Economic Reforms And Capital Markets In Central Europe Transition And Development:

Economic Reforms and Capital Markets in Central Europe Ken Morita, 2017-11-30 Is the economic reform of Central Europe influenced by or an influence upon capital markets Where does globalization fit in Ken Morita's pioneering work investigates the relationship between the systemic transition of Central European economies and capital markets in particular the commodity futures markets and speculation

The New Capital Markets in Central and Eastern Europe Michael Schröder, 2012-12-06 It is the aim of this study to assess the effects of the EU enlargement on the capital markets in the most advanced countries of Central and Eastern Europe CEE and Russia and to analyse the impacts on the interactions between Eastern and Western capital markets due to the integration process Therefore this study should be particularly useful for financial analysts institutional investors and academic researchers who are interested in the economic and institutional developments of capital markets in CEE countries and are looking for a thorough and comprehensive analysis of the future perspectives of these capital markets The European Union has opened negotiations for EU membership in early 1998 with five CEE countries the Czech Republic Estonia Hungary Poland and Slovenia In autumn 1999 the group of CEE countries involved in the negotiations for EU membership has been enlarged by Bulgaria Latvia Lithuania Romania and Slovakia The negotiations with some of the CEE countries have already reached a stage that makes entry into the EU in the next few years very likely The joining countries have to adopt the whole *acquis communautaire* which represents the legislative framework common to all EU members Important parts of the *acquis communautaire* e.g. the liberalisation of capital movements European Monetary Union the free provision of bank and non bank financial services and new rules for prudential supervision directly and indirectly affect the behaviour of the financial sector and the functioning of capital markets

Financial Reform in Central and Eastern Europe Zdenek Drabek, Stephany Griffith-Jones, 2015-12-22 The book examines in depth the progress of reform in the banking sector in Eastern Europe which is a key element in its transition to the market Particular emphasis is placed on the problem of bad debts owed by companies to banks and on criteria and options for overcoming this serious problem The book also analyses the recent development of capital markets in Eastern Europe their role in attracting foreign capital flows and the limitations to the development of those markets and suggests how to overcome them Based on analysis by senior policy makers and academics from the region the book focuses on four countries the former Czechoslovakia now the Czech and Slovak Republics Hungary and Poland

European Financial Markets Tony Southall, 2008-10-08 EU membership involves political and economic reforms which influence financial markets in the new member states This study empirically explores and quantifies the effects of EU accession on the risk and return of equity markets in eight Central and Eastern European markets joining the EU in 2004 The study also incorporates a review of how the influence of macroeconomic variables and the level of integration with global and European markets change as a result of EU membership Based on empirical tests using weekly data over ten years this study concludes

that EU membership results in a significant decline in equity market volatility and a significant increase in risk adjusted but not absolute equity returns Furthermore the study suggests that equity markets in new EU member states become increasingly influenced by global rather than local macroeconomic factors after the EU accession and that the level of integration with global markets increases

Economic and Social Development Into the XXI Century Louis Emmerij,1997 What new directions will development take in the next century A distinguished group of experts on economic development debated this question in late 1996 Their views of the emerging development consensus are presented in **Economic and Social Development into the XXI Century** The authors give special attention to developing countries in Latin America and East Asia Analyzing the growth of certain East Asian economies they ask what can be emulated state engineered industrial policies an export push better initial income distribution fiscal incentives to promote corporate growth the region s successful land reform efforts or the commitment to better education While agreeing that equity is a major determinant of economic success they differ regarding how to achieve it

Alternative Capitalisms: Geographies of Emerging Regions Robert Gwynne, Denis Shaw, Thomas Klak, 2014-05-12 This book aims to examine the effects of globalization and economic and political transformations in those parts of the world which are now regularly referred to as emerging regions These are Latin America and the Caribbean East Central Europe and the former Soviet Union and East Asia This book breaks new ground in three areas First of all it develops a critique of the use of the term emerging regions for

geographers and social scientists and relates this to world systems theory Secondly it explores the development trajectories and challenges of countries in this so called emerging world countries that will be crucial to the evolution of the world economy in the twenty first century Thirdly it compares and contrasts the pathways of both economic and political change in the three world regions under focus This is a unique approach in terms of books published in both geography and the social sciences Within the context of the three world regions the book combines historical and contemporary analysis of the evolving world system In these regions we are concerned to understand the historical expansion and extension of capitalism and how its contemporary forms of production exchange and regulation are evolving The authors believe that at the present time these processes have produced alternative capitalisms economic and associated developments which while assuredly capitalist differ in various ways from those typical of the capitalist West or core economies of North America and Western Europe
