**The Limits of Auteurism** Nicholas Godfrey, 2018-05-10 The New Hollywood era of the late 1960s and early 1970s has become one of the most romanticized periods in motion picture history celebrated for its stylistic boldness thematic complexity and the unshackling of directorial ambition *The Limits of Auteurism* aims to challenge many of these

assumptions Beginning with the commercial success of Easy Rider in 1969 and ending two years later with the critical and commercial failure of that film's twin progeny The Last Movie and The Hire Hand Nicholas Godfrey surveys a key moment that defined the subsequent aesthetic parameters of American commercial art cinema The book explores the role that contemporary critics played in determining how the movies of this period were understood and how in turn strategies of distribution influenced critical responses and dictated the conditions of entry into the rapidly codifying New Hollywood canon Focusing on a small number of industrially significant films this new history advances our understanding of this important moment of transition from Classical to contemporary modes of production

**Education Outlook**, 1923 *The Road Story and the Rebel*, This cultural history reveals the unique qualities of road stories and follows the evolution from the Beats postwar literary adventures to today's postmodern reality television shows Tracing the road story as it moves to both LeRoi Jones's critique of the Beats romanticization of blacks as well as to the mainstream in the 1960s with CBS's Route 66 Mills also documents the rebel subcultures of novelist Ken Kesey and the Merry Pranksters who used film and LSD as inspiration on a cross country bus trip and she examines the sexualization of male mobility and biker mythology in the films Scorpio Rising The Wild Angels and Easy Rider Mills addresses how the filmmakers of the 1970s Coppola Scorsese and Bogdanovich flourished in New Hollywood with road films that reflected mainstream audiences and how feminists Joan Didion and Betty Friedan subsequently critiqued them A new generation of women and minority storytellers gain clout and bring genre remapping to the national consciousness Mills explains as the road story evolves from such novels as Song of Solomon to films like Thelma and Louise and television's Road Rules 2

Sur la 4e de couv **Hollywood's Last Golden Age** Jonathan Kirshner, 2012-10-05

Between 1967 and 1976 a number of extraordinary factors converged to produce an uncommonly adventurous era in the history of American film The end of censorship the decline of the studio system economic changes in the industry and demographic shifts among audiences filmmakers and critics created an unprecedented opportunity for a new type of Hollywood movie one that Jonathan Kirshner identifies as the seventies film In Hollywood's Last Golden Age Kirshner shows the ways in which key films from this period including Chinatown Five Easy Pieces The Graduate and Nashville as well as underappreciated films such as The Friends of Eddie Coyle Kluge and Night Moves were important works of art in continuous dialogue with the political social personal and philosophical issues of their times These seventies films reflected the era's social and political upheavals the civil rights movement the domestic consequences of the Vietnam war the sexual revolution women's liberation the end of the long postwar economic boom the Shakespearean saga of the Nixon Administration and Watergate Hollywood films in this brief exceptional moment embraced a new aesthetic and a new approach to storytelling creating self consciously gritty character driven explorations of moral and narrative ambiguity Although the rise of the blockbuster in the second half of the 1970s largely ended Hollywood's embrace of more challenging films Kirshner argues that seventies filmmakers showed that it was possible to combine commercial entertainment with serious explorations of politics society and characters interior lives

Other Hollywood Renaissance Dominic Lennard, 2020-09-09 In the late 1960s the collapse of the classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema

Reflecting a new self consciousness in the US about the national film patrimony this period is known as the Hollywood Renaissance However critical study of the period is generally associated with its so called principal auteurs slighting a number of established and emerging directors who were responsible for many of the era s most innovative and artistically successful releases With contributions from leading film scholars this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty four directors of note who have not yet been given a proper place in the larger history of the period Including filmmakers such as Hal Ashby John Frankenheimer Mike Nichols and Joan Micklin Silver this more expansive approach to the auteurism of the late 1960s and 1970s seems not only appropriate but pressing a necessary element of the re evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media

**Post-Fordist Cinema** Jeff Menne,2019-02-26 The New Hollywood boom of the late 1960s and 1970s is celebrated as a time when maverick directors bucked the system Against the backdrop of counterculture sensibilities and the prominence of auteur theory New Hollywood directors such as Robert Altman and Francis Ford Coppola seemed to embody creative individualism In Post Fordist Cinema Jeff Menne rewrites the history of this period arguing that auteur theory served to reconcile directors to Hollywood s corporate project Menne traces the surprising affinities between auteur theory and management gurus such as Peter Drucker who envisioned a more open and flexible corporate style In founding production companies New Hollywood filmmakers took part in the creation of new corporate models that emphasized entrepreneurial creativity For firms such as Kirk Douglas s Bryna Productions Altman s Lion s Gate Films the Zanuck Brown Company and BBS Productions the counterculture ethos limbered up the studio system s sclerotic production process with striking parallels to how management theory conceived of the role of the individual within the firm Menne offers insightful readings of how films such as *Lonely Are the Brave* *Brewster McCLOUD* *Jaws* and *The King of Marvin Gardens* narrate the conditions in which they were created depicting shifting notions of work and corporate structure While auteur theory allowed directors to cast themselves as independent creators Menne argues that its most consequential impact came as a management doctrine An ambitious rethinking of New Hollywood Post Fordist Cinema sheds new light on the cultural myth of the great director and the birth of the creative economy

**When the Movies Mattered** Jonathan Kirshner,Jon Lewis,2019-06-15 In *When the Movies Mattered* Jonathan Kirshner and Jon Lewis gather a remarkable collection of authors to revisit the unique era in American cinema that was New Hollywood Ten eminent contributors some of whom wrote about the New Hollywood movement as it unfolded across the 1960s and 1970s assess the convergence of film industry developments and momentous social and political changes that created a new type of commercial film that reflected those revolutionary influences in American life Even as New Hollywood first took shape film industry insiders and commentators alike realized its significance At the time Pauline Kael compared the New Hollywood to the tangled bitter flowering of American letters in the 1850s and David Thomson dubbed the era the decade when movies mattered Thomson s

words provide the impetus for this volume in which a cohort of seasoned film critics and scholars who came of age watching the movies of this era reflect upon and reconsider this golden age in American filmmaking Contributors Molly Haskell Heather Hendershot J Hoberman George Kouvaros Phillip Lopate Robert Pippin David Sterritt David Thomson **Awake in the Dark** Roger Ebert,2010-10-21 Roger Ebert has been writing film reviews for the Chicago Sun Times for nearly forty years And during those four decades his wide knowledge keen judgment prodigious energy and sharp sense of humor have made him America s most celebrated film critic He was the first such critic to win a Pulitzer Prize one of just three film critics ever t **Hard Hats, Rednecks, and Macho Men** Derek Nystrom,2009-10-21 Everywhere you look in 1970s American cinema you find white working class men The persistent appearance of working class characters in these and other films of the 1970s reveals the powerful role class played in the key social and political developments of the decade The Cinema Book Bloomsbury Publishing,2019-07-25 The Cinema Book is widely recognised as the ultimate guide to cinema Authoritative and comprehensive the third edition has been extensively revised updated and expanded in response to developments in cinema and cinema studies Lavishly illustrated in colour this edition features a wealth of exciting new sections and in depth case studies Sections address Hollywood and other World cinema histories key genres in both fiction and non fiction film issues such as stars technology and authorship and major theoretical approaches to understanding film **Five Easy Pieces** Terrence Ryan,2020-06-02 Rejecting his cultured upper class background as a classical pianist Robert Dupea Jack Nicholson opts for a blue collar existence working in a California oil field and spending time with his waitress girlfriend Rayette Karen Black But when Robert discovers that his father is gravely ill he wants to reunite with his estranged family in the state of Washington He and Rayette take a road trip that brings the two paths of his life to an uncomfortable intersection **Dirty Real** Peter Stanfield,2024-07-06 The story of how the movies assumed a gritty facade in the name of authenticity with working actors transforming into artists poets painters troubadours and filmmakers both on and off screen This is the tale of how Hollywood inspired by the success of Easy Rider sold a cycle of films as the new dirty real Dennis Hopper Peter Fonda Monte Hellman Jack Nicholson Kris Kristofferson and Sam Peckinpah among others parlayed a nostalgia for the gutter and donned bohemian personae pulling on soiled shirts and scuffed boots to better counter the glamour and phoniness of Tinseltown The result was a generation of movies including The Hired Hand Five Easy Pieces Two Lane Blacktop The Last Picture Show and Pat Garrett and Billy the Kid With great care for the historical record and displaying a refined critical acuity Peter Stanfield captures that pivotal moment when Hollywood tried to sell a begrimed vision of itself to the world
