Oberman** Thomas Brady, Katherine G. Brady, Susan Karant-Nunn, James D. Tracy, 2018-12-24 The work of Heiko Oberman in breaking down the conventional barriers between the medieval and the modern has been a starting point for scholars focused on a variety of philosophical and theological questions In October 2000 a symposium was held to mark Prof Oberman s 70th birthday at which it was intended to honour him with a review of the main themes of his scholarship The fields chosen for treatment were the theology of the Reformers the Reformation itself and the scholastic theology of the fourteenth and fifteenth centuries and leading scholars in the field were invited to present papers Some chose to engage directly with specific aspects of his major preoccupations while others presented current work that bore out his instincts as to fruitful directions for research The essays from the symposium published as a tribute to his memory include papers by Peter Blickle William J Courtenay Jane Dempsey Douglass Berndt Hamm Scott Hendrix Nicolette Mout Francis Oakley Christopher Ocker and Andrew Pettegree G H M Posthumus Meyjes provides a life of Heiko Augustinus Oberman Publications by Heiko A Oberman Edited by Thomas A Brady Jr Heiko A Oberman and James D Tracy Handbook of European History 1400 1600 Late Middle Ages Renaissance and Reformation I Structures and Assertions ISBN 9789004097605 Edited by Thomas A Brady Jr Heiko A Oberman and James D Tracy Handbook of European History 1400 1600 Late Middle Ages Renaissance and Reformation II Visions Programs Outcomes ISBN 9789004097612 Edited by C Trinkaus and H A Oberman The pursuit of holiness in late medieval and renaissance religion ISBN 9789004037915 Out of print Edited by H A Oberman and T A Brady Jr Itinerarium Italicum The Profile of the Italian Renaissance in the Mirror of its European Transformations ISBN 9789004042599 Edited by H A Oberman and F A James III Via Augustini Augustine in the later Middle Ages Renaissance and Reformation ISBN 9789004093645 Out of print Edited by Peter A Dykema and Heiko A Oberman Anticlericalism in Late Medieval and Early Modern Europe ISBN 9789004095182 Luther and the Dawn of the Modern Era ISBN 9789004161993 Out of print Founding Editor of Studies in the History of Christian Traditions and Studies in Medieval and Reformation Traditions      The Harvest of Medieval Theology Heiko Augustinus Oberman, 1967      Luther and Late Medieval Thomism Denis Janz, 1983 A careful analysis of Luther s thought in the context of his age this volume examines Luther s links with later medieval Thomism The study is organized on the theme of theological anthropology the state of humans within a theological system In the course of the discussion Janz studies parallels and divergences between the thought of Luther and the thought of Thomas Aquinas Peter Lombard John Capreolus Henry of Gorkum Conrad Koellin Karlstadt and Cajetan Janz suggests that at some crucial points late medieval Thomist teaching misrepresents the teaching of Thomas Aquinas This compounding Luther s lack of direct knowledge of Thomas helps to explain Luther s opposition not only to his own nominalist teachers but to the scholastics generally Students

of late medieval and Reformation theology will find the wealth of primary citation and the detailed readings of the sources invaluable guides to the issues Students of religion interested in contemporary problems in theological anthropology in the natural capacity of humanity for good and evil for example will find the historical Christian perspective of great interest

Steinmetz,2004-11-18 The European Reformation of the sixteenth century was one of the most formative periods in the history of Christian thought and remains one of the most fascinating events in Western history The Cambridge Companion to Reformation Theology provides a comprehensive guide to the theology and theologians of the Reformation period Each of the eighteen chapters is written by a leading authority in the field and provides an up to date account and analysis of the thought associated with a particular figure or movement There are chapters focusing on lesser reformers such as Martin Bucer and on the Catholic and Radical Reformations as well as the major Protestant reformers A detailed bibliography and comprehensive index allows comparison of the treatment of specific themes by different figures This authoritative and accessible guide will appeal to students of history and literature as well as specialist theologians

**Practical Predestinarians in England, c. 1590-1640** Leif Dixon,2016-04-08 The belief that God eternally and unalterably decrees the election of one part of humankind and the reprobation of the rest has not aged well but in the sixteenth and seventeenth centuries the doctrine of predestination was publicised and popularised to an extent unparalleled in the history of Christianity Why was this How successfully was the doctrine able to mix with other ideas and to what effect And did belief in predestination encourage confidence or despair Practical Predestinarians is a study of the ways in which the doctrine of predestination was understood and communicated by churchmen in late Tudor and early Stuart England It connects with debates about the popularity of Protestantism during England s long reformation as well as with the question of whether predestination tended toward inclusive or divisive and conformist or subversive applications Intersecting with recent debates about the popular reception of Protestant preaching this book focusses upon the pastoral message itself it is therefore an investigation into the public face of English Calvinism

The Unintended Reformation Brad S. Gregory,2015-11-16 In a work as much about the present as the past Gregory identifies the unintended consequences of the Reformation for the modern condition a hyperpluralism of beliefs intellectual disagreements that splinter into fractals of specialized discourse the absence of a substantive common good and the triumph of capitalism s driver consumerism

*Fruit for the Soul* Dennis Ngien,2015-12-01 Given a life spent in scholarship and controversy it is easy to forget how much energy Martin Luther devoted to helping the common person understand and take comfort from God s word This commitment extended to even the most challenging of biblical texts and nowhere is this more apparent than Luther s work on the lament Psalms Difficult to understand and perhaps even more difficult to implement in life and devotion the lament

Psalms played a key role in Luther's thought. More importantly the lament Psalms were for Luther an essential part of the Christian's understanding of the life of faith. In this volume Dennis Ngien helps contemporary readers engage Luther's commentary on the lament Psalms. What Luther intended for the education and encouragement of everyday Christians Ngien unpacks and illuminates for life in the twenty-first century. Introduced and commended by Robert Kolb, the volume will be appreciated by teacher and student alike.

*Catholicity and the Covenant of Works* Harrison Perkins, 2020. A noted religious scholar and leader of Protestant thought James Ussher 1581-1656 helped shape the Church of Ireland and solidify its national identity in the seventeenth century. In *Catholicity and the Covenant of Works* Harrison Perkins addresses the development of Christian doctrine in the Reformed tradition, paying particular attention to the ways in which Ussher adopted various ideas from the broad Christian tradition to shape his doctrine of the covenant of works, which he utilized to explain how God related to humanity both before and after the fall into sin.

*Inerrancy and the Spiritual Formation of Younger Evangelicals* Carlos R. Bovell, 2007-03-01. In *Inerrancy and the Spiritual Formation of Younger Evangelicals* readers are urged to consider their pastoral responsibilities toward students. Evangelical leaders and teachers in particular should be more sensitive to the fact that not all younger evangelicals are convinced of the Bible's inerrancy. Some are earnestly searching for an orthodox alternative but in the process becoming spiritually unravelled. As responsible shepherds of God's people, evangelical leaders must better understand the negative effect of presenting inerrancy as a doctrine crucial for faith.

**Changing Churches** Mickey L. Mattox, A. G. Roeber, 2012-02-27. Sharp controversies about biblical authority, the ordination of women, evangelical worship styles, and the struggle for homosexual inclusion have rocked the Lutheran church in recent decades. In *Changing Churches*, two men who once communed at the same Lutheran Eucharistic table explain their similar but different decisions to leave the Lutheran faith tradition: one for Orthodoxy, the other for Roman Catholicism. Here Mickey L. Mattox and A. G. Roeber address the most difficult questions Protestants face when considering such a conversion, including views on justification, grace, divinization, the church and its authority, women and ministry, papal infallibility, the role of Mary, and homosexuality. They also discuss the long-standing ecumenical division between Rome and the Orthodox patriarchates, acknowledging the difficult issues that still confront those traditions from within and divide them from one another.

Humanism and Renaissance Civilization Charles G. Nauert, 2023-04-21. The essays collected in this volume represent many years of Professor Nauert's research and teaching on the history of Renaissance humanism and more particularly on humanism north of the Alps. Much of the early work involved the significant but often overlooked history of humanism at the University of Cologne, notoriously the most anti-humanist of the German universities. Later essays deal with the most famous humanist of the early sixteenth century, Erasmus of Rotterdam, and natural philosophy, a broad term covering many subjects now associated with natural science. One of the pieces published here, taken as a whole, the book presents a detailed study of intellectual development among European elites.

Athens and Wittenberg James A. Kellerman,R. Alden Smith,Carl P.E. Springer,2022-12-05 Scholarship has tended to assume that Luther was uninterested in the Greek and Latin classics given his promotion of the German vernacular and his polemic against the reliance upon Aristotle in theology But as Athens and Wittenberg demonstrates Luther was shaped by the classical education he had received and integrated it into his writings He could quote Epicurean poetry to non Epicurean ends he could employ Aristotelian logic to prove the limits of philosophy s role in theology This volume explores how Luther and early Protestantism especially Lutheranism continued to draw from the classics in their quest to reform the church In particular it examines how early Protestantism made use of the philosophy and poetry from classical antiquity Contributors to this volume Joseph Herl Jane Schatkin Hettrick E J Hutchinson Jack D Kilcrease E Christian Kopf John G Nordling Piergiacomo Petrioli Eric G Phillips Richard J Serina Jr R Alden Smith Carl P E Springer Manfred Svensson William P Weaver and Daniel Zager

Christian Faith as Religion Paul E. Capetz,2011-05-26 Christian Faith as Religion investigates the theologies of John Calvin and Friedrich Schleiermacher with respect to the questions What is Religion and What is Christian Religion The author argues that the classical and liberal exemplars of Protestant theology are best compared when these two questions are thoroughly examined and calls into question the contention of neo orthodox theologians Karl Barth and Emil Brunner that Schleiermacher s theological use of the category religion signifies a departure from the tradition of the Reformation He offers a revised comparative framework that discloses the material and formal similarities between Calvin and Schleiermacher with respect to their employment of the categories religion and revelation and allows the historical theologian to delineate the trajectory that accounts for both continuity and discontinuity in the transition from classical to modern Protestant theology This allows the systematic hermeneutical question of a contemporary Protestant theology informed by the historical and philosophical study of religion to be taken up anew
