The Unlikeliest Olympian By Stephen Porpora In 1982 six year old Devon Porpora suffered a severe life threatening seizure His future was bleak Because no one knew if the initial seizure was injury induced he needed to be on heavy doses of long term and debilitating neurological drugs His parents were told that Devon would need to re learn everything in a special school and that he might never have a normal life But Devon s remarkable mom Judi refused to accept that dark diagnosis for her son She saw a sliver of hope and made it her mission to focus her life around healing his injured brain Together his parents worked with Devon to keep him learning and in his normal elementary school In addition to classwork in eighth grade Devon joined an obscure little crew club His dad worked diligently for two years to transform it into a vibrant varsity rowing team Devon became an accomplished student and athlete In his senior year of high school he was admitted to Yale University and also qualified for the 1994 Olympic Festival rowing team This is Devon s unlikely story as told by his father
