Flagship Hood The Fate Of Britains Mightiest Warship:

Flagship Hood Alan Coles, Ted Briggs, 1988 Of the 1400 men on board HMS Hood on 24 May 1941 only 3 survived a German shell which blew Hood's reputation forever The prestige ship of the Navy was overrated her construction was flawed and out of date as soon as she was launched

Flagship Hood: the Fate of Britain's Mightiest Warship, by Alan Coles and Ted Briggs Alan Coles, 1985

Britain and the Sea Glen O'Hara, 2010-06-30 O'Hara presents the first general history of Britons relationship with the surrounding oceans from 1600 to the present day This all encompassing account covers individual seafarers ship borne migration warfare and the maritime economy as well as the British people's maritime ideas and self perception throughout the centuries

The End of Glory Bruce Taylor, 2012-04-03 The career of the legendary British battlecruiser is vividly recounted from its commissioning to its tragic end in this naval history The HMS Hood was the glory of the Royal Navy In *The End of Glory* historian Bruce Taylor combines in depth research and thrilling narrative to tell its story For twenty years Hood symbolized the Royal Navy during the twilight years of the British Empire Yet in 1941 it was destroyed in seconds by the battleship Bismarck a catastrophe that shattered the morale the British public Through official documents as well as the personal accounts and reminiscences of more than 150 crewmen this volume offers a vivid portrait of this naval icon An insider's view of a warship in peace and war *The End of Glory* not only paints an intimate picture of everyday life but deals with controversial issues such as the Invergordon mutiny escapades ashore and afloat the Christmas mutiny of 1940 and the terrible conditions onboard in war This coverage based on so many original sources makes for a truly compelling story that neither historian enthusiast nor general reader will find easy to put down

The Battle of the Denmark Strait Daniel Knowles, 2020-10-04 Dawn 24 May 1941 two groups of ships one British one German meet in the Denmark Strait Here two giants of maritime history HMS Hood and the Bismarck meet Within minutes of the battle beginning HMS Hood blows up with a catastrophic loss of life Out of a crew of 1 418 only three survive Coupled with this the Royal Navy's newest battleship is outfought While this is a cause of celebration for the Germans Bismarck has been wounded curtailing her Atlantic raiding sortie Despite the wealth of documentary information and photographic evidence available on the battle there continues to be controversy as to how the conflict was actually fought This book analyses the events of 24 May 1941 to both shed new light and provide clarifications on how the battle was fought the damage that different ships sustained and how it was that the pride of the Royal Navy was destroyed in such a catastrophic manner

HMS Hood Daniel Knowles, 2019-07-15 For over twenty years the battlecruiser HMS Hood toured the world as the most iconic warship in the Royal Navy Unmatched in her beauty and charisma Hood is one of history's greatest warships During the twilight years of the British Empire the Hood toured the world showing the flag as a symbol of British power As the Royal Navy's show ship Hood came to command a special place in the hearts and minds of the British public Such was the regard for HMS Hood that her destruction in the Denmark Strait on the morning of 24 May 1941 by the German battleship Bismarck created dismay

across the world Within minutes of entering battle the Mighty Hood as she was affectionately known was destroyed by a catastrophic explosion which had echoes of Jutland a quarter of a century earlier Out of a crew of 1 418 only 3 survived The sinking of HMS Hood was the single largest disaster ever sustained by the Royal Navy This book charts the life and death of this legendary battlecruiser in both peace and war from her early origins through the interwar years to her destruction

England's Last War Against France Colin Smith,2010-11-25 Genuinely new story of the Second World War the full account of England s last war against France in 1940-42 Most people think that England s last war with France involved point blank broadsides from sailing ships and breastplated Napoleonic cavalry charging red coated British infantry But there was a much more recent conflict than this Under the terms of its armistice with Nazi Germany the unoccupied part of France and its substantial colonies were ruled from the spa town of Vichy by the government of Marshal Philip Petain Between July 1940 and November 1942 while Britain was at war with Germany Italy and ultimately Japan it also fought land sea and air battles with the considerable forces at the disposal of Petain s Vichy French When the Royal Navy sank the French Fleet at Mers El Kebir almost 1 300 French sailors died in what was the twentieth century s most one sided sea battle British casualties were nil It is a wound that has still not healed for undoubtedly these events are better remembered in France than in Britain An embarrassment at the time France s maritime massacre and the bitter hard fought campaigns that followed rarely make more than footnotes in accounts of Allied operations against Axis forces Until now

King George V-Class Battleships Daniel Knowles,2022-04-08 Following the First World War the major naval powers entered into an agreement restricting the construction of capital ships and limiting the numbers that signatories were allowed to maintain so numerous ships were scrapped or disposed of and the majority of planned vessels were either cancelled whilst being built or never laid down By the late 1920s the Royal Navy s battle force comprised of the two Nelson class ships the battlecruisers Hood Renown and Repulse and Revenge and Queen Elizabeth class ships all designed before the First World War In 1928 the Royal Navy began planning a new class of battleships which was put on hold with the signing of the Treaty of London In 1935 realising its battle fleet was becoming dated as other nations laid down new classes of battleships the Royal Navy recommenced planning capital ships within treaty limitations The result was the King George V class battleships Regarded by some as the worst new generation battleships in the Second World War the King George V class were Britain s most modern battleships during the conflict and saw action in some of the most famous engagements from the sinking of the Bismarck in 1941 to the surrender of Japan in 1945 This book charts the story of the King George V class from its conception and design through to the operational history of the ships in the class

The Royal Navy in the Age of Austerity 1919-22 G. H. Bennett,2016-10-06 This book thoroughly explores and analyses naval policy during the period of austerity that followed the First World War During this post war period as the Royal Navy identified Japan its likely opponent in a future naval war the British Government was forced to tighten its belt and cut back on naval expenditure in the interests of National Economy G H

Bennett draws connections between the early 20th century and the present day showing how the same kind of connections exist between naval and foreign policy the provision of ships for the Royal Navy business and regional prosperity and employment The Royal Navy in the Age of Austerity 1919 22 engages with a series of important historiographical debates relating to the history of the Royal Navy the failures of British Defence policy in the inter war period and the evolution of British foreign policy after 1919 together with more mundane debates about British economic industrial social and political history in the aftermath of the First World War It will be of great interest to scholars and students of British naval history

Bismarck Michael Tamelander, Niklas Zetterling, 2020-01-10 The author of Blitzkrieg covers one of the most dramatic events of the Second World War in an outstanding book about naval warfare World War II History When the German battleship Bismarck a masterpiece of engineering well armored with a main artillery of eight 15 inch guns left the port of Gotenhafen for her first operation on the night of May 18 1941 the British battlecruiser Hood and the new battleship Prince of Wales were ordered to find her quickly as several large convoys were heading for Britain On May 24 Bismarck was found off the coast of Greenland but the ensuing battle was disastrous for the British The Hood was totally destroyed within minutes with only three crewmen surviving and Prince of Wales was badly damaged The chase resumed until the German behemoth was finally caught this time by four British capital ships supported by torpedo bombers from the carrier Ark Royal The icy North Atlantic roiled from the crash of shellfire and bursting explosions until finally the Bismarck collapsed sending nearly two thousand German sailors to a watery grave Tamelander and Zetterling's work rests on stories from survivors and the latest historical discoveries The book starts with a thorough account of maritime developments from 1871 up to the era of the giant battleship and ends with a vivid account hour by hour of the dramatic and fateful hunt for the mighty Bismarck Nazi Germany's last hope to pose a powerful surface threat to Allied convoys Exciting story telling recreates the thrill of the hunt International Journal of Maritime History An epic sea chase and its vivid human details World War II **Military**

and the development of civilian telecommunications The Battlecruiser HMS Hood Bruce Taylor, 2008-04-30 A wonderfully illustrated biography of one of history's greatest warships whose sinking signaled the end of the surety that Britannia ruled the waves War History Online Unmatched for beauty unequalled for size for twenty years the HMS Hood was the glory ship of the Royal Navy flying the flag across the world in the twilight years of the British Empire Here in words photos and color illustrations is the story of her life her work and her people from keel laying on the Clyde in 1916 to destruction at the hands of the Bismarck in 1941 Among the eye-catching strengths of the book is a unique gallery of photos including stills from a recently discovered piece of color footage of the ship plus a spectacular set of computer generated images of both the exterior and interior by the world's leading exponent of the art a man who worked with the film director James Cameron of Titanic fame A wealth of new information on Hood's structure and operation make it essential reading for the enthusiast modeler and historian alike Hugely successful from its first publication this is the third printing of the ultimate book on the ultimate ship of the pre war era The most comprehensive study of a modern warship ever undertaken Warship World

Empire Cruise Daniel Knowles, 2024-06-03 In November 1923 the Royal Navy dispatched what was named the Special Service Squadron on a ten month tour around the British Empire Led by the battlecruiser HMS Hood the pride of the Royal Navy and at the time the largest ship in the world and including the battlecruiser Renown and the First Light Cruiser Squadron the role of the Special Service Squadron was to show the flag in a public relations exercise and to strengthen ties across the Empire Much publicised the cruise served as a subtle reminder that in the aftermath of the Great War Britannia still ruled the waves This book charts the situation faced by Great Britain and the Royal Navy in the years immediately after the Great War and details the origins of the cruise before charting the course of the expedition *The Iron Sea* Simon Read, 2020-11-03 From the acclaimed military history author this action packed World War II history describes the Allies' brutal naval engagements and daring harbor raids to destroy the backbone of Hitler's surface fleet The sea had become a mass grave by 1941 as Hitler's four capital warships Scharnhorst Gneisenau Tirpitz and Bismarck the largest warship on the ocean roamed the wind swept waves threatening the Allied war effort and sending thousands of men to the icy depths of the North Atlantic Bristling with guns and steeled in heavy armor these reapers of the sea could outrun and outgun any battleship in the Allied arsenal The deadly menace kept Winston Churchill awake at night he deemed them targets of supreme consequence The campaign against Hitler's surface fleet would continue into the dying days of World War II and involve everything from massive warships engaged in bloody fire drenched battle to daring commando raids in German occupied harbors This is the fast paced story of the Allied bomber crews brave sailors and bold commandoes who sunk the Bismarck and won a hard fought victory over Hitler's iron sea Using official war diaries combat reports eyewitness accounts and personal letters Simon Read brings the action and adventure to vivid life The result is an enthralling and gripping story of the Allied heroes who fought on a watery battlefield **The Royal Navy and the Capital Ship in the Interwar Period**

Joseph Moretz,2012-12-06 Joseph Moretz's innovative work focuses on what battleships actually did in the inter war years and what its designed war role in fact was In doing so the book tells us much about British naval policy and planning of the time Drawing heavily on official Admiralty records and private papers of leading officers the author examines the navy's operational experience and the evolution of its tactical doctrine during the interwar period He argues that operational experience combined with assumptions about the nature of a future naval war were more important in keeping the battleship afloat than conservatism in Navy

Struggle for the Middle Sea Vincent O'Hara,2009-06-01 The Mediterranean is the maritime crossroads where Europe Asia and Africa meet More major naval actions were fought there than in the Atlantic or Pacific yet remarkably little has been written about the subject Th is fresh study of the Mediterranean's naval war analyzes the actions and performances of the five major navies British Italian French German and American during the entire five year campaign and examines the national imperatives that drove each nation's maritime strategy Struggle for the Middle Sea provides a history of the entire campaign from all perspectives and covers Germany's largely unknown and remarkably successful struggle to employ sea power in the Mediterranean after the Italian armistice Defense Foreign Affairs Strategic Policy August 2009 has called it a new and stunningly important view of World War II and a fabulously readable and important book

Hunt the Bismarck Angus Konstam,2019-09-19 Hunt the Bismarck tells the story of Operation Rheinbung the Atlantic sortie of Nazi Germany's largest battleship Bismarck in May 1941 and her subsequent pursuit by the Royal Navy Bismarck entered naval service in the summer of 1940 She was well armed with eight 15in guns as well as a powerful array of lighter weapons while her armoured protection earned her the reputation of being unsinkable This claim was put to the test in May 1941 when she sortied into the Atlantic and fought the legendary battle of the Denmark Strait destroying HMS Hood the pride of the Royal Navy Bismarck was now loose in the North Atlantic However damage sustained in the battle limited her ability to roam at will and the Royal Navy deployed the Home Fleet to avenge the sinking of the Hood The stage was set for the greatest chase story in the history of naval warfare Drawing on a wealth of first hand accounts and intertwining extensive research into a fast paced narrative this is the most readable and accurate account of Bismarck's epic pursuit ever produced
