Harvard Studies in Classical Philology Vol 31 The play is not primarily concerned with the Stealing of Fire or with the
Invention of the Arts or with the Destiny of Man These three matters especially the last two interest the poet deeply but they
are not the heart of the drama The action not only of the Vincutus but clearly of the Solutus too and possibly of the whole
trilogy has for its spring the fact that Prometheus knows who is destined to overthrow Zeus and refuses to tell That is why
and not after all because he stole the fire that he is punished in the play And that is why when he reveals the secret he is
released It is desirable at the outset to be quite clear what the secret is It is not that Zeus is destined one day to be

overthrown by his son Zeus knows that already The secret is which son The most helpful commentary on this is the Theogony of Hesiod Whatever else may be sophisticated or moralized in the Theogony it is certainly not the matter with which we shall be dealing here Observe that Kronos a is the youngest son b is the most terrible c hates his father We shall find these three points recurring About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
