Happenstance Carol Shields, 1994 Two novels in one about a marriage in transition *Happenstance: Two Novels in One about a Marriage in Transition* C. Shields, 1994-03-01 **Happenstance** Carol Shields, 1997 *Happenstance* Carol Shields, 2022-03-15 These two unique novels tell the stories of Jack and Brenda Bowman during a rare weekend apart in their many years of marriage Jack is at home coping with domestic crises and two uncouth adolescents while immobilized by self doubt and questioning his worth as a historian Brenda travelling alone for the first time is in a strange city grappling with an array of emotions and toying with the idea of an affair Intimate and insightful yet never sentimental *Happenstance* is a profound portrait of a marriage and the differences between the sexes that bring life and a sense of isolation into even the most loving of relationships *Prequels, Coquels and Sequels in Contemporary Anglophone Fiction* Armelle Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction novel expansion when the plot and characters from a finished novel are retrieved to be developed in new adventures set before after or during the narrative time of the source text If autographic and allographic sequels are almost as old as literature prequels that imagine the anteriority of a narrative and coquels that develop secondary characters in the same story time as the source text are more recent The overall trend for novel expansion spread in the mid 1980s and 1990s and has since shown no sign of abating This volume is organised following three types of relationships to the source texts even if these occasionally combine to produce a more complex structure This book comprises 11 essays preceded by an introduction that examine narrative strategies aesthetic ethical and political tendencies underlying these novel expansions Following the overview provided in the introduction the reader will find case studies of prequels coquels and sequels before a final chapter that encompasses them all and more **Carol Shields and the Extra-Ordinary** Marta Dvorak, Manina Jones, 2007-04-19 Claiming the ordinary and extra ordinary as critical categories contributors to this volume explore the philosophical and literary import of Carol Shields s writing its complex play with genre and narrative technique its re valuing of domesticity and gendered perspective and the social critique implicit in its gentle satirical impulses *Narrating Marriage in Eighteenth-Century England and France* Chris Roulston, 2016-04-22 In the eighteenth century when the definition of marriage was shifting from one based on an hierarchical model to one based on notions of love and mutuality marital life came under a more intense cultural scrutiny This led to paradoxical forms of representation of marriage as simultaneously ideal and unlivable Chris Roulston analyzes how as representations of married life increased they challenged the traditional courtship model offering narratives based on repetition rather than progression Beginning with English and French marital advice literature which appropriated novelistic conventions at the same time that it cautioned readers about the dangers of novel reading she looks at representations of ideal marriages in *Pamela II* and *The New Heloise* Moving on from these ideal domestic spaces bourgeois marriage is then problematized by the discourse of empire in *Sir George Ellison* and *Letters of Mistress Henley* by

troublesome wives in works by Richardson and Samuel de Constant and by abusive husbands in works by Haywood Edgeworth Genlis and Restif de la Bretonne Finally the alternative marriage narrative in which the adultery motif is incorporated into the marriage itself redefines the function of heteronormativity In exploring the theoretical issues that arise during this transitional period for married life and the marriage plot Roulston expands the debates around the evolution of the modern couple
