Through My Eyes Roderick Daniel,2006-11 Through My Eyes points out certain issues in sports from a minority perspective addresses the chess analogy of the industry and the need for diversity Are minority athletes just pawns in sports They re the ones in the battles but are treated like underclass citizens after completing their athletic careers for their institutions Opportunity is the master key for unlocking doors for diversity It s time for a change It s not the critic who counts not the man who points out how the strong man stumbles or where the doer of deeds could ve done better The credit belongs to the man whose actually in the arena whose face is marred by dust sweat and blood who strives valiantly who errs comes up short again and again because there s no effort without error or shortcoming who at the best knows in the end the triumph of high achievement and who at the worst if he fails at least he fails while daring greatly so that his place shall never be with those cold and timid souls who knew neither victory nor defeat Theodore Roosevelt
