reasons for our living this way to people who have no understanding or sympathy A visit to the Hubbards home through Payne Hollow Journal is ample explanation for anyone who has yearned to lead a life of simplicity and purpose **Anna Hubbard** Mia Cunningham,2021-12-14 Anna Eikenhout 1902 1986 was an honors graduate of Ohio State University a fine arts librarian a skilled pianist and an avid reader in three languages Harlan Hubbard 1900 1988 a little known painter and would be shantyboater seemed an unlikely husband but together they lived a life out of the pages of Thoreau s Walden Much of what is known about the Hubbards comes from Harlan s books and journals Concerning the seasons and the landscape his writing was rapturous yet he was emotionally reticent when discussing human affairs in general or Anna in particular Yet it was through her efforts that their life on the river was truly civilized Visitors to Payne Hollow recall Anna as a generous gracious hostess whose intelligence and artistry made the small house seem grander than a mansion *The Unforeseen Self in the Works of Wendell Berry* Janet Goodrich,2001 In this fresh approach to Wendell Berry s entire literary canon Janet Goodrich argues that Berry writes primarily as an autobiographer and as such belongs to the tradition of autobiography Goodrich maintains that whether Berry is writing poetry fiction or prose he is imagining and re imagining his own life from multiple perspectives temporal as well as imaginative Thoreaus Sense of Place Richard J. Schneider,2000-05 Recent Thoreau studies have shifted to an emphasis on the green Thoreau on Thoreau the environmentalist rooted firmly in particular places and interacting with particular objects In the wake of Buell s Environmental Imagination the nineteen essayists in this challenging volume address the central questions in Thoreau studies today how green how immersed in a sense of place was Thoreau really and how has this sense of place affected the tradition of nature writing in America The contributors to this stimulating collection address the ways in which Thoreau and his successors attempt to cope with the basic epistemological split between perceiver and place inherent in writing about nature related discussions involve the kinds of discourse most effective for writing about place They focus on the impact on Thoreau and his successors of culturally constructed assumptions deriving from science politics race gender history and literary conventions Finally they explore the implications surrounding a writer s appropriation or even exploitation of places and objects *The Soulmaking Room* Dee Dee Risher,2016-04-01 In this personal story Dee Dee Risher weaves experiences from her life with the biblical story of the prophet Elisha and the Shunammite woman Risher is captivated by this spiritually attuned generous hospitable honest and bold woman The woman from Shunem extends radical hospitality to the prophet expecting no reward But when disaster strikes she does not hesitate to hold Elisha accountable or talk back Hidden in the story Risher believes are the questions that lead to a more authentic life What does it mean to build a holy room in our lives How honestly do we confront our inevitable losses and griefs As we work to transform our world how do we grapple with failure Do we have the kind of faith that can ask bold questions in the face of death What openings does radical hospitality create in our lives Every human being goes through so much Risher reflects and there is some heartbreakingly beautiful fruit we are to shape from that That is our

own unique authentic gift to the world Her book encourages each of us to find a holy room in which we are in community with others and where we can shape our souls into their unique dimensions We each need a space for this work a soulmaking room If we cannot deal with failure if we do not know how to put our deepest losses in our holy room and if we do not know who our people are we can never fully join the joy and power of God s story Dee Dee Risher asserts Embark with her on the adventure of creating and discovering the joys of The Soulmaking Room      **The Kentucky Encyclopedia** John E.

**All Arts** Gene Logsdon,2007-07-20 When Gene Logsdon realized that he experienced the same creative joy from farming as he did from writing he suspected that agriculture itself was a form of art Thus began his search for the origins of the artistic impulse in the agrarian lifestyle The Mother of All Arts is the culmination of Logsdon's journey his account of friendships with farmers and artists driven by the urge to create He chronicles his long relationship with Wendell Berry and discovers the playful humor of several new agrarian writers He reveals insights gleaned from conversations with Andrew Wyeth and his

family of artists Through his association with musicians such as Willie Nelson and his involvement with Farm Aid Logsdon learns how music blues jazz country and even rock n roll is also rooted in agriculture Logsdon sheds new light on the work of rural painters writers and musicians and suggests that their art could be created only by those who work intimately with the land Unlike the gritty realism or abstract expressionism often favored by contemporary critics agrarian art evokes familiar feelings of community and comfort Most important Logsdon convincingly demonstrates that diminishing the connection between art and nature lessens the social and aesthetic value of both The Mother of All Arts explores these cultural connections and traces the development of a new agrarian culture that Logsdon believes will eventually replace the model brought about by the industrial revolution Humorous and introspective the book is neither conventional cultural criticism nor traditional art criticism It is a unique lively meditation on the nature and purpose of art and on the life well lived by one of the truly original voices of rural America

Distant Neighbors Gary Snyder, Wendell Berry, 2014-05-13 The letters are valuable for ecologists students and teachers of contemporary American literature and for those of us eager to know how these two distant neighbors networked negotiated and remained friends San Francisco Chronicle In Distant Neighbors both Berry and Snyder come across as honest and open hearted explorers There is an overall sense that they possess a deep and questing wisdom hard earned through land work travel writing and spiritual exploration There is no rushing no hectoring and no grand gestures between these two just an ever deepening inquiry into what makes a good life and how to live it even in the depths of the machine age Orion Magazine In 1969 Gary Snyder returned from a long residence in Japan to northern California to a homestead in the Sierra foothills where he intended to build a house and settle on the land with his wife and young sons He had just published his first book of essays Earth House Hold A few years before after a long absence Wendell Berry left New York City to return to land near his grandfather s farm in Port Royal Kentucky where he built a small studio and lived there with his wife as they restored an old house on their newly acquired homestead In 1969 Berry had just published Long Legged House These two founding members of the counterculture and of the new environmental movement had yet to meet but they knew each other s work and soon they began a correspondence Neither man could have imagined the impact their work would have on American political and literary culture nor could they have appreciated the impact they would have on one another Snyder had thrown over all vestiges of Christianity in favor of becoming a devoted Buddhist and Zen practitioner and had lived in Japan for a prolonged period to develop this practice Berry s discomfort with the Christianity of his native land caused him to become something of a renegade Christian troubled by the church and organized religion but grounded in its vocabulary and its narrative Religion and spirituality seemed like a natural topic for the two men to discuss and discuss they did They exchanged more than 240 letters from 1973 to 2013 remarkable letters of insight and argument The two bring out the best in each other as they grapple with issues of faith and reason discuss ideas of home and family worry over the disintegration of community and commonwealth and share the details of the lives they ve chosen to live
