Selway,2021-06-09 A fascinating journey through society's changing preoccupations as reflected in horror films plus profiles of the genre's top actors and directors. It wasn't until 1973 that a horror film *The Exorcist* was nominated for an Oscar for Best Picture and critics are still divided today, many regarding them with amused condescension. The public's view is also sharply divided. Some cinema goers revel in the thought of being made very very afraid while others avoid horror films because they don't want to be frightened. This guide which is for both the fan and the more fainthearted steers an illuminating path through a genre that has since the early days of cinema split off into many subdivisions: folk horror, slasher movies, Hammer sci-fi horror, psychological thrillers, zombie movies among others. Times change but moviemakers can always find a way to tap into what we fear and dread, whether it's blood-sucking vampires or radioactive mutations, evil children or the living dead. This book also gives concise biographies of the many actors and directors who saw their careers for better or worse defined by their association with horror movies and who created a genre that is instantly recognizable in all its forms and continues to find new and ingenious ways of scaring us in the dark. [Terence Fisher](#) Peter Hutchings,2017-06-01

Terence Fisher is best known as the director who made most of the classic Hammer horrors including *The Curse of Frankenstein*, *Dracula* and *The Devil Rides Out*. But there is more to Terence Fisher than Hammer horror. In a busy twenty-five year career he directed fifty films, not just horrors but also thrillers, comedies, melodramas and science fiction. This book offers an appreciation of all of Fisher's films and also gives a sense of his place in British film history. Looking at Fisher's career as a whole not only underlines his importance as a film maker but also casts a new, interesting light on the areas in which he worked: Gainsborough melodrama, the 1950s B film, 1960s science fiction and, of course, Hammer, one of the most successful independent film companies in the history of British cinema. THERE'S NOTHING TO WORRY ABOUT: YOU'RE NOT LOSING A SON AND YOU DON'T HAVE TO BE GAINING A RIVAL For a mother who's accustomed to having been number one in her son's life, the arrival of a girlfriend, fiancée or wife can be a complicated, confusing and emotionally challenging event. Likewise coexisting harmoniously with the mother of her partner can be an overwhelming challenge for any woman. Sons often caught in the middle are sometimes understandably reluctant to take sides. In *It's Either Her or Me*, relationship expert Ellie Slott Fisher examines the complex dynamics of these potentially fraught relationships and how they can be made rich in rewards for all parties. As a wife and the mother of a grown son, Fisher has been on both ends of the spectrum. She recounts her own experiences and those of the mothers, sons, girlfriends, fiancées, wives and even sisters she interviewed. With the help of psychologist Dr Beatrice Lazaroff and licensed professional counselor Esther Ganz, Fisher offers practical solutions to help women on both sides cope and thrive in this most sensitive of relationships. Discover how to gauge when it's time to voice an opinion and when it's best to bite your tongue; reach out to the woman in your son's life without being overbearing; handle the partner or mother-in-law who's truly impossible; show respect to your partner's mother; ensure that your partner's mother respects your boundaries; deal with jealous sisters and other

difficult family members and much more Also including welcome advice on what he can discuss with either woman It s Either Her or Me is an invaluable resource for women and the men they love

Terence Fisher Paul Leggett,2010-06-28 Some critics in England and France have long maintained that British director Terence Fisher whose films dominated world markets in the 1950s and 60s was one of the greatest directors of fantasy films in history Since his death in 1980 Fisher s reputation has grown from relative obscurity and his influence on the development of the modern horror film has been widely recognized However Fisher s importance should not be limited to the context of the fantasy and horror film genres His films should also be recognized as expressions of his generalizations about human spirituality This critical study of Fisher s films begins with an introduction that provides biographical information on his film career summaries of all of the films he directed and examples of his impact on contemporary cinema All of Fisher s films are analyzed in terms of their Christian and religious themes as well as their mythical sources Chapters are devoted to Fisher s work on the subjects of Frankenstein Dracula curses The Devil Rides Out the ancient goddess The Gorgon the divided self The Man Who Could Cheat Death and the redeemer hero The Stranglers of Bombay The concluding chapter analyzes the role and influence of Biblical narratives in Fisher s films Also included is a filmography the work is fully indexed

The Boxing Film Travis Vogan,2020-10-16 As one of popular culture s most popular arenas sports are often the subject of cinematic storytelling But boxing films are special There are more movies about boxing by a healthy margin than any other sport and boxing accompanied and aided the medium s late nineteenth century emergence as a popular mass entertainment Many of cinema s most celebrated directors from Oscar Micheaux to Martin Scorsese made boxing films And while the production of other types of sports movies generally corresponds with the current popularity of their subject boxing

films continue to be made regularly even after the sport has wilted from its once prominent position in the sports hierarchy of the United States From Edison s Leonard Cushing Fight to The Joe Louis Story Rocky and beyond this book explores why boxing has so consistently fascinated cinema and popular media culture by tracing how boxing movies inform the sport s meanings and uses from the late nineteenth century to the early twenty first century **Sport Fishery Abstracts** ,1990
