Hardly Ever A Dull Moment:

Hardly Ever a Dull Moment Ernest Kelvin Fisk, 1995 Fifth in the History of Development Studies series this autobiography tells of the author's childhood war experience in the Pacific as an officer in the Australian Signal Corps his work with the Malayan Civil Service where he developed his grassroots perspective on development issues and his subsequent career in development economics at the ANU Canberra Provides insight into post war South East Asian development theory and practice and speculates on issues such as the goals of development and the social effects of development policy Includes an index There's Never a Dull Moment Pat Coppard, 2013 Following on from In Spite of Everything Book 2 of the Trilogy takes you through this part of Pat Coppard's life detailing his army experiences leading to his entry into one of the world's toughest and most charismatic infantry units. This was followed by years of violence and crime amongst the South East London gangster fraternity only to be rescued from this downhill spiral by a young beautiful and highly intelligent girl Read as our Author channels his energies into creating a legitimate career whilst at the same time helping to improve the lives of his wider family Corporate rules are bent double in order to achieve his goal sometimes in an amusing way Pat Coppard Pat C what they said about In Spite Of Everything Coppard's references to the tragedies experienced during his early years are powerful and touching Clarion As an oral record of mean street dialogue the memoir shines Kirkus This jaunty vivid tale comes alive because Coppard injects it with animated dialogue Blue Ink Should you have any diffi culty understanding any of the Cockney phrases an index has been supplied can be found at the back of the book

Never a **Dull Moment** Ernst Gideon Malherbe,1981 This record of reminiscences which Convocation of the University of Natal so generously invited the author to write is not strictly an autobiography but a series of rather random sketches of events and people They deal more with the kind of happenings one like to recall something when chatting in a light hearted way with a group of friends around the fireside Though they have on the whole been treated in a light vein some of the events were momentous and even tragic as for example wars They affected the whole country and most of the world The author has not indulged in a contemplative analysis of thoughts and emotions that were associated with the stories Other events were more or less trivial and confined to the author s immediate family and friends with whom the author grew up played and worked It is the very heterogeneity of the author s experiences that made life interesting for the author Those who may be interested in the author s serious activities and writings are referred to the Appendices **Never a Dull Moment** Steve Findlay,2019-09-20 I was special needs teacher for 30 years then swapped to the far less sane profession of high altitude mountain guide I worked all over the World but mostly in the Himalaya I survived the Boxing Day tsunami by the skin of my teeth but fell in love with Thailand and now live there I also spent a lot of time on my own in the Australian desert

<u>Malaya's Secret Police 1945-60</u> Leon Comber,2008 The Malayan Emergency lasted from 1948 to 1960 During these tumultuous years following so soon after the Japanese surrender at the end of the Second World War the whole country was

once more turned upside down and the lives of the people changed The war against the Communist Party of Malaya s determined efforts to overthrow the Malayan government involved the whole population in one form or another Dr Comber analyses the pivotal role of the Malayan Police's Special Branch the government's supreme intelligence agency in defeating the communist uprising and safeguarding the security of the country He shows for the first time how the Special Branch was organised and how it worked in providing the security forces with political and operational intelligence His book represents a major contribution to our understanding of the Emergency and will be of great interest to all students of Malay si a s recent history as well as counter querrilla operations It can profitably be mined too to see what lessons can be learned for counterinsurgency operations in other parts of the world The Finger Tristan Michaels, 2012-11-19 This book is part two to the first short story titled Boom I want to build these short stories one at a time and try to give you exactly what I was thinking and experiencing at the time that this all happened Reflections in My Tea Sandara Porter, 2008-10-05 The spiraling series continues with yet another suspenseful expedition a pulsating suspense that now has Devin on a mysterious goose chase following someone who seems to pop up no matter where he goes It doesn t stop there Unexpectedly Devin Jarvis and Teddy are off to Atlanta to another powerful soul stirring event but at whose request In the meantime Devin is put to the most spellbinding tests of his life as he discovers a whole new world of challenges he discovers a past that he will never forget but whose pasts Lessons to learn are beyond his imagination and send him tumbling in disbelief Will being places at this scene of history become more than he can bear Could he ever fit in with what seems possible And the beat goes The Filberg Consortium Daniel Wyatt, 2003-05-01 It is late 1941 America has yet to enter the war A German agent secretly lands in Great Britain with orders from Gestapo chief Heinrich Himmler and financed by I S Filberg the huge German industrial cartel to identify and kill the prisoner called Rudolf Hess Meanwhile in London American agent Wesley Hollinger discovers a crucial missing section to the first Hess peace papers found near the crash site in Scotland The paperwork itemizes sensitive Wall Street loans to Nazi war factories deals arranged by I S Filberg Hollinger doesn t know who to turn to his adopted England or his home country And thousands of miles away in the Pacific a heavily armed Japanese Task Force is heading towards Pearl Harbor The Filberg Consortium is the second book in the Falcon File series The first book is The Fuerhermaster and the third book is Foo Fighters In Search of the Maguis: Rural Resistance in Southern France 1942-1944 H. R. Kedward, 1993-03-11 This is a study of the Maguis in southern France the Resisters who took to the woods and hills in the struggle against the German Occupation in the Second World War H R Kedward s detailed and perceptive account explores what participation in the Maguis meant for those involved both at the time and subsequently He examines the motivations of the maguisards and how the circumstances of occupation and resistance affected the ways of life of rural communities in the south of France This is a rich and original book which achieves a fruitful integration of extensive archival research and oral history Professor Kedward's scholarly and readable history allows the voices of individuals to be
