Surrey Contained in the ... Library** Minet Public Library,1901 **The Antiquary** Edward Walford,John Charles Cox,George Latimer Apperson,1902 A catalogue of the collection of works relating to the county of Surrey contained in the Minet public library, compiled by W. [With] William Minet,London Minet publ. libr,1901 The King's Homeland William Alfred Dutt,1904 **Social Control and the Education of Adults in the Nineteenth and Early Twentieth Centuries** J. Jeffrey Robinson,2013 An almost universal concern of the Victorian governing classes was with the question of social control how to deflect a largely uneducated working class from their inevitable challenge to the centres of power accepted value systems and existing authority structures The fear in which the masses were held by the middle and upper classes came to dominate access to education or more accurately to what they defined as useful knowledge since this was designed to instil the values of a just and ordered society Conversely for the working class it would give them power power over their own lives and in so doing provide access to that social hierarchy currently valued by the governing minority This book addresses the role of the providers of education alongside the responses of those for whom it was intended It discusses the provision of educational initiatives and the frequent attenuation of their founding objectives It assesses the

utility of the strategies of power and control adopted by the providers in order to maintain an upper class ideology Though evidence is discussed in a national context it is supported by additional data from a rural county both for the purpose of comparative analysis and in order to add character and hear the true voice of the men and women involved **British Sport - A Bibliography to 2000** Richard Cox,2014-02-04 Volume two of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian **The Water Supply of Surrey, from Underground Sources, with Records of Sinkings and Borings** William Whitaker,1912 **Representing Place in British Literature and Culture, 1660-1830** Evan Gottlieb,2016-04-08 Revising traditional rise of the nation state narratives this collection explores the development of and interactions among various forms of local national and transnational identities and affiliations during the long eighteenth century By treating place as historically contingent and socially constructed this volume examines how Britons experienced and related to a landscape altered by agricultural and industrial modernization political and religious reform migration and the building of nascent overseas empires In mapping the literary and cultural geographies of the long eighteenth century the volume poses three challenges to common critical assumptions about the relationships among genre place and periodization First it questions the novel s exclusive hold on the imagining of national communities by examining how poetry drama travel writing and various forms of prose fiction each negotiated the relationships between the local national and global in distinct ways Second it demonstrates how viewing the literature and culture of the long eighteenth century through a broadly conceived lens of place brings to the foreground authors typically considered minor when seen through more traditional aesthetic cultural or theoretical optics Finally it contextualizes Romanticism s long standing associations with the local and the particular suggesting that literary localism did not originate in the Romantic era but instead emerged from previous literary and cultural explorations of space and place Taken together the essays work to displace the nation state as a central category of literary and cultural analysis in eighteenth century studies *Rival Sultanas* Hugh Noel Williams,1915 The Best Books William Swan Sonnenschein,1912 The Best Books: D, Society.
