Mauroni, 2003-04-30 For more than 15 years the Army s chemical demilitarization program has been criticized and castigated as a potentially dangerous effort poorly executed without concern for the public By reviewing the chemical demilitarization program as a public policy area Mauroni offers a different perspective on how the Army worked with Congress and the public to offer the safest program possible The Army was forced to delay its own schedule and increase the breadth and depth of the program to address political demands and idealistic environmental concerns Mauroni contends that Army and Department of Defense leadership s insistence on treating this program as a strictly technical effort rather than as a public policy concern is

in part responsible for the public's misunderstanding of the Army's execution of the program. Despite its challenges, the Army is well on its way to accomplishing its goal of destroying the U.S. chemical weapons stockpile with no impact on the public or environment. They have stumbled through, however, rather than planned their exit. According to Mauroni, the Army needs to examine this program carefully to identify how to address public policy questions better in the future, to include responding to chemical and biological terrorism, developing a biological warfare vaccine program, and addressing future Gulf War illness questions. Their failure to learn will otherwise result in a continued inability to address critical questions on how they respond to chemical and biological warfare issues.

Cape Verde (Other Places Travel Guide) Callie Flood, Brittany

Kuhn, 2010-07-05 Cape Verde is an elusive mix of everything. A blend of Portugal, a dash of Brazil, a hint of American, and a slice of Africa. Once known as the Forgotten Islands, the archipelago has emerged to offer everything from isolated, windswept beaches, mountainous, misty forests, giant salt flats, and black volcanic lava flows to top-of-the-line luxury hotels with the latest technology, as well as small town pensions in remote villages rich in tradition. The most inviting aspect of this country is the charm, candor, and genuine hospitality of its people, and the vibrant, rich diversity of each island. They may be known as the Forgotten Islands, but they are anything but forgettable.

Heaven Made Clear Kurt Hagerman, 2023-12-20 If reading this book does anything for you, but establish a sense of urgency for being prepared for the return of Jesus and eternal life in Heaven, then I have done my job. Right now, Jesus probably cares more about your eternal life with Him than you do. If you are not ready and excited for Christ's return tomorrow, then you are playing Russian roulette with procrastination and fear. When Christ returns once again, it will either be the best or the worst day of your life. Make sure you are inside before the door is shut.

The Advocate of Peace, 1896

Emeralds Annie Dyer, *Tarnished Crowns* 3 Isaac's Story. They call me a threat. A manipulator. A man who doesn't care who he breaks on the way to power. They're not wrong. I've spent my career reshaping the UK's balance of power, undermining Scottish independence, manipulating governments, and taking the monarchy apart piece by piece. Every lie I told, every alliance I broke, got me closer to control. And then Blair walked into my war. She was supposed to be a symbol, a pretty puppet. But she's become the heir, the storm, the centre of everything. I've touched her, lied to her, protected her. I've fallen for her in the exact way I swore I never would. But she's not the only one I want. Ben, her bodyguard, my rival, our other. He's missing. Disappeared in the chaos at the end of it all. Blair is spiralling. Searching. Grieving. And I'm lying to her. Because I know more than she does. About Ben. About what happened. About what's coming. Keeping the truth from her is the only way to hold what's left of this fractured kingdom together. But every hour that passes, the space between us grows sharper. Colder. More dangerous. Scotland is burning. The monarchy is crumbling. And I'm about to lose the only people who've ever made me want to stop running. But I won't go down quietly. And I don't plan to go down alone.

Emeralds is Book Three in the *Tarnished Crowns* trilogy, an MMF royal dark romance set in an independent Scotland. It's the explosive finale of a story about power, betrayal, legacy, and the kind of love that isn't safe but is always worth the cost.
