Last Stands Michael Walsh, 2020-12-01 A philosophical and spiritual defense of the premodern world of the tragic view of physical courage and of masculinity and self sacrifice in an age when those ancient virtues are too often caricatured and dismissed Victor Davis Hanson Award winning author Michael Walsh celebrates the masculine attributes of heroism that forged American civilization and Western culture by exploring historical battles in which soldiers chose death over dishonor in Last Stands Why Men Fight When All Is Lost In our contemporary era men are increasingly denied their heritage as warriors A survival instinct that is part of the human condition the drive to wage war is natural Without war the United States would not exist The technology that has eased manual labor extended lifespans and become an integral part of our lives and culture has often evolved from wartime scientific advancements War is necessary to defend the social and political principles that define the virtues and freedoms of America and other Western nations We should not be ashamed of the heroes who sacrificed their lives to build a better world We should be honoring them The son of a Korean War veteran of the Inchon landing and the battle of the Chosin Reservoir with the U S Marine Corps Michael Walsh knows all about heroism valor and the call of duty that requires men to fight for something greater than themselves to protect their families fellow countrymen and most of all their fellow soldiers In Last Stands Walsh reveals the causes and outcomes of more than a dozen battles in which a small fighting force refused to surrender to a far larger force often dying to the last man From the Spartans defiance at

Thermopylae and Roland's epic defense of Charlemagne's rear guard at Roncevaux Pass through Santa Anna's siege of the Alamo defended by Davy Crockett and Jim Bowie to the skirmish at Little Big Horn between Crazy Horse's Sioux nation and George Armstrong Custer's Seventh Cavalry to the Soviets' titanic struggle against the German Wehrmacht at Stalingrad and more. Walsh reminds us all of the debt we owe to heroes willing to risk their lives against overwhelming odds and how these sacrifices and battles are not only a part of military history but our common civilizational heritage.

**Qanon and The Dark Agenda** Simon Smith, 2021-11-15 Do you ever wonder if the Illuminati really exist or if it is one of those conspiracy theories that people come up with to explain certain occurrences? Would you like to know the truth broken down in a language that is not sugar-coated? If your answer is yes, then read on. You are about to unravel the secrets of the Illuminati and know how it operates and see the evidence that it exists till now and its entanglement with the Qanon conspiracy theory. The question of whether or not the Illuminati exist is something that has sparked a lot of debate around the world for a long time. It is true the concept of a group of influential people who have control over the world seems like a crazy far-stretched thought, but some people would disagree with this. This probably explains why the existence of the Illuminati has inspired and shaped most of the existing modern secret societies and conspiracy theories, including the Qanon conspiracy. Different people have different thoughts about the Illuminati, which leaves us with even more questions than answers. The fact that you are reading this means that you want to know the truth, and most of all, know whether it exists or not. I know by now you must probably be wondering: What are the Illuminati, and where did it all start? Do the Illuminati really exist? What evidence supports the existence of the Illuminati? What is the main agenda of the Illuminati if it exists? What are some of the conspiracy theories associated with the Illuminati, and what is its connection to the Qanon conspiracy theory? What are the facts, and what is fiction? Do the Illuminati communicate with aliens from other galaxies to help them execute their evil, or are they actually aliens that are disguised as people? If these are the questions separating you from finding out the truth, then you are in luck. This book has the answers to all these questions and many more that will definitely knock your socks off. This book will provide you with all the information you need to understand the inner workings of the Illuminati in a very straightforward and easy-to-comprehend language. More precisely, you will learn: Who the Illuminati are and how they operate; What Qanon conspiracy is and the idea of the New World Order and how it is all connected; The protocols they follow and some of the symbolism associated with the Illuminati; Some of the secret societies linked to the Illuminati and what they are all about; How they hide in plain sight; Evidence that supports the existence of the Illuminati; And much more. With this information, you will be able to dive head-first into the world of the Illuminati and rest the questions that you've been asking yourself about it. Even if you've never been the kind of person interested in conspiracies, this book will prove different as it is filled with facts and well-researched information that will have all your questions answered.
