Economic Development Of Communist China An Appraisal Of The First Five Years Of Industrialization:

Economic Development of Communist China Choh-ming Li, 2012-06-01 *The Economy of Communist China, 1949-1969* Chu-yuan Cheng, 2020-08-06 Economic development in mainland China during the first two decades of Communist control provides a typical example for the difficult task to transform a vast underdeveloped agrarian economy into a modern industrial one In the first half of this period a series of massive transformations of social and economic institutions was accompanied by a drafted industrialization program the result was an impressive speed up in economic growth The second decade witnessed an economic crisis 1960 62 and a political upheaval 1966 68 These disruptions marred the economic performance over the period as a whole Consequently the long term growth rate appears to have been only moderate The Economy of Communist China reviews selected aspects of the economy After examining the development strategy it analyzes the quantitative trends and the structural changes The book goes on to analyze the key factors contributing to the earlier growth and the elements responsible for the later disruption and finally assesses the impact of the Cultural Revolution on the Chinese economy and the prospects of the current Third Five Year Plan The text includes a bibliography of selected materials on Chinese economic development *Economic Development of China and Japan* C.D. Cowan, 2013-10-15 First published in 2005 Some of the most important of the world's problems today concern affairs in Asia and the relations between Asia and the West To deal adequately with these problems it is necessary not only to master their more obvious elements as they present themselves today but to go to their historical roots In particular it is necessary to study the economic history of modern Asian society In London the School of Oriental and African Studies with the generous assistance of the Ford Foundation began in 1959 a research programme on the economic history of East and South East Asia As part of this programme an international study group composed of scholars from America Europe and Asia was held at the School in July 1961 This volume contains a selection of the papers presented to the study group **China's Economic Development** Chu-yuan Cheng, 2019-03-13 How has the government of the PRC transformed traditional economic institutions into a socialist central planning system What has been the impact of this transformation on China's economic growth What is the essence of the Chinese development model and how successfully has it functioned during the past three decades What are the prospects for it **Scientific and Technical Manpower in Communist China** United States. Department of State. External Research Staff, 1964 **Economic Development and Social Change in the People's Republic of China** W. Kraus, 2012-12-06 It is a pleasant task to welcome the appearance of the American edition of Professor Willy Kraus valuable work on the economic and social development of the People's Republic of China first published in German in 1979 The book has been updated in the light of the events that have occurred since the original publication and incorporates the latest statistical information made available by the Chinese authorities with unaccused liberality The American edition like its German predecessor is a monumental achievement of scholarship attractively presented In its comprehensiveness insight

professionalism and wisdom it ranks among the best studies of the subject It will add to the knowledge of the specialist and help the interested layman find his way through the complexities of contemporary China s socioeconomic system Professor Kraus work is a most timely and welcome addition to a better and more thorough understanding of an absorbing and important subject June 1982 Jan S Prybyla Professor of Economics The Pennsylvania State University University Park Pennsylvania Preface This book deals with China s development policies It is based on the original German edition 1979 Wirtschaftliche Entwicklung und sozialer Wandel in der Volksrepublik China but is not merely a translation of the German original The rapid changes in Chinese policy within the last two years together with a sudden deluge of official data on economic and social developments in the People s Republic of China have called for a basic and comprehensive revision of text and statistics Economic Reform In The Prc C. W. Borklund,2019-03-04 In February 1978 the post Mao leadership revealed an ambitious ten year program 1976 1985 with a 600 million capital outlay aimed at propelling China into the front ranks of the industrialized nations by the year 2000 through the modernization of agriculture industry science and technology and defense The new leadership soon realized that Sino-Soviet Economic Relations, 1954-1959 United States.
