Binnewies,2021-05-11 How the famous and not so famous like minded citizens all gave their time expertise and money to build a park legacy of incomparable benefit The Palisades park and historic site system in New York and New Jersey is a significant anchor point for the spread of national and state parks across the nation The challenge to protect these treasures began with a brutal blast of dynamite in the late nineteenth century and continues to this day Palisades The People s Park presents the story of getting from zero protected acres to the rich tapestry that is today s Palisades park system located in the nation s most densely populated metropolitan region This is an account of huge determination moments of crisis caustic resistance to the very idea of conservation glorious philanthropy a steep learning curve and responsibilities for guardianship passed with care from one generation to the next Despite the involvement of men of great wealth and fame from its earliest beginnings the Palisades Interstate Park Commission faced an early and ongoing struggle to arrange financial support from both the New York and New Jersey state governments for a park that would cross state lines The conflicts between developers and conservationists industrialists and wilderness enthusiasts with their opposing views regarding the uses of natural resources required the commissioners of the PIPC to become skilled negotiators assiduous fundraisers and savvy participants in the political process The efforts to create Palisades Interstate Park was prodigious requiring more than 1 000 real estate transactions to establish Sterling Forest to save Storm King Mountain to preserve Lake Minnewaska to protect Stony Point Battlefield and Washington s headquarters to open Bear Mountain and Harriman state parks and to add the other sixteen parks to the Palisades Interstate Park System Beginning with the efforts of Elizabeth Vermilye of the New Jersey Federation of Women s Clubs who enlisted President Theodore Roosevelt s support to stop the blasting and quarrying of Palisades rock author Robert Binnewies traces the story of the famous including J P Morgan the Rockefellers and the Harrimans as well as the not so famous men and women whose donations of time and money led to the preservation of New York and New Jersey s most scenic and historic lands The park experiment begun in 1900 still stands as a dynamic model among the nation s major environmental achievements      Backpacker ,1992-05 Backpacker brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured      Trail Walker ,2005      **The Man He Became** James Tobin,2014-09-02 When polio paralyzed Franklin Roosevelt at thirty nine people wept to think that the young man of golden promise must live out his days as a helpless invalid He never again walked on his own But in just over a decade he had regained his strength and seized the presidency This was the most remarkable comeback in the history of American politics And as author James Tobin shows it was the pivot

of Roosevelt's life the triumphant struggle that tempered and revealed his true character With enormous ambition canny resourcefulness and sheer grit FDR willed himself back into contention and turned personal disaster to his political advantage Tobin's dramatic account of Roosevelt's ordeal and victory offers central insights into the forging of one of our greatest presidents     Appalachian Trail Guide to New York-New Jersey Daniel D.
