Michael Serazio

Hardscrabble Growing Up Poor In The Midwest:

Hardscrabble Dean Volenec,1998 The author talks about growing up on a farm in the hills of Wisconsin during the Depression years American Book Publishing Record ,1998 Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 Dispatches from Kansas Tom Parker,2005-11 Ex urbanite Tom Parker s award winning weekly newspaper column The Way Home explores the natural world and rural Kansas and his place in it an evolving process involving hit bugs prescient store clerks daredevil rodents divine beetles malevolent weather failed quests and the tribulations of living in a century old house Along the way he explains the true nature of women the character of the months and how sometimes not finding a sought after bird can be better than finding it Besides learning to see the little things of this world readers follow Parker down the dark road into depression and beyond **Abbey in America** John A. Murray,2015-05-15 More than twenty five years after his death iconic writer and nature activist Edward Abbey 1929 1989 remains an influential presence in the American environmental movement Abbey s best known works continue to be widely read and inspire discourse on the key issues facing contemporary American society particularly with respect to urbanization and technology Abbey in America published forty years after Abbey s popular novel The Monkey Wrench Gang features an all star list of contributors including journalists authors scholars and two of Abbey s best friends as they explore Abbey s ideas and legacy through their unique literary personal and scholarly perspectives *Dog, Inc.* John Woestendiek,2010-12-30 What Stiff did for the dead and Fast Food Nation did for the burger Dog Inc does for the stranger than fiction world of commercial dog cloning It all began with a pit bull named Booger Former Miss Wyoming Bernann McKinney was so distraught over the death of her dog whom she regarded as her guardian and savior that she paid 50 000 to RNL Bio for the chance to bring her beloved companion back to life The result were five new Boogers the first successful commercial cloning of a canine delivered in 2008 along with a slew of compelling questions about the boundaries of science commerce and ethics Blending shocking investigative reporting with colorful anecdotes Pulitzer Prize winning John Woestendiek takes readers behind the scenes of this emerging industry But Dog Inc isn t just a book about pets Nor is it just a book about science Rather it s a fascinating look at how our emotional needs are bending the reaches of science and technology as well as a study of this uncharted territory With our pet obsession climbing to new heights and our scientific abilities even more so this combination raises a serious concern Are we crossing the boundary of controlling science in the name of science in the name of love in the name of merchandising or a blend of all three **Reagan** Bob Spitz,2019-10-01 From New York Times bestselling biographer Bob Spitz a full and rich biography of an epic American life capturing what made Ronald Reagan both so beloved and so transformational More than five years in the making based on hundreds of interviews and access to previously unavailable documents and infused with irresistible storytelling charm Bob Spitz s REAGAN stands fair to be the first truly post partisan biography of our 40th President and thus a balm for our own bitterly divided times It is the quintessential American triumph brought to life with cinematic

vividness a young man is born into poverty and raised in a series of flyspeck towns in the Midwest by a pious mother and a reckless alcoholic largely absent father Severely near sighted the boy lives in his own world a world of the popular books of the day and finds his first brush with popularity even fame as a young lifeguard Thanks to his first great love he imagines a way out and makes the extraordinary leap to go to college a modest school by national standards but an audacious presumption in the context of his family's station From there the path is only very dimly lit but it leads him thanks to his great charm and greater luck to a solid career as a radio sportscaster and then astonishingly fatefully to Hollywood And the rest as they say is history Bob Spitz's REAGAN is an absorbing richly detailed even revelatory chronicle of the full arc of Ronald Reagan's epic life giving full weight to the Hollywood years his transition to politics and rocky but ultimately successful run as California governor and ultimately of course his iconic presidency filled with storm and stress but climaxing with his peace talks with the Soviet Union that would serve as his greatest legacy It is filled with fresh assessments and shrewd judgments and doesn't flinch from a full reckoning with the man's strengths and limitations This is no hagiography Reagan was never a brilliant student of anything and his disinterest in hard nosed political scheming while admirable meant that this side of things was left to the other people in his orbit not least his wife Nancy sometimes this delegation could lead to chaos and worse But what emerges as a powerful signal through all the noise is an honest inherent sweetness a gentleness of nature and willingness to see the good in people and in this country that proved to be a tonic for America in his time and still is in ours It was famously said that FDR had a first rate disposition and a second rate intellect Perhaps it is no accident that only FDR had as high a public approval rating leaving office as Reagan did or that in the years since Reagan has been closing in on FDR on rankings of Presidential greatness Written with love and irony which in a great biography is arguably the same thing Bob Spitz's masterpiece will give no comfort to partisans at either extreme for the rest of us it is cause for celebration

Murderabilia Harold Schechter, 2023-09-26 From veteran true crime master Harold Schechter comes a unique look into the history of crime told through the dark objects left behind The false teeth of a female serial killer from 1908 the cut and paste confession of the Black Dahlia killer the newly cracked cipher of the Zodiac killer the shotgun used in the Clutter family murders which were made famous by Truman Capote's true crime classic In Cold Blood these are more than simple artifacts that once belonged to notorious murderers They are objects of fascination to the legion of true crime obsessives around the world And not merely for fleeting dark thrills but because they represent a way to better understand those who we typically label monsters in lieu of learning how they actually became one In Murderabilia veteran true crime writer Harold Schechter presents 100 murder related artifacts spanning two centuries 1808 2014 with accompanying stories of various lengths A visual and literary journey it presents a history unlike any previously told in the true crime genre one that speaks to the dark fascination of true crime fans while also presenting a larger historical timeline of how and why we continue to be captivated by the most sensational crimes and killers among us

The James White Review, 1996

Enchantment and Despair Calvin Wall Redekop, 2016-01-18 Deadly drought near fatal accidents blizzards grasshopper plagues choking dust storms endless days of relentless toil for measly crop yields enchanting big skies an endless undulating prairie the spine tingling cry of midnight coyotes the self satisfaction of scratching sustenance from the earth This is the Montana of Calvin Wall Redekop's childhood a place at once what the neighbors labeled the most awful forsaken place God had ever created and a magical world for a wide eyed boy These background forces of hardship and wonder constituted Redekop's earliest memories and in the retrospective vision of these remembrances he finds the subtle basis for his subsequent personal development and orientation The mutual interdependence in the homesteading community encountered in *Enchantment and Despair A Montana Childhood 1925 1937* helped Redekop see the significance and power of cooperative human ventures and recognize the importance of the environment in human survival awareness the author has acted upon throughout his life Readers will be transported back in time by this vivid account of another age and like its author pass through despair to find themselves enchanted

Everyone Eats E. N. Anderson, 2005-03-01 Everyone eats but rarely do we ask why or investigate why we eat what we eat Why do we love spices sweets coffee How did rice become such a staple food throughout so much of eastern Asia *Everyone Eats* examines the social and cultural reasons for our food choices and provides an explanation of the nutritional reasons for why humans eat resulting in a unique cultural and biological approach to the topic E N Anderson explains the economics of food in the globalization era food's relationship to religion medicine and ethnicity as well as offers suggestions on how to end hunger starvation and malnutrition *Everyone Eats* feeds our need to understand human ecology by explaining the ways that cultures and political systems structure the edible environment

The Authenticity Industries Michael Serazio, 2023-11-07 In recent decades authenticity has become an American obsession It animates thirty years worth of reality TV programming and fuels the explosive virality of one hot social media app after another It characterizes Donald Trump's willful disregard for political correctness and proofreading and inspires multinational corporations to stake activist claims in ways that few woke brands ever dared before It buttresses a multibillion dollar influencer industry of everyday folks shilling their friends with spon con and burnishes the street cred of rock stars and rappers alike But ironically authenticity's not actually real it's as fabricated as it is ubiquitous In *The Authenticity Industries* journalist and scholar Michael Serazio combines eye opening reporting and lively prose to take readers behind the scenes with those who make reality and the ways it tries to influence us Drawing upon dozens of rare interviews with campaign consultants advertising executives tech company leadership and entertainment industry gatekeepers the book slyly investigates the professionals and practices that make people products and platforms seem authentic in today's media culture and politics The result is a spotlight on the power of authenticity in today's media saturated world and the strategies to satisfy this widespread yearning In theory authenticity might represent the central moral framework of our time allaying anxieties about self and society culture and commerce and technology and humanity It infects and informs our ideals of

celebrity aesthetics privacy nostalgia and populism And Serazio reveals how these pretenses are crafted backstage for audiences consumers and voters

The Southern Fault Line Bryan Jones, 2025 The white South has always been of two minds on the desirability of democracy Throughout U S history some white Southerners were vigorous proponents of the American democratic project Others thought that participation in governing was more of a privilege granted only to those who proved themselves worthy through education and wealth Blacks treated as chattel property were at first omitted from the discussion but when emancipated joined the pro democracy side of the debate For most of Southern history the division was geographic upland small farmers inhabiting the Appalachian regions supporting the democratic project and the lowland planters and slaveholders opposing it It reflected a politics of class poor uplanders versus well off planters In this book I use historical narratives based on my classically Southern family to explore this division and what happened to it Because my Alabama lineage incorporates both uplanders and planters I am able to use their stories to map out more fully this division trace it through history and explore its impacts on the politics and history of the South I carry the narrative of the two Souths up through the 1960s when I personally observed the last throes of Jim Crow and the final attempts to revive an interracial Populist coalition of North Alabama whites and Blacks in the cities and on the former plantations The attempt failed overwhelmed by the intense politics of racial demagoguery as the civil rights movement reached its apogee

War on the Run John F. Ross, 2009-05-19 Often hailed as the godfather of today s elite special forces Robert Rogers trained and led an unorthodox unit of green provincials raw woodsmen farmers and Indian scouts on impossible missions in colonial America that are still the stuff of soldiers legend The child of marginalized Scots Irish immigrants Rogers learned to survive in New England s dark and deadly forests grasping as did few others that a new world required new forms of warfare John F Ross not only re creates Rogers s life and his spectacular battles with breathtaking immediacy and meticulous accuracy but brings a new and provocative perspective on Rogers s unique vision of a unified continent one that would influence Thomas Jefferson and inspire the Lewis and Clark expedition Rogers s principles of unconventional war making would lay the groundwork for the colonial strategy later used in the War of Independence and prove so compelling that army rangers still study them today Robert Rogers a backwoods founding father was heroic admirable brutal canny ambitious duplicitous visionary and much more like America itself

A Companion to American Religious History Benjamin E. Park, 2021-02-09 A collection of original essays exploring the history of the various American religious traditions and the meaning of their many expressions The Blackwell Companion to American Religious History explores the key events significant themes and important movements in various religious traditions throughout the nation s history from pre colonization to the present day Original essays written by leading scholars and new voices in the field discuss how religion in America has transformed over the years explore its many expressions and meanings and consider religion s central role in American life Emphasizing the integration of religion into broader cultural and historical themes this wide ranging volume explores the operation of religion

in eras of historical change the diversity of religious experiences and religion s intersections with American cultural political social racial gender and intellectual history Each chronologically organized chapter focuses on a specific period or event such as the interactions between Moravian and Indigenous communities the origins of African American religious institutions Mormon settlement in Utah social reform movements during the twentieth century the growth of ethnic religious communities and the rise of the Religious Right An innovative historical genealogy of American religious traditions the Companion Highlights broader historical themes using clear and compelling narrative Helps teachers expose their students to the significance and variety of America s religious past Explains new and revisionist interpretations of American religious history Surveys current and emerging historiographical trends Traces historical themes to contemporary issues surrounding civil rights and social justice movements modern capitalism and debates over religious liberties Making the lessons of American religious history relevant to a broad range of readers The Blackwell Companion to American Religious History is the perfect book for advanced undergraduate and graduate students in American history courses and a valuable resource for graduate students and scholars wanting to keep pace with current historiographical trends and recent developments in the field

Modernist Commitments Jessica Berman,2012-01-03 Jessica Berman demonstrates how modernist narrative connects ethical attitudes and responsibilities to the active creation of political relationships and the way we imagine justice She challenges divisions between modernist and committed writing arguing that a continuum of political engagement undergirds modernisms worldwide and that it is strengthened rather than hindered by formal experimentation In addition to making the case for a transnational model of modernism Berman shows how modernism s play with formal matters its challenge to the boundaries between fact and fiction its incorporation of vernacular and folkways and its engagement with embodied experience and intimacy offer not only an expanded account of modernist texts and commitments but a new way of thinking about what modernism is and can do
