to examine this relationship between art and politics a problem that is central in the contemporary world Scholars of Latin American Studies international relations history political science and media studies will find this book particularly useful *Franklin D.Roosevelt and Abraham Lincoln* William D. Pederson,Michael R Williams,2016-07-08 Abraham Lincoln and Franklin D Roosevelt are widely considered the two greatest presidents of the past two centuries How did these two very different men rise to power run their administrations and achieve greatness How did they set their policies rally public opinion and transform the nation Were they ultimately more different or alike This anthology compares these two presidents and presidencies examining their legacies leadership styles and places in history **Agrarian Crossings** Tore C. Olsson,2017-08-02 In the 1930s and 1940s rural reformers in the United States and Mexico waged unprecedented campaigns to remake their countrysides in the name of agrarian justice and agricultural productivity Agrarian Crossings tells the story of how these campaigns were conducted in dialogue with one another as reformers in each nation came to exchange models plans and strategies with their equivalents across the border Dismantling the artificial boundaries that can divide American and Latin American history Tore Olsson shows how the agrarian histories of both regions share far more than we realize He traces the connections between the US South and the plantation zones of Mexico places that suffered parallel problems of environmental decline rural poverty and gross inequities in land tenure Bringing this tumultuous era vividly to life he describes how Roosevelt's New Deal drew on Mexican revolutionary agrarianism to shape its program for the rural South Olsson also looks at how the US South served as the domestic laboratory for the Rockefeller Foundation's green revolution in Mexico which would become the most important Third World development campaign of the twentieth century and how the Mexican government attempted to replicate the hydraulic development of the Tennessee Valley Authority after World War II Rather than a comparative history Agrarian Crossings is an innovative history of comparisons and the ways they affected policy moved people and reshaped the

landscape Hemispheric Integration Niko Vicario, 2020-03-31 Exploring art made in Latin America during the 1930s and 1940s Hemispheric Integration argues that Latin America's position within a global economic order was crucial to how art from that region was produced, collected and understood Niko Vicario analyzes art's relation to shifting trade patterns, geopolitical realignments and industrialization to suggest that it was in this specific era that the category of Latin American art developed its current definition Focusing on artworks by iconic Latin American modernists such as David Alfaro Siqueiros, Joaquín Torres García, Cândido Portinari and Mario Carreño, Vicario emphasizes the materiality and mobility of art and their connection to commerce, namely the exchange of raw materials for manufactured goods from Europe and the United States An exceptional examination of transnational culture, this book provides a new model for the study of Latin American art

Tarsila Do Amaral Stephanie D'Alessandro, Luis Pérez Oramas, 2017-01-01 An exploration of the innovative quintessentially Brazilian painter who merged modernism with the brilliant energy and culture of her homeland Tarsila do Amaral 1886-1973 was a central figure at the genesis of modern art in her native Brazil and her influence reverberates throughout 20th and 21st century art Although relatively little known outside Latin America, her work deserves to be understood and admired by a wide contemporary audience This publication establishes her rich background in European modernism, which included associations in Paris with artists Fernand Léger and Constantin Brancusi, dealer Ambroise Vollard and poet Blaise Cendrars Tarsila, as she is known affectionately in Brazil, synthesized avant-garde aesthetics with Brazilian subjects, creating stylized, exaggerated figures and landscapes inspired by her native country that were powerful emblems of the Brazilian modernist project known as Antropofagia Featuring a selection of Tarsila's major paintings, this important volume conveys her vital role in the emerging modern art scene of Brazil, the community of artists and writers including poets Oswald de Andrade and Mário de Andrade with whom she explored and developed a Brazilian modernism and how she was subsequently embraced as a national cultural icon At the same time, an analysis of Tarsila's legacy questions traditional perceptions of the 20th-century art world and asserts the significant role that Tarsila and others in Latin America had in shaping the global trajectory of modernism Deep Republicanism Donald C. Hodges, 2003-08-19

Deep Republicanism Prelude to Professionalism establishes the importance of Machiavelli's radical republican agenda in understanding the major revolutions of the modern world Donald Hodges's nuanced analysis of *The Discourse of Livy* reveals a subversive republicanism in Machiavelli's theorizing that is at odds with the demoliberalism often perceived as the work's primary political agenda Hodges follows this strand of republicanism through history, providing a fascinating account of how these two political philosophies vied with each other throughout much of modern history in conflicts that culminated in the Russian and American Revolutions A unique treatment of Machiavelli's political agenda, its implementation by numerous historical actors and its legacy, *Deep Republicanism* examines aspects of Machiavelli's work that have often been overlooked It also sheds light on Machiavelli himself, whose famously devious and crafty writing style was partly motivated by

his political vulnerability in fifteenth century Florence Hodges's study is both a novel examination of the historical influence of Machiavelli's thought and a testament to the enduring power influence and subtlety of one of the best known Western political philosophers

Diversity in Disney Films Johnson Cheu, 2013-01-24 Although its early films featured racial caricatures and exclusively Caucasian heroines Disney has in recent years become more multicultural in its filmic fare and its image From Aladdin and Pocahontas to the Asian American boy Russell in Up from the first African American princess in The Princess and the Frog to Spanish mode Buzz Lightyear in Toy Story 3 Disney films have come to both mirror and influence our increasingly diverse society This essay collection gathers recent scholarship on representations of diversity in Disney and Disney Pixar films not only exploring race and gender but also drawing on perspectives from newer areas of study particularly sexuality queer studies critical whiteness studies masculinity studies and disability studies Covering a wide array of films from Disney's early days and Golden Age to the Eisner era and current fare these essays highlight the social impact and cultural significance of the entertainment giant Instructors considering this book for use in a course may request an examination copy here

Pan American Women Megan Threlkeld, 2014-07-17 In the years following World War I women activists in the United States and Europe saw themselves as leaders of a globalizing movement to promote women's rights and international peace In hopes of advancing alliances U S internationalists such as Jane Addams Carrie Chapman Catt and Doris Stevens reached across the border to their colleagues in Mexico including educator Margarita Robles de Mendoza and feminist Hermila Galindo They established new organizations sponsored conferences and rallied for peaceful relations between the two countries But diplomatic tensions and the ongoing Mexican Revolution complicated their efforts In *Pan American Women* Megan Threlkeld chronicles the clash of political ideologies between U S and Mexican women during an era of war and revolution Promoting a human internationalism in the words of Addams U S women overestimated the universal acceptance of their ideas They considered nationalism an ethos to be overcome while the revolutionary spirit of Mexico inspired female citizens there to embrace ideas and reforms that focused on their homeland Although U S women gradually became less imperialistic in their outlook and more sophisticated in their organizational efforts they could not overcome the deep divide between their own vision of international cooperation and Mexican women's nationalist aspirations *Pan American Women* exposes the tensions of imperialism revolutionary nationalism and internationalism that challenged women's efforts to build an inter American movement for peace and equality in the process demonstrating the importance of viewing women's political history through a wider geographic lens

Fdrs Good Neighbor Policy Sixty Years Of Generally Gentle Chaos Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever.
