**Hannibal Lecter, My Father** Kathy Acker,1991-06 This volume contains Acker's never before published early writings documentation of her obscenity trial and the definitive interview about her life and work by Sylv re Lotringer Cover

**Essential Acker** Kathy Acker,2002 The incredible variety of Acker's body of work has been distilled into a single volume that reads like a communique from the front lines of late 20th century America Acker was a literary pirate whose prodigious output drew promiscuously from popular culture the classics of Western civilization current events and the raw material of her own life

**Encyclopedia of Beat Literature** Kurt Hemmer,2010-05-12 Discusses the literary works and great authors of the Beat Generation

**The Routledge Companion to the Reception of Ancient Greek and Roman Gender and Sexuality** K. Moore,2022-08-22 This Companion covers a range of receptions of ancient Greek and Roman gender and sexuality It explores ancient representations of these concepts as we define them today as well as recent perspectives that have been projected back onto antiquity Beginning in antiquity the chapters examine how the ancient Greeks and Romans regarded concepts of what we would today call gender and sexuality based on the evidence available to us and chart the varied interpretations and receptions of these concepts across time to the present day In exploring how different cultures have received the classical past the volume investigates these cultures different interpretations of Greek and Roman sexualities and what these interpretations can reveal about their own attitudes Through the contributions in this book the reader gains a deeper understanding of this essential part of human existence derived from influential sources From ancient to modern and postmodern perspectives from cinematic productions to TikTok videos receptions of ancient gender and sexuality abound This volume is of interest to students and scholars of ancient history gender and sexuality in the ancient world and ancient societies as well as those working on popular culture and gender studies more broadly

*Pragmatic Plagiarism* Marilyn Randall,2001-01-01 In this illuminating study Marilyn Randall takes on the question of why some cases of literary repetition become great art while others are relegated to the ignominy of plagiarism Her discussion reveals that plagiarism is not the objective textual fact it is often taken for but a phenomenon governed by the norms and conventions of literary reception Randall turns her focus on the critical debates surrounding cases of perceived plagiarism Charting the progress of plagiarism in the history of Western letters her study ranges over centuries from the notion's first appearance in Roman times to contemporary disputes about intellectual property Randall considers the development of copyright law and the notion of authorship presents a wide range of texts and draws aptly on Foucault's notion of the discursive construction of authorship Just as Foucault studied insanity to find out what was meant by sanity says Randall so the study of plagiarism can reveal what was meant by the term literary at various cultural moments She shows that perceived instances of plagiarism are aspects of an ongoing power struggle in the literary field And as she reveals it is not the plagiarist but the accuser who is most concerned with achieving profit and power

Lifework Moran Sheleg,2024-07-23 Following the critical scepticism

surrounding the notion of the self as a singular entity during the 1960s many artists and writers sought to test the apparent problem posed by autobiography as both a traditional genre and as a way of working Considering the consequent emergence of autotheory Lifework traces this shift in artistic and literary production during the late twentieth century and beyond examining a set of diverse practices that mine the line between what it is to make art and what it is to live life The book's chapters connect a variety of artistic strategies that cut across medium geography and time uncovering how the historical marginalisation of first person experience has taken on larger social cultural and political implications in the contemporary moment and how the work of living might still relate to the work of art

**DIY on the Lower East Side** Andrew Strombeck, 2020-08-01 The severe financial austerity imposed on New York City during the 1975 fiscal crisis resulted in a city falling apart Broken windows crumbling walls and piles of bricks were everywhere While for many this physical decay was a sign that the postwar welfare state had failed for others it represented a site of risky opportunity that could stimulate novel forms of creativity and community In this book Andrew Strombeck explores the legacy of this crisis for the city's literature and art focusing on one neighborhood where changes were acutely felt the Lower East Side In what became a paradigmatic example of gentrification the Lower East Side's population shifted from working class people to Wall Street traders and ad agents This transformation occurred in part because of high profile local artists such as Jean Michel Basquiat Keith Haring Jeff Koons and Kiki Smith but Strombeck argues that neighborhood writers also played a role Drawing on archival research and original author interviews he examines the innovative work of Kathy Acker David Wojnarowicz Miguel Piñero Sylvère Lotringer Lynne Tillman and others and concludes that these writers still have much to teach us about changes in the nature of work and the emergence of a do it yourself ethos **DIY on the Lower East Side** shows how place and politics shaped literature and how New York City policies adopted at the time continue to shape our world

**Up is Up, But So is Down** Brandon Stosuy, 2006-10 The first book to capture the spontaneity of lower Manhattan's Downtown literary scene collects more than 125 images and over 80 texts that encompass the most vital work produced between 1974 and 1992

**Eat Your Mind** Jason McBride, 2023-11-14 The first full scale authorized biography of the pioneering experimental novelist Kathy Acker one of the most original and controversial figures in 20th century American literature Kathy Acker 1947-1997 was a rare and almost inconceivable thing a celebrity experimental writer Twenty five years after her death she remains one of the most original shocking and controversial artists of her era The author of visionary transgressive novels like *Blood and Guts* in *High School* *Empire of the Senses* and *Pussy* King of Pirates Acker wrote obsessively about the treachery of love the limitations of language and the possibility of revolution She was notorious for her methods collaging together texts stolen from other writers with her own diaries sexual fantasies and blunt political critiques as well as her appearance With her punkish hairstyles tattoos and couture outfits she looked like no other writer before or after Her work was exceptionally prescient taking up complicated conversations about gender sex capitalism and colonialism that continue

today Acker's life was as unruly and radical as her writing. Raised in a privileged but oppressive Upper East Side Jewish family, she turned her back on that world as soon as she could, seeking a life of romantic and intellectual adventure that led her to and through many of the most thrilling avant garde and countercultural moments in America: the births of conceptual art and experimental music, the poetry wars of the 60s and 70s, the mainstreaming of hardcore porn, No Wave cinema, and New Narrative writing. Riot grrls, biker chicks, cyberpunks. As this definitive biography shows, Acker was not just a singular writer; she was also a titanic cultural force who tied together disparate movements in literature, art, music, theatre, and film. A feat of literary biography, *Eat Your Mind* is the first full-scale authorized life of Acker. Drawing on exclusive interviews with hundreds of Acker's intimates, as well as her private journals, correspondence, and early drafts of her work, acclaimed journalist and critic Jason McBride offers a thrilling account and a long overdue reassessment of a misunderstood genius and revolutionary artist.

**Obscene Gestures** Patrick Lawrence, 2022-06-07 Drawing on sources as diverse as Supreme Court decisions, nightclub comedy, congressional records, and cultural theory, *Obscene Gestures* explores the many contradictory vectors of twentieth-century moralist controversies surrounding literary and artistic works, from Henry Miller's *Tropic of Cancer* to those of Toni Morrison, Alice Walker, Kathy Acker, Robert Mapplethorpe, 2 Live Crew, Tony Kushner, and others. Patrick S. Lawrence dives into notorious obscenity debates to reconsider the divergent afterlives of artworks that were challenged or banned over their taboo sexual content, to reveal how these controversies affected their critical reception and commercial success in ways that were often determined at least in part by racial, gender, or sexual stereotypes and pernicious ethnographic reading practices. Starting with early postwar touchstone cases and continuing through the civil rights, feminist, and LGBTQ movements, Lawrence demonstrates on one level that breaking sexual taboos in literary and cultural works often comes with cultural cachet and increased sales. At the same time, these benefits are distributed unequally, leading to the persistence of exclusive hierarchies and inequalities. *Obscene Gestures* takes its bearings from recent studies of the role of obscenity in literary history and canon formation during the late nineteenth and early twentieth centuries, extending their insights into the postwar period when broad legal latitude for obscenity was established but when charges of obscenity still carried immense symbolic and political weight. Moreover, the rise of social justice movements around this time provides necessary context for understanding the application of legal precedents, changes in the publishing industry, and the diversification of the canon of American letters. *Obscene Gestures* therefore advances the study of obscenity to include recent developments in the understanding of race, gender, and sexuality, while refining our understanding of late twentieth-century American literature and political culture.

**Hatred of Capitalism** Chris Kraus, Sylvere Lotringer, 2002-01-18 Jean Baudrillard meets Cookie Mueller in this gathering of French theory and new American fiction.
