captivating the world of carp fishing the Black Mirror Cult Challenging History Leah Worthington, Rachel Clare Donaldson, John W. White, 2021-07-22 A collection of essays that examine how the history of slavery and race in the United States has been interpreted and inserted at public historic sites For decades racism and social inequity have stayed at the center of the national conversation in the United States sustaining the debate around public historic places and monuments and what they represent These conversations are a reminder of the crucial role that public history professionals play in engaging public audiences on subjects of race and slavery This difficult history has often remained un or underexplored in our public discourse hidden from view by the tourism industry or even by public history professionals themselves as they created historic sites museums and public squares based on white centric interpretations of history and heritage Challenging History through a collection of essays by a diverse group of scholars and practitioners examines how difficult histories specifically those of slavery and race in the United States are being interpreted and inserted at public history sites and in public history work Several essays explore the successes and challenges of recent projects while others discuss gaps that public historians can fill at sites where Black history took place but is absent in the interpretation Through case studies the contributors reveal the entrenched false narratives that public history workers are countering in established public history spaces and the work they are conducting to reorient our collective understanding of the past History practitioners help the public better understand the world Their choices help to shape ideas about heritage and historical remembrances and can reform even transform worldviews through more inclusive and ethically narrated histories Challenging History invites public historians to consider the ethical implications of the narratives they choose to share and makes the case that an inclusive honest and complete portrayal of the past has the potential to reshape collective memory and ideas about the meaning of American history and citizenship *Fish Story* Richard Hoyt, October in Seattle a dreary drizzly time of year and it doesn't help that private eye John Denson's favorite hangout the Pig's Alley is being converted into a fey French restaurant Things are worse for Denson's good friend and darts partner Willie Prettybird A salmon fisherman by trade in business with his brother Rodney Willie is nervous about a lawsuit they've brought to gain treaty fishing rights for the Cowlitz Indian tribe an action that has made the Prettybirds a few powerful enemies among the sport and commercial fishing interests notably Foxx Jensen and Doug Egan What worries Willie even more is that somebody is threatening his pretty sister Melinda by beating up her boyfriends Denson volunteers to look into Melinda's problem which at first seems a simple case of a jealous ex husband though Mike Stark doesn't really fit the part But when the federal judge in the Cowlitz suit is reported missing and when neatly butchered cuts of human flesh begin mysteriously to turn up in a downtown park Denson realizes he's cast his net into deep and dangerous waters The Seattle police hope that a sophisticated computerized scanner trained on the park vicinity will discover case breaking evidence Denson his methods less fancy pursues his own unconventional course helped on his offbeat way by a motley ensemble a beautiful and brainy lawyer a renegade cop with a grudge and the wacky owner of
