**Wealth in Ancient Ephesus and the First Letter to Timothy** Gary G. Hoag, 2015-10-16 Scholars are divided in their views about the teachings on riches in 1 Timothy Evidence that has been largely overlooked in NT scholarship appears in Ephesiaca by Xenophon of Ephesus and suggests that the topic be revisited Recently dated to the mid first century C E Ephesiaca brings to life what is known from ancient sources about the social setting and cultural rules of the wealthy in Ephesus and provides details that enhance our knowledge of life and society in that place and time In this volume Hoag introduces Ephesiaca and employs a socio rhetorical methodology to explore it alongside other ancient evidence and five passages in 1 Timothy 2 9 15 3 1 13 6 1 2a 6 2b 10 and 6 17 19 His findings augment our modern conception of the Sitz im Leben of the wealthy in Ephesus Additionally because Ephesiaca contains some rare terms and themes that are found in 1 Timothy this groundbreaking research offers fresh insight for biblical reading and interpretation

**Women in the Biblical World** Elizabeth A. McCabe, 2011-03-15 Volume 2 of Women in the Biblical World A Survey of Old and New Testament Perspectives encompasses the latest research in feminist biblical scholarship New angles of interpretation and fresh perspectives regarding often overlooked biblical women will be gained

from the pages of this volume This volume focuses on such women as Tamar Deborah Manoah s wife Queen Vashti and Job s wife Attention is also given to socio historical backgrounds lurking behind the biblical text such as women in Greco Roman education and syncretism in Ephesus demonstrating how these backgrounds directly influenced the writings about women Some emphasis on contemporary application is also stressed regarding problematic passages such as 1 Corinthians 11 2 16 This multi faceted approach to women in the Bible will prove to be invigorating refreshing and enlightening for all to read

**The Byzantine Neighbourhood** Fotini Kondyli, Benjamin Anderson, 2021-10-28 The Byzantine Neighbourhood contributes to a new narrative regarding Byzantine cities through the adoption of a neighbourhood perspective It offers a multi disciplinary investigation of the spatial and social practices that produced Byzantine concepts of neighbourhood and afforded dynamic interactions between different actors elite and non elite Authors further consider neighbourhoods as political entities examining how varieties of collectivity formed in Byzantine neighbourhoods translated into political action By both acknowledging the unique position of Constantinople and giving serious attention to the varieties of provincial experience the contributors consider regional factors social economic and political that formed the ties of local communities to the state and illuminate the mechanisms of empire Beyond its Byzantine focus this volume contributes to broader discussions of premodern urbanism by drawing attention to the spatial dimension of social life and highlighting the involvement of multiple agents in city making Ephesos Metropolis of Asia Helmut Koester, 1995 This volume brings together studies of Ephesos a major city in the Greco Roman period and a primary center for the spread of Christianity into the Western world by an international array of scholars from the fields of classics fine arts history of religion New Testament ancient Christianity and archaeology The studies were presented at a spring 1994 Harvard Divinity School symposium on Ephesos focusing on the results of one hundred years of archaeological work at Ephesos by members of the Austrian Archaeological Institute The contributors to this volume discuss some of the most interesting and controversial results of recent investigations the Processional Way of Artemis the Hadrianic Olympieion and the Church of Mary the so called Temple of Domitian and the heroa of Androklos and Arsinoe Since very little about the Austrian excavations at Ephesos has been published in English this volume should prove useful in introducing the archaeology of this metropolis to a wider readership

**The Religious Figural Imagery of Byzantine Lead Seals II** John A. Cotsonis, 2020-03-19 The articles republished in this volume are ground breaking studies that employ a large body of religious figural imagery of Byzantine lead seals ranging from the 6th to the 15th century A number of the studies present tables charts and graphs in their analysis of iconographic trends and changing popularity of saintly figures over time And since many of the seals bear inscriptions that include the names titles or offices of their owners information often not given for the patrons of sacred images in other media these diminutive objects permit an investigation into the social use of sacred imagery through the various sectors of Byzantine culture the civil ecclesiastical and military administrations The religious figural imagery of the lead seals accompanied by

their owners identifying inscriptions offers a means of investigating both the broader visual piety of the Byzantine world and the intimate realm of their owners personal devotions Other studies in the volume are devoted to rare or previously unknown sacred images that demonstrate the value of the iconography of Byzantine lead seals for Byzantine studies in general This volume includes various articles focusing on sphragistic images of saints and on the religious imagery of Byzantine seals as a means of investigating the personal piety of seal owners as well as the wider realm of the visual piety and religious devotions of Byzantine culture at all levels A companion volume includes studies dedicated to the image of Christ primarily found on imperial seals various images of the Virgin and narrative or Christological scenes CS1086     The First Urban Churches 3  
 James R. Harrison, L. L. Welborn, 2018-02-23 Investigate the challenges threats and opportunities experienced by the early church in Ephesus The third installment of The First Urban Churches focuses on the urban context of Christian churches in first century Ephesus As with previous volumes contributors illustrate how an investigation of the material evidence will help readers understand properly the challenges threats and opportunities that the early Ephesian believers faced in that city  
 Brad Bitner James R Harrison Michael Haxby Fredrick J Long Guy M Rogers Michael Theophilus Paul Trebilco and Stephan Witetschek demonstrate decisively the difference that such an approach makes in grappling with the meaning and context of the New Testament writings particularly Ephesians Acts and Revelation Features Analysis of urban evidence of the inscriptions papyri archaeological remains coins and iconography Proposed reconstructions of the past and its social religious and political significance A nuanced informed portrait of ancient urban life in Ephesus     The Early Christians in Ephesus from Paul to Ignatius Paul Trebilco, 2007-10-17 The capital city of the province of Asia in the first century CE Ephesus played a key role in the development of early Christianity In this book Paul Trebilco examines the early Christians from Paul to Ignatius seen in the context of our knowledge of the city as a whole Drawing on Paul's letters and the Acts of the Apostles Trebilco looks at the foundations of the church both before and during the Pauline mission He shows that in the period from around 80 to 100 CE there were a number of different communities in Ephesus that regarded themselves as Christians the Pauline and Johannine groups Nicolaitans and others testifying to the diversity of that time and place Including further discussions on the Ephesus addresses of the apostle John and Ignatius this scholarly study of the early Ephesian Christians and their community is without peer     Gods and Languages in Ancient Anatolia Mariona Vernet, Ignasi-Xavier Adiego, José Virgilio García Trabazo, María-Paz de Hoz, Bartomeu Obrador-Cursach, 2024-12-31 Anatolian studies are currently flourishing in all their linguistic epigraphic and archaeological dimensions with the incorporation of new young scholars new discoveries and different perspectives of analysis that enrich and deepen this wide ranging and interdisciplinary field of study This is why we are pleased to offer the present volume which is not only devoted to the Anatolian divinities but also explores some very interesting linguistic and epigraphic novelties in the Anatolian languages Written by relevant scholars working in the field the articles in this volume cover a broad chronological spectrum from the

second and first millennia BC      **But These Are Written . . .** Craig S. Keener, Jeremy S. Crenshaw, Jordan Daniel May, 2014-01-24 Johannine Literature offers some of the most beautiful majestic and profound theology contained within the entire biblical text Within its works can be found the highest Christology the capstone of eschatology and the heartbreaking struggles of a community committed to Christ However it does not always get the attention it deserves in New Testament studies This book seeks to remedy that by drawing together some of the most respected biblical scholars to bring their expertise to bear on various aspects of Johannine studies that are contained within the Gospel Epistles and the Apocalypse These contributions have been collected as a Festschrift in honor and celebration of the career of Benny C Aker a preeminent scholar teacher and mentor      **Jesus Caesar** Laura J. Hunt, 2019-11-20 Back cover In this work Laura J Hunt notes the evidence of local interactions with Rome in important first century CE cities The resulting reading of the Johannine trial narrative depicts Jesus in the words and images of a Caesar and Pilate negotiating his power over the Jews and his vulnerability before Caesar      *All Things to All Cultures* Mark Harding, Alanna Nobbs, 2013-11-28 All Things to All Cultures sets Paul in his first century context and illuminates his interactions with Jews Greeks and Romans as he spread the gospel in the Mediterranean world In addition to exploring Paul s context and analyzing his letters the book has chapters on the chronology of Paul s life the text of the Pauline letters the scholarly contributions to our understanding of Paul over the last 150 years and the theology of the Pauline corpus There is no comparable introduction to Paul that integrates the Jewish Greek and Roman influences on him and the letters that make up a substantial portion of the New Testament Contributors Mike Bird Cavan Concannon David Eastman Chris Forbes Mark Harding Tim Harris Jim Harrison Paul McKechnie Brent Nongbri Ian Smith Murray Smith Larry Welborn      **Jesus as Mediator** Malcolm Gill, 2008 This book addresses the influence of the imperial cult in first century AD Asia Minor and its subsequent relevance to the reading of the New Testament In particular this work argues through a contrapuntal reading of 1 Timothy 2 1 7 that the early Christian community strongly resisted the Emperor s claim to be the mediator between the gods and humanity In contrast to this claim the author shows that 1 Timothy 2 1 7 can be read as a polemic from a minority community the Christian church in Ephesus against the powerful voice of the Roman Empire in regard to divine mediation      *Dictionary of New Testament Background* CRAIG A EVANS, STANLEY E PORTER, 2020-05-21 The Dictionary of New Testament Background joins the Dictionary of Jesus and the Gospels the Dictionary of Paul and his Letters and the Dictionary of the Later New Testament and its Developments as the fourth in a landmark series of reference works on the Bible In a time when our knowledge of the ancient Mediterranean world has grown this volume sets out for readers the wealth of Jewish and Greco Roman background that should inform our reading and understanding of the New Testament and early Christianity The Dictionary of New Testament Background takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls In addition the Dictionary encompasses the fullness of second temple Jewish writings whether pseudepigraphic

rabbinic parables proverbs histories or inscriptions Articles abound on aspects of Jewish life and thought including family purity liturgy and messianism The full scope of Greco Roman culture is displayed in articles ranging across language and rhetoric literacy and book benefactors travel and trade intellectual movements and ideas and ancient geographical perspectives No other reference work presents so much in one place for students of the New Testament Here an entire library of scholarship is made available in summary form The Dictionary of New Testament Background can stand alone or work in concert with one or more of its companion volumes in the series Written by acknowledged experts in their fields this wealth of knowledge of the New Testament era is carefully aimed at the needs of contemporary students of the New Testament In addition its full bibliographies and cross references to other volumes in the series will make it the first book to reach for in any investigation of the New Testament in its ancient setting

### **The Christians Who Became Jews**

Christopher Stroup,2020-04-21 A fresh look at Acts of the Apostles and its depiction of Jewish identity within the larger Roman era When considering Jewish identity in Acts of the Apostles scholars have often emphasized Jewish and Christian religious difference an emphasis that masks the intersections of civic ethnic and religious identifications in antiquity Christopher Stroup s innovative work explores the depiction of Jewish and Christian identity by analyzing ethnicity within a broader material and epigraphic context Examining Acts through a new lens he shows that the text presents Jews and Jewish identity in multiple complex ways rather than as a simple foil for Christianity Stroup convincingly argues that when the modern distinctions among ethnic religious and civic identities are suspended the innovative ethnic rhetoric of the author of Acts comes into focus The author of Acts leverages the power of gods ancestry and physical space to legitimate Christian identity as a type of Jewish identity and to present Christian non Jews as Jewish converts through the power of the Holy Spirit
