inspired tradition that at best viewed women with contempt and often with outright fear and loathing was replaced by a new perspective one in which women enjoyed a central role as the inspiration for all male action For several hundred years courtly love with its emphasis on adultery carnal pleasures and the power of the feminine dominated European culture despite its flouting of conventional Christian morality Medieval historians by and large have tended to regard courtly love as a sterile parlor game for the upper classes To the contrary Jean Markale shows that the stakes were much higher the roots of the ritual re created here go all the way back to the great mother goddess In addition the platonic nature attributed to these relationships is based on a misunderstanding of courtly love underneath the refined poetry of the troubadours verses flourished a system of sexual initiation that rivaled Indian Tantra
