New World Order of Postmodernism in the Plays of Harold Pinter Saumya Rajan,2018-07-06 The book reconnoiters the New World Order of Postmodernism in five plays The Room 1957 The Birthday Party 1957 The Caretaker 1960 The Homecoming 1965 and Celebration 2000 of Harold Pinter With culturally structured incomprehensibly manipulated dual and fragmented characters Harold Pinter analyses the ambiguities of political system It is perhaps the System that forcibly drags Stanley to a world of systems in The Birthday Party The situation of Ruth in The Homecoming clearly indicates the inevitable grip of this System The last play Celebration overtly ridicules the very political system we approve of wherein the strategy consultants and the corporate people define the organized mechanism of this SYSTEM The internalization of power which the power structures of societies and politics possess appears largely in his plays providing postmodernism its duality Pinter offers us a true picture of our postmodernist culture an apocalyptic world at the edge of civilization

Harold Pinter Graham Saunders,2023-06-05 Harold Pinter provides an up to date analysis and

reappraisal concerning the work of one of the most studied and performed dramatists in the world Drawing extensively from The Harold Pinter Archive at the British Library as well as reviews and other critical materials this book offers new insights into previously established views about his work The book also analyses and reappraises specific key historical and contemporary productions including a selection of Pinter's most significant screenplays In particular this volume seeks to assess Pinter's critical reputation and legacy since his death in 2008 These include his position as a political writer and political activist from disassociation and neutrality on the subject until relatively late in his career when his drama sought to explicitly address questions of political dissent and torture by totalitarian regimes The book revisits some familiar territories such as Pinter's place as a British absurdist and the role memory plays in his work but it also sets out to explore new territories such as Pinter's changing attitudes towards gender in the light of MeToo and queer politics and how in particular a play such as *The Caretaker* 1960 through several key productions has brought the issues of race into sharper focus Part of the Routledge Modern and Contemporary Dramatist series **Harold Pinter** provides an essential and accessible guide to the dramatist's work *Pinter's Comic Play* Elin Diamond, 1985 Examines the basis of Harold Pinter's tense comedy and how it functions in his plays as well as covering the major drama from *The Room* to *Other Places* Diamond argues that the metaphysical fear and emptiness so characteristic of the Pinter situation are inseparable from his use and abuse of literary and popular comic traditions
