**Angel Song: Medieval English Music in History** Lisa Colton, 2016-12-08 Although medieval English music has been relatively neglected in comparison with repertoire from France and Italy there are few classical musicians today who have not listened to the thirteenth-century song *Sumer is icumen in* or read of the achievements and fame of fifteenth-century composer John Dunstaple Similarly the identification of a distinctively English musical style sometimes understood as the *contenance angloise* has been made on numerous occasions by writers exploring the extent to which English ideas influenced polyphonic composition abroad Angel Song Medieval English music in history examines the ways in which the standard narratives of English musical history have been crafted from the Middle Ages to the present Colton challenges the way in which the concept of a canon of English music has been built around a handful of pieces composers and practices each of which offers opportunities for a reappraisal of English musical and devotional cultures between 1250 and 1460

**Jane Austen, the Secret Radical** Helena Kelly, 2017-05-02 A brilliant illuminating reassessment of the life and work of Jane Austen that makes clear how Austen has been misread for the past two centuries and that shows us how she intended her books to be read revealing as well how subversive and daring how truly radical a writer she was In this fascinating revelatory work Helena Kelly dazzling Jane Austen authority looks past the grand houses the pretty young women past the demure drawing room dramas and witty commentary on the narrow social worlds of her time that became the hallmark of Austen's work to bring to light the serious ambitious deeply subversive nature of this beloved writer Kelly illuminates the radical subjects slavery poverty feminism the Church evolution among them considered

treasonous at the time that Austen deftly explored in the six novels that have come to embody an age The author reveals just how in the novels we find the real Jane Austen a clever clear sighted woman of information fully aware of what was going on in the world and sure about what she thought of it We see a writer who understood that the novel until then seen as mindless trash could be a great art form and who perhaps more than any other writer up to that time imbued it with its particular greatness
