## **Epic Of The Afterlife A Literary Approach To Swedenborg:**

Epic of the Afterlife Olof Lagercrantz, 2002 One of Sweden's most illustrious writers approaches the works of Emanuel Swedenborg 1688 1772 on the spiritual realm as an epic poem *The Natural philosophy of Emanuel Swedenborg* David Duner, 2012-07-31 Although Emanuel Swedenborg 1688 1772 is commonly known for his spiritual philosophy his early career was focused on natural science During this period Swedenborg thought of the world as like a gigantic machine following the laws of mechanics and geometry This volume analyzes this mechanistic worldview from the cognitive perspective by means of a study of the metaphors in Swedenborg's texts The author argues that these conceptual metaphors are vital skills of the creative mind and scientific thinking used to create visual analogies and abstract ideas This means that Swedenborg's mechanistic and geometrical worldview allowed him to perceive the world as mechanical and geometrical Swedenborg thought with books and pens The reading gave him associations and clues forced him to interpret and gave him material for his intellectual development **Shakespiritualism** J. Kahan, 2013-02-27 This study concerns itself with a now forgotten religious group Spiritualists and how their ensuing discussions of Shakespeare's meaning his writing practices his possible collaborations and the supposed purity and or corruption of his texts anticipated accompanied or silhouetted similar debates in Shakespeare Studies **Parabola**, 1976 **Scandinavian Review**, 2003 **Library Journal**, 2002 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately American Book Publishing Record, 2004 Bibliographic Index, 2002 Cyclopedia of World Authors: Scot-Z. Indexes Frank Northen Magill, 2004 **Allt om böcker**, 2003 Books in Print Supplement, 2002 **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *Spiritualism and Women's Writing* T. Kontou, 2009-08-26 Using a wide range of unexplored archival material this book examines the spectral influence of Victorian spiritualism and Psychical Research on women's writing analyzing the ways in which modern writers have both subverted and mimicked nineteenth century sources in their evocation of the séance **Forthcoming Books** Rose Army, 2002 *Heaven and its Wonders and Hell* Emanuel Swedenborg, 2022-05-28 Emanuel Swedenborg's *Heaven and its Wonders and Hell* offers a profound exploration of the afterlife intricately detailing the nature of heaven and hell through a unique blend of mysticism and rational inquiry Written in the 18th century this work exemplifies Swedenborg's distinctive literary style which bridges the realms of theology and science Utilizing vivid imagery and allegorical narrative he invites readers to engage with complex metaphysical concepts fostering a deeper understanding of spiritual realities and the moral implications of human actions Swedenborg's meticulous observations of spiritual experiences are presented with both

lucidity and authority making his insights accessible to a wide audience while challenging prevailing religious doctrines of his time Emanuel Swedenborg 1688 1772 was a Swedish scientist philosopher and theologian whose extensive background in natural sciences and engineering profoundly influenced his spiritual writings Following a series of mystical experiences Swedenborg devoted his later life to exploring and documenting the details of the spiritual world believing that his revelations were intended to transform the understanding of faith His unique position as a scientific mind turned spiritual seeker led to an innovative synthesis of intellect and spirituality setting the stage for a deeper inquiry into the human soul's journey This book is a must read for anyone intrigued by the intersections of spirituality morality and human existence Swedenborg's meticulous insights into the nature of the afterlife challenge readers to reflect upon their own beliefs and the implications of their actions Whether one approaches it as a scholarly text or a spiritual guide *Heaven and its Wonders and Hell* remains a significant contribution to the discourse on life beyond death

**Journal of Dreams and Spiritual Experiences** Emanuel Swedenborg, 2018-04-12 THE Department of Classical Philology of Columbia University has approved this monograph as a contribution to knowledge worthy of publication We are happy to agree and we hope that Mr Messer will be able to fulfill his promise of further contributions to his chosen subject He was led to the study of the dreams in Greek literature by the discovery which every serious student of Latin literature will make that without Greek you cannot get far into Latin for he first set out to investigate Roman dreams see *Mnemosyne* 45 78 92 His present work is really introductory to a more general study of the ancient dream especially as portrayed in Latin literature It deals particularly with the dreams in Homer Hesiod and the Tragedians I as a part of the machinery a motive force in the development of action narrative plot and 2 as artistic ends in themselves more or less complete more or less refined more or less natural or artificial The author has collected for his own purposes all dreams and references to dreams that he can find in Greek or Latin literature down to the second century A D and his footnotes give proof of his wide reading and of the intrinsic interest of his materials His style is somewhat inelegant and his arrangement unattractive His method is to plough solemnly through the whole field noting and discussing each dream as it appears Accordingly there is too much repetition and a bewildering abundance of cross references If only he had added a short chapter summarizing his results his work would have been more likely to be recognised for what it is a very sound and useful piece of not particularly inspired research That the author is no mere compiler is shown by many touches of just literary appreciation He is at his best in pointing out that Penelope's dream of geese and eagle *Odyssey* XIX is unlike other dreams in Homer an allegorical vision which demands interpretation a new departure for the epic and a model for the allegorical dreams of tragedy The second part in which the eagle returns and announces him as Odysseus is in the manner of the older

type the objective dream which tells its own tale without any mystery and this addition Mr Messer thinks is an indication that the poet felt uneasy about the introduction of the new technique pp 33 4 Excellent again is the remark p 57 that the immediate source of the dream in tragedy is to be found not in religion and cult but in the literature So is the discussion p 81 ff of the dream in Sophocles Electra where the old literary motif is adapted not so much for its mechanical effect upon the plot as for its value as a means and an excuse for the portrayal of character Finally the description of the dream in Euripides Iphigenia in Tauris as approximating to the highly chiseled miniatures in which the Alexandrian period delights strikes me as just and illuminating Where Mr Messer sticks to the literature and his own commonsense his work is sound and useful Sometimes unfortunately he is led like most of us into the dangerous by paths of cult conjecture The Classical Review Volume 33     Death Resurrection and the Judgment V1 Emanuel Swedenborg,2014-03 This Is A New Release Of The Original 1875 Edition     Posthumous Tracts Now First Translated from the Latin of Emanuel Swedenborg Emanuel Swedenborg,2014-03-29 This Is A New Release Of The Original 1847 Edition     *A Brief View of the Heavenly Doctrines Concerning Marriage, the Life of Man After Death and the Second Advent 1828* Emanuel Swedenborg,2014-03-29 This Is A New Release Of The Original 1828 Edition
