Hannibal's March Through the Alps Spenser Wilkinson, 1911 **The Mediterranean Sea From Alexander To The Rise Of Rome** Mark Luttenberger, 2022-05-25 This book is designed to describe the environmental political socioeconomic and military life of the inhabitants that surrounded the Mediterranean Sea from the fourth through the second centuries BC This story relates the complex dynamic interrelationships among the people and states of the Mediterranean basin The book explores the greater Mediterranean world that stretched from India to Spain It begins with a review of some of the geographical environmental and structural characteristics of the Mediterranean basin The balance of the book then proceeds to trace the political military and economic development of this region We review the rise of Macedon under Philip II through the conquests of Alexander the Great In the eastern basin the development and conflicts of the Hellenistic kingdoms of the Ptolemaic Seleucid and Antigonid dynasties are then traced We then turn the page and discuss the rise of Carthage and Rome as republics in the western basin Next the conflict between these two powers is analyzed which leaves Rome supreme in the west The next chapters narrate the struggle between Rome and the Hellenistic kingdoms for dominance in the east The book concludes with Roman supremacy established throughout the Mediterranean by the end of the second century From the apex conqueror of antiquity Alexander the Great we conclude with the establishment of the apex empire that was Rome The Elephant in the Church Prof. Jeanne Stevenson-Moessner, Mary Lynn Dell, 2013-06-01 A church can be a dangerous place The perils may be so obvious they become elephants standing in the fellowship hall lurking in the sanctuary ready to spring into the pastor's study and tromp out of the choir room The word elephant stands for an obvious truth or issue that is ignored or unnamed a blind spot Yet we allow elephants to occupy a large amount of space in the minds and hearts of those that tiptoe around them Discussing common blind spots of congregations and church leaders the authors provide examples and illustrations for how to stop these elephants from ruining a ministry *The Oxford Handbook of*
