Excerpt from History of the Methodist Episcopal Church in the United States of America Vol 4 George I Senet Esq Mr Dear Sir In committing to the press this concluding volume of the History of the Methodist Episcopal Church I would gratefully acknowledge my obligations to you If I have succeeded to any satisfactory degree in my task it has been largely owing to the reliefs which your kind attentions have afforded me from cares and anxieties that would have seriously interfered with it Your honored father appears briefly in my narrative tho first collegiately educated native preacher of his Church except Fisk and a man of most sterling talents and character the friend and co laborer of Bangs Emory Soule Ostrander Rice and the other strong men of the second generation of American Methodist preachers he will be 0110 of the most interesting subjects of the later history of his denomination The Church is happy to recognize in you the worthy son of so worthy a father It finds in this its third generation the descendants of its early and heroic itinerants not only thronging its ministry but founding on enduring financial bases its educational and other great institutions In my former work the History of the Religious Movement of the Eighteenth Century called Methodism etc I brought the narrative down to 1839 the Centenary of British Methodism and designed to conclude the present work at the same period There was no important reason however for the latter purpose as American Methodism has

its own distinct centenary But it would be us inexpedient to extend the record to the latter duto as to limit it to the former our recent controversies cannot yet be satisfactorily narrated the chief actors in some of them are still living the families of many of the actors in the earlier ones still survive There is also a hopeful tendency of reunion among our denominational parties which should not be disturbed by a return however guarded to their old disputes Not till years hence can the historian safely review these unfortunate events I have had a twofold design in this narrative first to show the real development of Methodism on this continent its interior life and its junction conditions for in these two must find the best lessons of its history for all time Secondly to keep within such chronological limits os should not require an inconvenient number of volumes and yet should allow of a substantially complete history of tho Church of its inception its organization its chief personal agents its theological and disciplinary systems and finally those adjuncts of its practical system publishing Educational Sunday School and Missionary institutions which have for the present at least rounded if not perfected its scheme About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works A History of Methodism Holland Nimmons McTyeire, 1888
