## **Ecstatic Imagination Psychedelic Experin:**

The Ecstatic Imagination Dan Merkur, 1998-01-22 The Ecstatic Imagination provides the first general theory of psychedelic experiences Merkur refutes several theories that have been used to explain single categories of psychedelic experience and offers instead a unitary theory that is applicable to all varieties The book treats self reports of psychedelic experiences as a wealth of neglected data which forms the basis to expand the psychoanalytic model of human imagination An exhaustive phenomenology of the varieties of LSD mescaline and psilocybin experiences in Western and Native American cultures is joined together with psychoanalytic theories drawn from the classical ego psychological and object relations schools Where existing theories prove inadequate to the discussion of data original formulations are offered The result is a rigorously psychoanalytic approach to the process of self actualization **The Ecstatic Adventure** Ralph Metzner, 1968

*The Psychedelic Sacrament* Dan Merkur, 2001-08 In this companion work to *The Mystery of Manna* Dan Merkur sheds new light on the use of psychedelics in the Western mystery tradition He discusses certain teachings of Philo of Alexandria Rabbi Moses Maimonides and St Bernard of Clairvaux which refer to special meditations to be performed while partaking of the psychedelic sacrament **Psychedelic Mysteries of the Feminine** Maria Papaspyrou, Chiara Baldini, David Luke, 2019-04-30 An exploration of the connections between feminine consciousness and altered states from ancient times to present day Explores the feminine qualities of the psychedelic self ancient female roots of shamanism and how altered states naturally tap into the female archetype Discusses feminist psychedelic activism female ecstasies goddess consciousness the dark feminine and embodied paths to ecstasy Includes contributions by Martina Hoffmann Amanda Sage Carl Ruck and others Women have been shamans since time immemorial not only because women have innate intuitive gifts but also because the female body is wired to more easily experience altered states such as during the process of birth Whether female or male the altered states produced by psychedelics and ecstatic trance expand our minds to tap into and enhance our feminine states of consciousness as well as reconnect us to the web of life In this book we discover the transformative powers of feminine consciousness and altered states as revealed by contributors both female and male including revered scholars visionary artists anthropologists modern shamans witches psychotherapists and policy makers The book begins with a deep look at the archetypal dimensions of the feminine principle and how entheogens give us open access to these ancient archetypes including goddess consciousness and the dark feminine The contributors examine the female roots of shamanism including the role of women in the ancient rites of Dionysus the Eleusinian Sacrament and Norse witchcraft They explore psychedelic and embodied paths to ecstasy such as trance dance holotropic breathwork and the similarities of giving birth and taking mind altering drugs Looking at the healing potential of the feminine and altered states they discuss the power of plant medicines including ayahuasca and the recasting of the medicine woman archetype for the modern world They explore the feminine in the creative process and discuss feminist psychedelic activism sounding the call for more female voices in the

psychedelic research community Sharing the power of femtheogenic wisdom to help us move beyond a patriarchal society this book reveals how feminine consciousness when intermingled with psychedelic knowledge carries and imparts the essence of inclusivity interconnectedness and balance our world needs to heal and consciously evolve     **Psychedelic Mystery Traditions** Thomas Hatsis,2018-09-11 A comprehensive look at the long tradition of psychedelic magic and religion in Western Civilization Explores the use of psychedelics and entheogens from Neolithic times through Antiquity the Middle Ages and the Renaissance to the Victorian era and beyond Reveals how psychedelics were integrated into pagan and Christian magical practices and demonstrates how one might employ a psychedelic agent for divination sex magic alchemy communication with gods and more Examines the role of entheogens in the Mysteries of Eleusis in Greece the worship of Isis in Egypt the Dionysian mysteries and the magical practices of the Thessalian witches as well as Jewish Roman and Gnostic traditions Unbeknownst or unacknowledged by many there is a long tradition of psychedelic magic and religion in Western civilization As Thomas Hatsis reveals the discovery of the power of psychedelics and entheogens can be traced to the very first prehistoric expressions of human creativity with a continuing lineage of psychedelic mystery traditions from antiquity through the Renaissance to the Victorian era and beyond Describing how when and why different peoples in the Western world utilized sacred psychedelic plants Hatsis examines the full range of magical and spiritual practices that include the ingestion of substances to achieve altered states He discusses how psychedelics facilitated divinatory dream states for our ancient Neolithic ancestors and helped them find shamanic portals to the spirit world Exploring the mystery religions that adopted psychedelics into their occult rites he examines the role of entheogens in the Mysteries of Eleusis in Greece the worship of Isis in Egypt and the psychedelic wines and spirits that accompanied the Dionysian mysteries The author investigates the magical mystery traditions of the Thessalian witches as well as Jewish Roman and Gnostic traditions He reveals how psychedelics were integrated into pagan and Christian magical practices and demonstrates how one might employ a psychedelic agent for divination magic alchemy or god and goddess invocation He explores the use of psychedelics by Middle Eastern and medieval magicians and looks at the magical use of cannabis and opium from the Crusaders to Aleister Crowley From ancient priestesses and Christian gnostics to alchemists wise women and Victorian magicians Hatsis shows how psychedelic practices have been an integral part of the human experience since Neolithic times     The Psychedelic Experience Timothy Leary,Ralph Metzner,Ram Dass,1976     **The Mystery of Manna** Dan Merkur,1999-11-01 Compelling evidence that the early Jews and Christians used psychedelics as part of their religious rites Reveals the Bible s disguised references to this tradition and traces knowledge of this secret to the gnostics masons kabbalists and the legends of the Holy Grail Explores the idea that psychedelics have played a role in nearly all religious traditions When Moses fed manna to the Israelites he told them that after eating the miraculous bread they would see the glory of God And indeed they did They looked toward the wilderness and behold the glory of Yahveh appeared in a cloud In The Mystery of Manna religious

historian Dan Merkur provides compelling evidence that this was the Israelites initiation into a psychedelic mystery cult that induced spiritual visions through bread containing ergot a psychoactive fungus containing the same chemicals from which LSD is made Citing biblical material as well as later Jewish and Christian writings Merkur reveals the existence of an unbroken tradition of Western psychedelic sacraments from Moses and manna to Jesus and the Eucharist Most important Merkur shows that this was not a heretical tradition but instead part of a normal Bible based spirituality a continuation of the ancient tradition of visionary mysticism Even when this practice became unacceptable to the religious orthodoxy it was perpetuated in secret by gnostics masons and kabbalists as well as through the legends of the Holy Grail Merkur traces a long line of historical figures who knew of manna s secret but dared only make cryptic references to it for fear of persecution The Mystery of Manna is the strongest contribution yet to our growing realization that contrary to popular belief psychedelics and religion have always gone hand in hand
