Silent Players Anthony Slide,2010-09-12 From his unique perspective of friendship with many of the actors and actresses about whom he writes silent film historian Anthony Slide creates vivid portraits of the careers and often eccentric lives of 100 players from the American silent film industry He profiles the era's shining stars such as Lillian Gish and Blanche Sweet leading men including William Bakewell and Robert Harron gifted leading ladies such as Laura La Plante and Alice Terry ingénues like Mary Astor and Mary Brian and even Hollywood's most famous extra Bess Flowers Although each original essay is accompanied by significant documentation and an extensive bibliography Silent Players is not simply a reference book or encyclopedic recitation of facts culled from the pages of fan magazines and trade periodicals It contains a series of insightful portraits of the characters who symbolize an original and pioneering era in motion history and explores their unique talents and extraordinary private lives Slide offers a potentially revisionist view of many of the stars he profiles repudiating the status of some and restoring to fame others who have slipped from view He personally interviewed many of his subjects and knew several of them intimately putting him in a distinctive position to tell their true stories

Jayne Mansfield Jocelyn Faris,1994-11-30 People today remember Jayne Mansfield as a famous Hollywood movie star However she starred in only three American movies before moving to low budget European films She was a master of publicity who appeared in newspapers across the nation almost daily The media focused on her figure and her stormy love life Through her constant exposure in the press she gave the public the false impression that she was a major movie star This book charts the captivating life and career of Jayne Mansfield A biography overviews her rise to fame her three marriages and five children and her death in a grisly automobile accident at an early age The chapters that follow are each devoted to her performances in a particular genre such as film stage and television Each chapter contains annotated entries for her work in that media providing cast and credit listings plot summaries review excerpts and commentary Appendices list her appearances on magazine and record covers and an annotated bibliography discusses additional sources of information

Rollins,2004-03-24 American history has always been an irresistible source of inspiration for filmmakers and today for good or ill most Americans sense of the past likely comes more from Hollywood than from the works of historians In important films such as The Birth of a Nation 1915 Roots 1977 Apocalypse Now 1979 and Saving Private Ryan 1998 how much is entertainment and how much is rooted in

historical fact In *The Columbia Companion to American History on Film* more than seventy scholars consider the gap between history and Hollywood They examine how filmmakers have presented and interpreted the most important events topics eras and figures in the American past often comparing the film versions of events with the interpretations of the best historians who have explored the topic Divided into eight broad categories Eras Wars and Other Major Events Notable People Groups Institutions and Movements Places Themes and Topics and Myths and Heroes the volume features extensive cross references a filmography of discussed and relevant films notes and a bibliography of selected historical works on each subject *The Columbia Companion to American History on Film* is also an important resource for teachers with extensive information for research or for course development appropriate for both high school and college students Though each essay reflects the unique body of film and print works covering the subject at hand every essay addresses several fundamental questions What are the key films on this topic What sources did the filmmaker use and how did the film deviate or remain true to its sources How have film interpretations of a particular historical topic changed and what sorts of factors technological social political historiographical have affected their evolution Have filmmakers altered the historical record with a view to enhancing drama or to enhance the truth of their putative message

Skyscraper Cinema Merrill Schleier, 2009 From the silent era until the advent of the Cinemascope the skyscraper as movie star Whether tall office buildings high rise apartments or lofty hotels skyscrapers have been stars in American cinema since the silent era Cinema s tall buildings have been variously represented as unbridled aspiration dens of iniquity and eroticism beacons of democracy and well oiled corporate machines Considering their intriguing diversity Merrill Schleier establishes and explains the impact of actual skyscrapers on America s ideologies about work leisure romance sexual identity and politics as seen in Hollywood movies

truly unique perspective to the evaluation of these performers and their work He has viewed thousands of silent comedies and offers some assessments that run contrary to the standard list of performers While many obvious names are placed in the top echelon the author also champions performers who have been neglected in part because their work has not been as visible Each entry includes a filmography a scorecard an evaluation of the artist's overall work an assessment of representative films DVD availability With the increased availability of films on DVD as well as Internet access more and more silent performers are being discovered by film fans Supplemented by an appendix of comedians who missed the cut as well as an annotated bibliography *The 100 Greatest Silent Film Comedians* will be an invaluable resource to anyone wanting to know more about the brilliant entertainers of the silent era *Silent Film Necrology* Eugene Michael Vazzana, 2001 This greatly expanded over 18 500 entries versus 9 000 in the earlier edition and updated edition includes everyone from John Aasen an 8 foot 9 inch circus star who appeared in silent film comedies to Vladimir Kosma Zworykin who invented the iconoscope and kinescope that together constituted the first all electronic television system This is the most complete necrology available on people from the silent era The entries are arranged alphabetically by professional name and include birth and death dates the place of birth and death real name when it differs from the professional name married name for women birth certificate date when available age at death and bibliographic data of any autobiography or biography When available the cause of death is also provided Following these data there is a reference to any obituary printed in *The New York Times* *Variety* or occasionally another publication including the obituary's headline *International Dictionary of Films and Filmmakers: Actors and actresses* Tom Pendergast, Sara Pendergast, 2000 Contains over two thousand entries arranged alphabetically within four volumes that provide information about significant films actors and actresses directors and writers and production artists in North American British and West European cinematic history Includes photographs and indexes *The Best Books for Academic Libraries*, 2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers **Forties Film Funnymen** Wes D.
