Social Theory in Contemporary Asia Ann Brooks, 2010-07-14 Philosophical debates around reflexivity identity and intimacy have preoccupied Western social and cultural theorists since the 1990s and this book examines them in relation to the Chinese diasporic cultures in Asia The debates are set within the context of globalization and its impact on cultural gendered and ethnic identities in late modernity

Erotic Love in Sociology, Philosophy and Literature Finn Bowring, 2019-08-22 Why is love taken for granted as a part of human experience And why is sexual or romantic love in particular so important to us This book aims to find out tracing the intellectual history of sexual love from the ancient Greeks to the modern day Erotic Love in Sociology Philosophy and Literature shows how discourses of love have intersected with social and cultural trends as well as with personal events and experiences Beginning with the queering of love in Greek antiquity it looks at how sexual love has been sung about fictionalized and theorized as a cornerstone of the formation of Western culture From the courtly love of twelfth century troubadours and the rise of affective individualism in the eighteenth century to the way the novel helped catalyze and crystallize the hopes and contradictions of love and marriage these are decisive episodes in the history of romantic love Lastly the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years especially given the post romantic pragmatism of commercialized dating practices Arguing against the over rationalism of intimate life Erotic Love in Sociology Philosophy and Literature recognizes the need to liberate love from patriarchal racist and homophobic prejudices and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love

Love & Eroticism Mike Featherstone, 1999-03-19 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Eroticism is simultaneously published as volume 15 issue 3 4 of Theory Culture Society

End Of Masculinity MacInnes, John, 1998-02-01 This book explains why both popular and academic commentators have found it impossible to define masculinity It is because no such thing exists Re examining the ideas of thinkers such as Sigmund Freud and Thomas Hobbes the author shows that modern societies faced the novel problem of explaining how men and women had equal rights yet led such different lives and solved it by inventing the concept of masculinity

anthropology economics political science and sociology **Responding to Men in Crisis** Brian Taylor,2006 This book is based on new work relating gendered assumptions about rationality to men s mental health It offers the reader a theoretical exploration of a topically and politically sensitive issue and provides a valuable critique of postmodern theory and theorists It is relevant to practitioners and activists in the mental health field will be of interest to profeminist theorists and is essential reading for academics and students of sociology and allied disciplines Jacket Anthropological Explorations in Queer

Theory Mark Graham,2016-04-15 Anthropological Explorations in Queer Theory offers a wide ranging fusion of queer theory with anthropological theory shifting away from the discussion of gender categories and identities that have often constituted a central concern of queer theory and instead exploring the queer elements of contexts in which they are not normally apparent Engaging with a number of apparently non sexual topics including embodiment and fieldwork regimes of value gifts and commodities diversity discourses biological essentialisms intersectionality the philosophy of Bergson and Deleuze and the representation of heterosexuality in popular culture this book moves to discuss central concerns of contemporary anthropology drawing on both the latest anthropological research as well as classic theories In broadening the field of queer anthropology and opening queer theory to a number of new themes both empirical and theoretical Anthropological Explorations in Queer Theory will appeal not only to anthropologists and queer theorists but also to geographers and sociologists concerned with questions of ontology materiality and gender and sexuality **Emile Durkheim on the Family**

Mary Ann Lamanna,2001-10-24 This valuable source for a systematic and comprehensive understanding of Durkheim s ideas on the family constitutes a major addition to the literature on the family social theory women s studies and family law Highly recommended for upper division undergraduates and above CHOICE Emile Durkheim on the Family is intended to bring attention to this classical sociologist s work on the family Durkheim s writings in this area are little known but the family was nevertheless one of his primary interests the subject of an intended book that was never written Durkheim s ideas on the family appear only in scattered sources and a number of those sources have not been translated into English Durkheim s Sociology of the family has not heretofore been presented and analyzed holistically The purpose of Lamanna s book is to bring together Durkheim s ideas on the family from diverse sources and to present his family sociology systematically and comprehensively Quotations from Durkheim s writing or speaking enrich the analysis Durkheim s work on the family is situated in its historical context and comparisons are drawn to present day sociology of the family is situated in its historical

context and comparisons are drawn to present day sociology of the family and family issues Chapter topics include Durkheim's life and times His evolutionary theory of the family Methodologies for studying the family The changing relationship of kin Conjugal family and the state The interior of the family Family policy Gender Sexuality An examination of Durkheim's work on the family reveals its close connections to his well known books and theories Emile Durkheim on the Family should interest audiences in sociology of the family social theory family science European intellectual history women's studies legal history and those generally interested in family studies and or nineteenth and early twentieth century Europe Love, Order, and Progress Michel Bourdeau, Mary Pickering, Warren Schmaus, 2018-05-22 Auguste Comte's doctrine of positivism was both a philosophy of science and a political philosophy designed to organize a new secular stable society based on positive or scientific ideas rather than the theological dogmas and metaphysical speculations associated with the ancien regime This volume offers the most comprehensive English language overview of Auguste Comte's philosophy the relation of his work to the sciences of his day and the extensive continuing impact of his thinking on philosophy and especially secular political movements in Europe Latin America and Asia Contributors consider Comte's reasons for establishing a Religion of Humanity as well as his views on domestic life and the arts in his positivist utopia The volume further details Comte's attempt to apply his positive method first to social science and then to politics and morality thereby defending the continuity of his career while also critically examining the limits of his approach **Non-Representational Theory** Nigel Thrift, 2008-03-25 Written by a pioneer of non representational theories this astonishing book promises to question the whole direction of social sciences methodology and makes essential reading for social sciences and humanities researchers and postgraduates

French Social Theory Mike Gane, 2003-03-06 No national tradition of social theory has been more seductive to Anglo American readers than the French There has been a long standing fascination with French ideas and debates This extraordinarily accomplished book written by one of Britain's leading commentators on social theory provides a peerless account of the French tradition The book provides a systematic account of French social theory from the aftermath of the French Revolution St Simon Bazard and Comte to the contemporary scene dominated by Kristeva Deleuze Bourdieu and Baudrillard divides French social theory into three logically coherent cycles 1800 80 positivist 1880 1940 anthropological 1940 2000 Marxist provides a detailed guide to the three phases of postwar French social theory existential structural and post structural and situates the discussions of individuals and schools in the relevant social and political contexts The book is a masterpiece of erudition and scholarship but is written throughout in an engaging and informative style It will be required reading for anyone interested in social theory and sociology Radicalization Melissa Dearey, 2009-12-04 Expanding the influence of auto biography studies into cultural criminology this book addresses the origins processes and cultures of terrorist criminality and political resistance in a globalized world **Men as Managers, Managers as Men** David Collinson, Jeff Hearn, 1996-09-03 Most managers in most organizations in most countries are men This book is the first

international work to address the relationships between men masculinities and managements It examines the processes through which gendered managerial structures cultures and practices are reproduced Exploring top and middle managers entrepreneurs corporate executives and public and private sector managers the book breaks new ground by critically examining the gendered power processes that have largely been assumed and ignored by conventional organizational and management theory As well as providing new insights into how managements and masculinities may reinforce each other this challenging book ultimately explores the ways in which both management and men might be changed even transformed

Founders, Classics, Canons Peter Baehr, 2017-07-05 Founders classics and canons have been vitally important in helping to frame sociology's identity Within the academy today a number of positions feminist postmodernist postcolonial question the status of tradition In *Founders Classics Canons* Peter Baehr defends the continuing importance of sociology's classics and traditions in a university education Baehr offers arguments against interpreting defending and attacking sociology's great texts and authors in terms of founders and canons He demonstrates why in logical and historical terms discourses and traditions cannot actually be founded and why the term founder has little explanatory content Equally he takes issue with the notion of canon and argues that the analogy between the theological canon and sociological classic texts though seductive is mistaken Although he questions the uses to which the concepts of founder classic and canon have been put Baehr is not dismissive On the contrary he seeks to understand the value and meaning these concepts have for the people who employ them in the cultural battle to affirm or attack the liberal university tradition Romance in Post-Socialist Chinese Television

Huike Wen, 2020-07-13 This book is about how the representations of romantic love in television reflect the change and the dilemma of the dominant values in post socialist Chinese mainstream culture These values mainly center on the impact of individualism consumerism capitalism and neoliberalism often referred to as western culture on the perception of romantic love and self realization in China The book focuses on how romantic love which plays a vital role in China's ideologically highly restricted social environment by empowering people with individual choice change and social mobility must struggle and compromise with the reality specifically the values and problems emerging in a transitional China The book also examines how the representation of romantic love celebrates ideals individual freedom passion and gender equality and promises changes based on individual diligence and talent while simultaneously obstructing the fulfillment of these ideals

Sewing, Fighting and Writing Maria Tamboukou, 2015-11-09 Paris along with New York was one of the main centres of the fashion industry in the nineteenth and twentieth centuries But although New York based garment workers were mobilized early in the twentieth century Paris was the stage of vibrant revolutions and uprisings throughout the nineteenth century As a consequence French women workers were radicalized much earlier creating a unique and unprecedented moment in both labour and feminist history Seamstresses were central figures in the socio political and cultural events of nineteenth and early twentieth century France but their stories and political writings have remained marginalized and

obscured Drawing on a wide range of published and unpublished documents from the industrial revolution *Sewing Fighting and Writing* is a Foucauldian genealogy of the Parisian seamstress Looking at the assemblage of radical practices in work politics and culture it explores the constitution of the self of the seamstress in the era of early industrialization and revolutionary events and considers her contribution to the socio political and cultural formations in modernity Teaching Durkheim Terry F. Godlove, 2005 Emile Durkheim's work on religion occupies a central place in religious studies classrooms today This volume is designed as a resource for teachers offering practical advice about productive ways to approach central texts and difficult pedagogical issues *Durkheim's Suicide* W.S.F. Pickering, Geoffrey Walford, 2002-09-26 Written by world renowned Durkheim scholars this book examines the continuing importance of Durkheim's classic text on suicide and revisits some of the key issues explored Engendering The Social Marshall, Witz, Anne, 2004-03-01 This edited volume focuses on the problematic engendering of classical and contemporary sociological theory addressing questions such as How were the foundations of sociological theory shaped by an implicit masculinity Did classical sociology simply reflect or actively construct theories of sexual difference How were alternative accounts of the social suppressed in sociology's founding moments Feminist interventions in sociology are still seen as marginal to sociological theorizing This collection challenges this truncated vision of sociological theory In part one contributors interrogate the classical canon exposing the masculinist assumptions that saturate the conceptual scaffolding of sociology In part two contributors consider the long standing and problematic relationship between sociology and feminism retrieving voices marginalized within or excluded from canonical constructions of sociological theory In part three contributors engage with key contemporary debates explicitly engendering accounts of the social Engendering the Social is unique in that it not only critically interrogates sociological theory from a feminist perspective but also embarks on a politics of reconstruction working creatively at the interface of feminist and sociological theory to induce a more adequate conceptualisation of the social This is a key text for undergraduate and postgraduate students in sociology social theory and feminist theory
