Goldwyn, 2017-11-29 Byzantine Ecocriticism Women Nature and Power in the Medieval Greek Romance applies literary ecocriticism to the imaginative fiction of the Greek world from the twelfth to fifteenth centuries Through analyses of hunting gardening bride stealing and warfare Byzantine Ecocriticism exposes the attitudes and behaviors that justified human control over women nature and animals the means by which such control was exerted and the anxieties surrounding its limits Adam Goldwyn thus demonstrates the ways in which intersectional ecocriticism feminism and posthumanism can be applied to medieval texts and illustrates how the legacies of medieval and Byzantine environmental practice and ideology continue to be relevant to contemporary ecological and environmental concerns *Brill's Companion to the Reception of Aeschylus* Rebecca Futo Kennedy, 2017-09-25 Brill's Companion to the Reception of Aeschylus explores the various ways Aeschylus tragedies have been discussed parodied translated revisioned adapted and integrated into other works over the course of the last 2500 years Immensely popular while alive Aeschylus reception begins in his own lifetime And while he has not been the most reproduced of the three Attic tragedians on the stage since then his receptions have transcended genre and crossed to nearly every continent While still engaging with Aeschylus theatrical reception the volume also explores Aeschylus off the stage in radio the classroom television political theory philosophy science fiction and beyond Plotting with Eros Ingela Nilsson, 2009 This volume aims at providing both students and scholars with a series of discussions of the long tradition of reading and writing the erotic seen from a number of different perspectives **Byzantine Chronicles and the Sixth Century** Roger Scott, 2018-02-06 Byzantine chronicles have traditionally been regarded as a somewhat inferior form of Byzantine history writing especially in comparison with classicizing historians The aim of many of these papers is both to

rescue the reputation of the Byzantine chroniclers especially Malalas and Theophanes and also to provide some examples of how these two chroniclers in particular can be exploited usefully both to reveal aspects of the past itself notably of the period of Justinian and also of how the Byzantines interpreted their own past which included on occasions rewriting that past to suit altered contemporary needs For the period of Justinian in particular proper attention to aspects of the humble Byzantine chronicle can also help achieve a better understanding of the period than that provided by the classicizing Procopius with his emphasis on war and conquest By considering more general aspects of the place of history writing in Byzantine culture the papers also help explain why history remained such an important aspect of Byzantine culture

The Novel: An Alternative History Steven Moore, 2013-09-17 Encyclopedic in scope and heroically audacious The Novel An Alternative History is the first attempt in over a century to tell the complete story of our most popular literary form Contrary to conventional wisdom the novel did not originate in 18th century England nor even with Don Quixote but is coeval with civilization itself After a pugnacious introduction in which Moore defends innovative demanding novelists against their conservative critics the book relaxes into a world tour of the pre modern novel beginning in ancient Egypt and ending in 16th century China with many exotic ports of call Greek romances Roman satires medieval Sanskrit novels narrated by parrots Byzantine erotic thrillers 5000 page Arabian adventure novels Icelandic sagas delicate Persian novels in verse Japanese war stories even Mayan graphic novels Throughout Moore celebrates the innovators in fiction tracing a continuum between these pre modern experimentalists and their postmodern progeny Irreverent iconoclastic informative entertaining The Novel An Alternative History is a landmark in literary criticism that will encourage readers to rethink the novel

Traces: Receptions of the Ancient Novel Volume 1 Marília Futre Pinheiro, S. J. Harrison, 2011 The study of the reception of the ancient novel and of its literary and cultural heritage is one of the most appealing issues in the story of this literary genre In no other genre has the vitality of classical tradition manifested itself in such a lasting and versatile manner as in the novel However this unifying centripetal quality also worked in an opposite direction spreading to and contaminating future literatures Over the centuries from Antiquity to the present time there have been many authors who drew inspiration from the Greek and Roman novels or used them as models from Cervantes to Shakespeare Sydney or Racine not to mention the profound influence these texts exercised on for instance sixteenth to eighteenth century Italian Portuguese and Spanish literature Volume I is divided into sections that follow a chronological order while Volume II deals with the reception of the ancient novel in literature and art The first volume brings together an international group of scholars whose main aim is to analyse the survival of the ancient novel in the ancient world and in the Middle Ages in the Renaissance in the 17th and 18th centuries and in the modern era The contributors to the second volume have undertaken the task of discussing the survival of the ancient novel in the visual arts in literature and in the performative arts The papers assembled in these two volumes on reception are at the forefront of scholarship in the field and will stimulate scholarly research on the ancient novel and its influence over the centuries up to modern times thus enriching not only Classics but also modern languages and literatures cultural history literary theory and comparative literature *"Art, Theatre, and Opera in Paris, 1750-1850"* Richard Wrigley, 2017-07-05 Art Theatre and Opera in Paris 1750 1850 Exchanges and Tensions maps some of the many complex and vivid connections between art theatre and opera in a period of dramatic and challenging historical change thereby deepening an understanding of familiar and less familiar artworks practices and critical strategies in the eighteenth and nineteenth centuries Throughout this period new types of subject matter were shared fostering both creative connections and reflection on matters of decorum legibility pictorial and dramatic structure Correspondances were at work on several levels conception design and critical judgement In a time of vigorous social political and cultural contestation the status and role of the arts

and their interrelation came to be a matter of passionate public scrutiny. Scholars from art history, French theatre studies and musicology trace some of those connections and clashes making visible the intimately interwoven and entangled world of the arts. Protagonists include Diderot, Sedaine, Jacques-Louis David, Ignace Eug. Marie Degotti, Marie Malibran, Paul Delaroche, Casimir Delavigne, Marie Dorval, the Bleeding Nun from Lewis's *The Monk*, the Comte de Franse and Etienne Jean Deluze.

Brill's Companion to Greek and Latin Pastoral Marco Fantuzzi, Theodore D. Papanghelis, 2006-06-01. This volume comprises articles by an international team of twenty-three scholars. The contributions focus on the historical genesis, stylistic and narrative features and evolution of pastoral both as genre and mode from Theocritus to the Byzantine period. Special attention has been paid to the idea of the invention of a fictionalized tradition and to pastoral's thematic and formal relationship with other literary genres. In their totality, the contributions as well as offering a comprehensive overview of the more or less familiar issues and ideas discussed in connection with pastoral, point to new emphases, trends and insights in current scholarly work in this area. The volume is addressed to a wide range of students and scholars in classics but much in it will also be of interest to those working in the fields of comparative and modern literatures.

Witness Literature in Byzantium Adam J. Goldwyn, 2021-08-06. This book analyzes Byzantine examples of witness literature, a genre that focuses on eyewitness accounts written by slaves, prisoners, refugees and other victims of historical atrocity. It focuses on such episodes in three nonfictional texts: John Kaminates' *Capture of Thessaloniki* 904; Eustathios of Thessaloniki's *Capture of Thessaloniki* 1186; and Niketas Choniates' *History* ca. 1204. It considers how the authors' positions as both eyewitness and victim require an interpretive method that distinguishes witness literature from other kinds of writing about the past. Drawing on theoretical developments in the fields of Holocaust and Genocide Studies such as Giorgio Agamben's *homo sacer* and Michel Foucault's *biopolitics* and comparisons with modern examples like Elie Wiesel's *Night* and Primo Levi's *If This is a Man*, *Witness Literature* emphasizes the affective, subjective and experiential in medieval Greek historical writing.
