Bibliographie Internationale de Sociologie 1987 British Library of Political and Economic Science,1991 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences *From Game to War and Other Psychoanalytic Essays on Folklore* Alan Dundes,2014-07-15 Although folklore has been collected for centuries its possible unconscious content and significance have been explored only since the advent of psychoanalytic theory Freud and some of his early disciples recognized the potential of such folklorist genres as myth folktale and legend to illuminate the intricate workings of the human psyche Alan Dundes is a renowned folklorist who has successfully devoted the better part of his career to applying psychoanalytic theory to the materials of folklore *From Game to War* offers five of his most mature essays on this topic Dundes begins with a comprehensive survey of the history of psychological studies of folklore in the United States He then presents a striking analysis of the spectrum of behavior associated with male competitive events ranging from traditional games such as soccer and American football to warfare He argues that all of these activities can be seen as forms of macho battle to determine which individual or team feminizes his or its opponents This is followed by a study of the saga of William Tell one of the most celebrated legends in the world A novel treatment of the biblical flood myth in terms of male pregnancy is the penultimate essay while the concluding article proposes an ingeniously imaginative interpretation of the underpinnings of anti Semitism *T. S. Eliot, Anti-Semitism, and Literary Form* Anthony Julius,1995 Julius s critically acclaimed study looking both at the detail of Eliot s deployment of anti Semitic discourse and at the role it played in his greater literary undertaking has provoked a reassessment of Eliot s work among poets scholars critics and readers which will invigorate debate for some time to come *The Jewish Journal of Sociology* ,1987 *Comprehending and Confronting Antisemitism* Armin Lange,Kerstin Mayerhofer,Dina Porat,Lawrence H. Schiffman,2019-11-05 This volume provides a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds migrating freely between Christian Muslim and other religious symbolic systems *The Anatomy of Prejudices* Elisabeth Young-Bruehl,1996 Among the many forms of prejudice Young Bruehl pays particular attention to four antisemitism racism sexism and homophobia which she exposes in their distinctiveness and their similarities *Austria - Hungary - Poland - Russia* Herbert A. Strauss,2011-09-06 No detailed description available for Austria Hungary Poland Russia The Encyclopedia of Peace Psychology ,2011-12-12 The Encyclopedia of Peace Psychology available online through Wiley Online Library or as a three volume print set is a state of the art resource featuring almost 300 entries contributed by leading international scholars that examine the psychological

dimensions of peace and conflict studies First reference work to focus exclusively on psychological analyses and perspectives on peace and conflict Cross disciplinary linking psychology to other social science disciplines Includes nearly 300 entries written and edited by leading scholars in the field from around the world Examines key concepts theories methods issues and practices that are defining this growing field in the 21st century Includes timely topics such as genocide hate crimes torture terrorism racism child abuse and more A valuable reference for psychologists and scholars students and practitioners in peace and conflict studies An ALA 2013 Outstanding Reference Source **Jihad Beyond Islam** Gabriele

Marranci,2020-05-28 Jihad is a highly charged word Often mistranslated as Holy War it has become synonymous with terrorism Current political events have entirely failed to take account of the subtlety and complexity of jihad Like many concepts with a long history different cultural ideas have influenced the religious aspects of jihad As a result its original meaning has been adapted modified and destabilized never more than at the present time How does jihad manifest itself in Muslims everyday lives What impact has 9 11 and its backlash had on jihad By observing the current crisis of identity among ordinary Muslims this timely book explores why and in what circumstances Muslims speak of jihad In the end jihad is what Muslims say it is Marranci offers us a nuanced and sophisticated anthropological understanding of Muslims lives far beyond the predictable cliches A PDF version of this book is available for free in open access via the OAPEN Library platform www.oapen.org

Politics and Resentment Lars Rensmann,Julius H. Schoeps,2010-10-29 Democratic polities continue to be faced with politics of resentment Along with resurgent counter cosmopolitanism and anti immigrant prejudice various political agents have mobilized old and modernized antisemitism in European democracies The first comparative study of its kind this book rigorously examines the contemporary relevance of antisemitism and other politicized resentments in the context of the European Union and beyond Presenting new approaches and state of the art research by leading authorities in the field the volume combines comparative work and political theorizing with ten single country studies using qualitative and quantitative data from Eastern and Western Europe The result is a new and sober set of arguments and findings demonstrating that antisemitism and counter cosmopolitan resentment are still all too present human rights challenges in today s cosmopolitan Europe

Encyclopedia of Group Processes and Intergroup Relations John M Levine,Michael A. Hogg,2010 This two volume encyclopedia covers concepts from across the spectrum from group phenomena to phenomena influenced by group membership from small group interaction to intergroup relations on a global scale

Hate and the 'Jewish Science' S. Frosh,2015-12-31 Psychoanalysis has always grappled with its Jewish origins sometimes celebrating them and sometimes trying to escape or deny them Through exploration of Freud s Jewish identity the fate of psychoanalysis in Germany under the Nazis and psychoanalytic theories of anti Semitism this book examines the significance of the Jewish connection with psychoanalysis and what that can tell us about political and psychological resistance anti Semitism and racism The Rhetoric of Antisemitism Amos Kiewe,2020-10-28 The Rhetoric of Antisemitism focuses on the initial struggle

Christianity experienced with Judaism intensifying a hatred thereof and settling on a religious dogma of eternal guilt meant to perpetuate antisemitism for eternity Kiewe tackles the similar approach Islam has taken in its tension with Judaism and how it was turned centuries later into the Arab Israeli conflict significantly with the help of Nazi antisemitism and propaganda This book discusses the significant rise of antisemitism in the 19th and 20th centuries including the forgery pamphlet The Protocols of the Elders of Zion that promoted the charge of Jewish world domination and the more recent Durban Conference 2001 as a major turning point in conflating antisemitism and anti Zionism including the linguistic games used to merge antisemitism with anti Israelism Scholars of religious studies history and rhetorical studies will find this book particularly useful

Are Racists Crazy? Sander L. Gilman, James Thomas, 2018-09-04 The connection and science behind race racism and mental illness In 2012 an interdisciplinary team of scientists at the University of Oxford reported that based on their clinical experiment the beta blocker drug Propranolol could reduce implicit racial bias among its users Shortly after the experiment an article in Time Magazine cited the study posing the question Is racism becoming a mental illness In *Are Racists Crazy* Sander Gilman and James Thomas trace the idea of race and racism as psychopathological categories from mid 19th century Europe to contemporary America up to the aforementioned clinical experiment at the University of Oxford and ask a slightly different question than that posed by Time How did racism become a mental illness Using historical archival and content analysis the authors provide a rich account of how the 19th century Sciences of Man including anthropology medicine and biology used race as a means of defining psychopathology and how assertions about race and madness became embedded within disciplines that deal with mental health and illness An illuminating and riveting history of the discourse on racism antisemitism and psychopathology *Are Racists Crazy* connects past and present claims about race and racism showing the dangerous implications of this specious line of thought for today

The Politics of Unreason Lars Rensmann, 2017-07-25 Although the Frankfurt School represents one of the most influential intellectual traditions of the twentieth century its multifaceted work on modern antisemitism has so far largely been neglected *The Politics of Unreason* fills this gap providing the first systematic study of the Frankfurt School's philosophical psychological political and social research and theorizing on the problem of antisemitism Examining the full range of these critical theorists contributions from major studies and prominent essays to seemingly marginal pieces and aphorisms Lars Rensmann reconstructs how the Frankfurt School faced with the catastrophe of the genocide against the European Jews explains forms and causes of anti Jewish politics of hate The book also pays special attention to research on coded and secondary antisemitism after the Holocaust and how resentments are politically mobilized under conditions of democracy By revisiting and rereading the Frankfurt School's original work this book challenges several misperceptions about critical theory's research making the case that it provides an important source to better understand the social origins and politics of antisemitism racism and hate speech in the modern world

Trials of the Diaspora Anthony Julius, 2012-02-09 The first ever comprehensive history of anti-Semitism in England from medieval

murder and expulsion through to contemporary forms of anti Zionism in the 21st century **The Stranger at Hand**
(paperback) András Kovács, 2010-10-15 In 2010 an extremist party with openly racist views using barely concealed antisemitic language received 17% of the votes in the parliamentary elections in Hungary How can this awkward development in a newly established European democracy be explained In this book the author examines antisemitism in post communist Hungary in light of the empirical sociological studies of the past 20 years The principal aim is to reconstruct the range intensity and content of anti Jewish prejudices as well as the factors affecting their change over time The author also reveals the social background against which the newest political developments should be analyzed and helps to determine whether in Hungary today antisemitism is only an ephemeral temporary phenomenon or a gradually articulating dynamic political ideology his work is indispensable for understanding politics and its historical social and cultural background in contemporary Hungary Gabor T Rittersporn **Handbook of Prejudice** , *A Psychoanalytic History of the Jews* Avner Falk, 1996 This includes the evolution of the Hebrew religion as a projective response to the inner conflicts produced by the human family the sociopsychological development of the Israelite kingdoms in Canaan the fascinating duality of Jewish life in the Diaspora and the emotional ties of the Jews to their idealized motherland from the Babylonian exile to modern political Zionism
